Retrofitting Blade Runner Judith Kerman, 1991 This book of essays looks at the multitude of texts and influences which converge in Ridley Scott's film Blade Runner especially the film's relationship to its source novel Philip K Dick's Do Androids Dream of Electric Sheep The film's implications as a thought experiment provide a starting point for important thinking about the moral issues implicit in a hypertechnological society Yet its importance in the history of science fiction and science fiction film rests equally on its mythically and psychologically resonant creation of compelling characters and an

exciting story within a credible science fiction setting These essays consider political moral and technological issues raised by the film as well as literary filmic technical and aesthetic questions Contributors discuss the film s psychological and mythic patterns important political issues and the roots of the film in Paradise Lost Frankenstein detective fiction and previous science fiction cinema *Blade Runner* Matt Hills,2011 More than just a box office flop which entered the midnight movie circuit Ridley Scott s *Blade Runner* has gone on to become a cult classic which continues to inspire and influence the latest cinema releases This book studies the legacy of the film **American Cities in Post-Apocalyptic Science Fiction** Robert Yeates,2021-11-15 Visions of the American city in post apocalyptic ruin permeate literary and popular fiction across print visual audio and digital media *American Cities in Post Apocalyptic Science Fiction* explores the prevalence of these representations in American culture drawing from a wide range of primary and critical works from the early twentieth century to today Beginning with science fiction in literary magazines before taking in radio dramas film video games and expansive transmedia franchises Robert Yeates argues that post apocalyptic representations of the American city are uniquely suited for explorations of contemporary urban issues Examining how the post apocalyptic American city has been repeatedly adapted and repurposed to new and developing media over the last century this book reveals that the content and form of such texts work together to create vivid and immersive fictional spaces in ways that would otherwise not be possible Chapters present media specific analyses of these texts situating them within their historical contexts and the broader history of representations of urban ruins in American fiction Original in its scope and cross media approach *American Cities in Post Apocalyptic Science Fiction* both illuminates little studied texts and provides provocative new readings of familiar works such as *Blade Runner* and *The Walking Dead* placing them within the larger historical context of imaginings of the American city in ruins *Hard Merchandise: Star Wars Legends (The Bounty Hunter Wars)* K. W. Jeter,1999-07-06 Boba Fett fears only one enemy the one he cannot see Feared and admired respected and despised Boba Fett enjoys a dubious reputation as the galaxy s most successful bounty hunter Yet even a man like Boba Fett can have one too many enemies When Boba Fett stumbles across evidence implicating Prince Xizor in the murder of Luke Skywalker s aunt and uncle Fett makes himself an enemy even he fears the unknown mastermind behind a monstrous deception who will kill to hide his tracks Fett also finds himself in possession of an amnesiac young woman named Neelah who may be the key to the mystery or a decoy leading Fett into a murderous ambush Fett s last hope is to run through the list of Xizor s hidden enemies And since Xizor s hidden enemies are almost as legion as Fett s the chance of survival is slim even for someone as skilled and relentless as Boba Fett 1999 Lucasfilm Ltd and TM All rights reserved Used under authorization **Virgin Film: Ridley Scott** James Clarke,2012-04-24 This indispensable guide provides a thorough chronological examination of Ridley Scott s directorial career All of Scott s films are included along with information on his frequent collaborators his thoughts on his own films and a section on his unrealised projects This is the essential reference guide to one of mainstream cinema s most

diverse directors **Counterfeit Worlds** Brian J. Robb, 2023-08-03 Philip K Dick the visionary author behind Blade Runner is the most adapted science fiction writer in cinema history Though he struggled to make a living during his lifetime his work has since served as a deep seam of ideas to be mined by filmmakers such as Ridley Scott Paul Verhoeven Steven Spielberg John Woo and Richard Linklater resulting in some of the most successful and influential SF movies of all time For the still unequalled future world of Blade Runner to the mind bending A Scanner Darkly via the blockbusting action adventure of Total Recall Paycheck and Minority Report not to mention the debt of gratitude films like The Matrix and The Truman Show owe to his work the legacy of Philip K Dick has revolutionised Hollywood Illustrated with rare photos Counterfeit Worlds is the first book to trace the history of Philip K Dick screen adaptations both in cinema and on television *Literary Afterlife* Bernard A. Drew, 2010-03-08 This is an encyclopedic work arranged by broad categories and then by original authors of literary pastiches in which fictional characters have reappeared in new works after the deaths of the authors that created them It includes book series that have continued under a deceased writer's real or pen name undisguised offshoots issued under the new writer's name posthumous collaborations in which a deceased author's unfinished manuscript is completed by another writer unauthorized pastiches and biographies of literary characters The authors and works are entered under the following categories Action and Adventure Classics 18th Century and Earlier Classics 19th Century Classics 20th Century Crime and Mystery Espionage Fantasy and Horror Humor Juveniles 19th Century Juveniles 20th Century Poets Pulps Romances Science Fiction and Westerns Each original author entry includes a short biography a list of original works and information on the pastiches based on the author's characters *The Cinematic Novel and Postmodern Pop Fiction* Décio Torres Cruz, 2019-12-05 Décio Torres Cruz approaches connections between literature and cinema partly through issues of gender and identity and partly through issues of reality and representation In doing so he looks at the various ways in which people have thought of the so called cinematic novel tracing the development of that genre concept not only in the French cinematic and film scenarios but also in novels from the United States England France and Latin America The main tendency he identifies is the blending of the cinematic novel with pop literature through allusions to Pop Art and other postmodern cultural trends His prime exhibits are a number of novels by the Argentinian writer Manuel Puig Betrayed by Rita Hayworth Heartbreak Tango The Buenos Aires Affair Kiss of the Spider Woman and Pubis angelical Bringing in suggestive sociocultural and psychoanalytical considerations Cruz shows how in Puig's hands the cinematic novel resulted in a pop collage of different texts films discourses and narrative devices which fused reality and imagination into dream and desire
