Ream, 2021-08-10 Theodore Martin Hesburgh C S C 1917 2015 was the most widely recognized priest and university president of the twentieth century His tenure as the leader of the University of Notre Dame not only spanned 35 years 1952 1987 but also arched across the most tumultuous era in the history of higher education the late 1960s through the early 1970s During those years the university s faculty grew from 350 to 950 enrollment climbed from 4 979 to 9 600 the annual operating budget went from 9 7 million to 176 million the endowment jumped from 9 million to 350 million and funding for research soared from 735 000 to 15 million Over 40 new buildings were also added during his presidency As a public intellectual Hesburgh also invested in the debates that defined the mid to late twentieth century At a time when such intellectuals were in retreat Hesburgh contributed to policy efforts related to science and technology civil and human rights and foreign relations and peace At the core of his commitment to those issues was his vocation as a priest and his belief in serving as a mediator between heaven and earth Assessing Hesburgh s legacy however is difficult due to the lack of concise ways to access his thought and the nature of his contributions By highlighting his own words this volume fills that void by offering insights into how he transformed the University of Notre Dame and addressed the pressing debates of his day American History, 1986
