Reproductive Processes And Contraception:

Reproductive Processes and Contraception Kenneth W. McKerns, 2013-03-13 This monograph represents the eighth sponsored by the International Society for Biochemical Endocrinology The topics should be of interest to basic research scientists medical practitioners and students of reproductive biology It complements our monograph published in 1979 on Structure and Function of the Gonadotropins The monograph is organized in ten topic areas relative to the general theme of reproduction and contraception There are several chapters in each area Obviously all aspects of each area could not be covered An attempt was made to seek interesting basic research ideas and concepts that might in the future be applicable to fertility regulation The topics are interactions in gonadotropin regulation GnRH analogues as contraceptive agents receptors in cellular localization of hormones uterine and mammary receptors germ cell regulation and secretory proteins control mechanisms and metabolic regulations hCG peptides and anti sera as antifertility agents iutization oocyte maturation and early pregnancy steroids and cell growth and finally prostaglandins and cell function The studies encompass many disciplines and techniques in anatomy physiology biochemistry and endocrinology in animals and humans both in vitro and in vivo A conference of contributors was held in Maine at the Asticou Inn in Northeast Harbor during the week of September 9-13 1979 The chapters as written for the monograph were presented for discussion by the participants who were selected for their knowledge of and contributions to this area of scientific investigation *Reproductive Processes and Contraception* 3Island Press, 1981-07-31 *Fertility and Contraception in America* United States. Congress. House. Select Committee on Population, 1978 **Wildlife Contraception** Cheryl S. Asa, Ingrid J. Porton, 2005-09-29 This collection of essays is the first major work in more than a decade to discuss the critical issue of wildlife contraception and the first ever to take up contraception both theory and practice for wild animals in captivity The authors leading international experts on the subject analyze the use of wildlife contraception for various animal populations including nonhuman primates ungulates pinnipeds cetaceans and other mammals The chapters examine and critique types of contraception and their effects and explore the best method for each situation Using the most recent data and findings this comprehensive collection addresses problems related to unrestricted population growth the ethics of wildlife contraception and regulatory issues for wildlife managers animal rights organizations zoos worldwide and anyone interested in the humane control of animal populations **Fertility and Contraception in America: Contraception technology and development** United States. Congress. House. Select Committee on Population, 1978 **Fertility and Contraception in America: Domestic fertility trends and family planning services** United States. Congress. House. Select Committee on Population, 1978 **Contraceptive Research and Development** Committee on Contraceptive Research and Development, Institute of Medicine, 1996-11-18 The contraceptive revolution of the 1960s and 1970s introduced totally new contraceptive options and launched an era of research and product development Yet by the late 1980s conditions had changed and improvements in contraceptive

products while very important in relation to improved oral contraceptives IUDs implants and injectables had become primarily incremental Is it time for a second contraceptive revolution and how might it happen Contraceptive Research and Development explores the frontiers of science where the contraceptives of the future are likely to be found and lays out criteria for deciding where to make the next R D investments The book comprehensively examines today s contraceptive needs identifies niches in those needs that seem most readily translatable into market terms and scrutinizes issues that shape the market method side effects and contraceptive failure the challenge of HIV AIDS and other sexually transmitted diseases and the implications of the women s agenda Contraceptive Research and Development analyzes the response of the pharmaceutical industry to current dynamics in regulation liability public opinion and the economics of the health sector and offers an integrated set of recommendations for public and private sector action to meet a whole new generation of demand
