Reproducing Gender Selected Critical Essays On Educational Theory And Feminist Politics:

Reproducing Gender Madeleine Arnot, 2002 **Reproducing Gender** Madeleine Arnot, 2002-01-17 These essays cover Arnot's early work on gender codes and her critique of Bernstein her analysis of state educational policy in Britain and her work on theorizing a feminist democratic education and ideal citizenship **Queering Straight Teachers** Nelson M. Rodriguez, William F. Pinar, 2007 Much of the focus of anti homophobic anti heterosexist educational theory curriculum and pedagogy has examined the impact of homophobia and heterosexism on gay lesbian bisexual and transgender GLBT students and teachers Such a focus has provided numerous theoretical and pedagogical insights and has informed important changes in educational policy *Queering Straight Teachers* Discourse and Identity in Education remains deeply committed to the social justice project of improving the lives of GLBT students and teachers However in contrast with much of the previous scholarship *Queering Straight Teachers* shifts the focus from an analysis of the GLBT Other to a critical examination of what it might mean in theory and in practice to queer straight teachers and the implications this has for challenging institutionalized heteronormativity in education This book will be useful in courses on educational foundations curriculum studies multicultural education queer theory gay and lesbian studies and critical theory **Exploring Education** Alan R. Sadovnik, Peter Cookson, Jr., Susan Semel, Ryan Coughlan, 2017-10-10 This much anticipated fifth edition of *Exploring Education* offers an alternative to traditional foundations texts by combining a point of view analysis with primary source readings Pre and in service teachers will find a solid introduction to the foundations disciplines history philosophy politics and sociology of education and their application to educational issues including school organization and teaching curriculum and pedagogic practices education and inequality and school reform and improvement This edition features substantive updates including additions to the discussion of neo liberal educational policy recent debates about teacher diversity updated data and research and new selections of historical and contemporary readings At a time when foundations of education are marginalized in many teacher education programs and teacher education reform pushes scripted approaches to curriculum and instruction *Exploring Education* helps teachers to think critically about the what and why behind the most pressing issues in contemporary education *Handbook of Critical Race Theory in Education* Marvin Lynn, Adrienne D. Dixson, 2021-10-25 This handbook illustrates how education scholars employ Critical Race Theory CRT as a framework to bring attention to issues of race and racism in education It is the first authoritative reference work to provide a truly comprehensive description and analysis of the topic from the defining conceptual principles of CRT in Law that gave shape to its radical underpinnings to the political and social implications of the field today It is divided into six sections covering innovations in educational research policy and practice in both schools and in higher education and the increasing interdisciplinary nature of critical race research New chapters broaden the scope of theoretical lenses to include LatCrit AsianCrit and Critical Race Feminism as well as coverage of DisCrit Studies Research Methods and other recent updates to

the field This handbook remains the definitive statement on the state of critical race theory in education and on its possibilities for the future

Globalization on the Margins (2nd Edition) Iveta Silova, Sarfarozi Niyozov, 2020-01-01 Reflecting on almost three decades of postsocialist transformations the second edition of *Globalization on the Margins* explores continuities and changes in Central Asian education development since the dissolution of the Soviet Union in 1991 with a particular focus on the developments that took place since the production of the first edition in 2011 Rather than viewing these transformations in isolation the authors place their analyses within the global context by reflecting on the interaction between Soviet legacies and global education reform pressures in the Central Asian countries of Kazakhstan Kyrgyzstan Tajikistan Turkmenistan and Uzbekistan This new edition in addition to a revised introduction and a newly added conclusion consists of four thematic sections each reflecting a key theme in the educational life of the Central Asian states These thematic sections introduction and conclusion collectively update our understanding of the recent developments and challenges in education of the five Central Asian states They however go beyond mere information update so as to complicate re engage re form and re define the margins taking up margins a conceptual geographic cultural and geo political construct Notwithstanding the diversity of local and international authors variety of theoretical perspectives methodological approaches and conceptual lenses the essays reveal the complexity and uncertainty of the post socialist education transformations Instead of portraying the transition process as the influx of Western ideas into the region *Globalization on the Margins* provides new lenses to critically examine education as a contested field of diverse perspectives competing forces and multidirectional flow of ideas concepts and reforms in Central Asia

ENDORSEMENTS Hindsight famously brings clarity And much of what happened after the fall of the Berlin Wall and the collapse of the Soviet Union has now been correctly handed over to historians Nonetheless we ignore that history at our peril The contributors to this volume show that carefully textured and historically attuned education research generates deep insights into ongoing transformations and the political cultural social and economic structures relations and practices that do the work of producing margins and centers in the first place Noah W Sobel Loyola University Chicago

Globalization on the margins and at the epicentre of the battles of the Great Powers Two excellent educators Sarfarozi Niyozov and Iveta Silova compiled a timely and long awaited scholarly work based on empirical research in societies which had similar history close to three decades ago All the contributors are prolific educators who know the education system from within and without who either hailed from the region or have spent a considerable amount of time to know the systems well The book contains remarkable stories of education through the ups and downs of historical evolution It is a must read primer for anyone interested in learning about high quality research in the field of education in Central Asia It is a huge contribution to educational research with an impact on research and teaching for years to come Duishon Shammatov Nazarbayev University Kazakhstan The challenge of moving Central Asia from the borders of the Soviet Empire to the world's center is the focus of the discussions in *Globalization on the Margins* The

transition to the Western models of education was happening in the context of major paradigm shift which entire humanity was experiencing and which could be described as the arrival of the new post industrial civilization During this process Central Asian countries have been pushed to the margins because their contribution to the wealth of the new world know how was much less pronounced than that of their Western neighbours Therefore investment into the research that contributes to local knowledge production seems a natural solution to the problem All the contributors to this book have a vast experience in the region and many of their observations are thought provoking This is a very insightful and much needed book Elena Lenskaya Moscow School of Social and Economic Sciences Russia

Investigating Social Problems A. Javier Trevino, 2014-08-08 Each chapter in this innovative social problems text is written by a specialist or pair of specialists from appropriate subfields within sociology The typical single author approach is limiting given the complexity of the contemporary issues surrounding each social problem discussed Involving many content experts ensures that the theories research and examples used in each chapter will be as current and relevant as possible Chapters open with personal statements from the contributing authors discussing how they got involved with studying the problem they are writing about Javier Trevino serves as the general editor making sure that each author follows the chapter template and maintains a consistency in level and style
