Reports On Astronomy International Astronomical Union Transactions:

Transactions of the International Astronomical Union E.A. Müller, A. Jappel, 2012-12-06 The General Assemblies of the International Astronomical Union are landmarks in the life of the world wide astronomical community as they review at triennial intervals the progress made in this scientific field promulgate the most spectacular astronomical achievements formulate scientific programmes for the years to come and last but not least deal with the administration and finances of the IAU The Reports on Astronomy 1976 published as Transactions XVIIA in 3 volumes before the XVIth General Assembly are a synopsis of the work done in astronomy from 1973 to 1975 The volume Highlights of Astronomy as presented at the XVIth General Assembly of the IAU in Grenoble 1976 includes some selected scientific topics and will appear in the first half of 1977 Apart from the Invited Discourses and the Proceedings of the seven Joint Discussions the Highlights volume No 4 contains the proceedings of two Joint Commissions Meetings

Transactions of the International Astronomical Union Immo Appenzeller, 2012-12-06 IAU Transactions XXII B summarizes the work of the XXIInd General Assembly The discourses given during the Inaugural and Closing Ceremonies are reproduced in Chapters I and III respectively The proceedings of the two sessions of the General Assembly will be found in Chapter II which includes the Resolutions and the report of the Finance Committee The Statutes By Laws and a few working rules of the Union are published in Chapter IV The Accounts and other aspects of the administration of the Union are recorded in Chapter V together with the report of the Executive Committee for this last triennium and provide the permanent record for the Union in the period 1991-1994 This volume also contains the Commission reports from The Hague compiled by the Presidents of the Commissions Chapter VI Finally Chapter VII contains the list of countries adhering to the Union and the alphabetical geographical and commission membership lists of about 8000 individual members The IAU still appears to be unique among the scientific Unions in maintaining this category of individual membership which contributes in a crucial way to the spirit and the aims of the Union

Transactions of the International Astronomical Union, Volume XVII B Patrick A. Wayman, 1980 **Transactions of the International Astronomical Union** C. de Jager, A. Jappel, 2012-12-06 The changing character of the IAU General Assemblies becomes most clear from a comparison of the agenda of the Brighton meeting with that of one of the earlier meetings The fourth General Assembly Cambridge Mass 1932 had about 240 participants registered guests included the Brighton meeting had about 2300 people attending The Cambridge meeting lasted 5 working days of which however three half days were exclusively devoted to excursions leaving four real meeting days At that time the nearly 30 commissions had each only one meeting during part of a morning or afternoon some commissions did not meet at all There was one public lecture by Sir Arthur Eddington on The Expanding Universe Most of the small European countries were represented by two or three delegates only but the delegations of France and Great Britain were composed of 20 and 18 scientists respectively at that time there were only two delegates from Germany After the Brighton General Assembly with about 200 commission

meetings one commission met eleven times six Joint Discussions four Invited Discourses a Special Meeting and hardly time for excursions there were a few complaints about too many overlapping meetings

Transactions of the International Astronomical Union G. Contopoulos, A. Jappel, 2012-12-06 The three years since the Brighton General Assembly have been the most active period in the history of the Union 33 IAU Symposia and Colloquia the first Regional Meeting under the Auspices of the IAU several co sponsored Meetings and many other special projects All this culminating with two General Assemblies in two opposite parts of the Earth Australia and Poland At the same time the membership of the Union rose to 3200 the number of Commissions to 40 the number of adhering countries to 47 The present Volume gives a general picture of the Union's recent activity It contains the report of the Executive Committee the report of the General Assembly including the Commissions Meetings a short report on the Extraordinary General Assembly and an Appendix with the Members and Commissions of the IAU and the approved names of Lunar and Martian features I take this opportunity to thank all our collaborators members of the Executive Committee Presidents of Commissions Chairmen of Specific Projects IAU Secretaries and all the Members of the IAU for their contribution to keep our Union a living body of active scientists and a big international family
