## **Requiem For Communism:**

*Requiem for Communism* Charity Scribner, 2005 The first survey of the recent requiems for communism by European writers and artists     *Requiem for Marx* Yuri N. Maltsev, 1993     *Book Review: Requiem for Communism* Magdalena

Zolkos, 2005     **A Requiem for Karl Marx** Frank E. Manuel, 1997-09 As Karl Marx the icon has fallen along with so many communist regimes we are left with the mystery of Karl Marx the man the complexities of a life that has profoundly affected millions A Requiem for Karl Marx is Frank Manuel's searching meditation on that life a learned and elegantly written engagement with the man and his work Manuel gives us a psychological portrait rendered with sympathy and critical detachment a probing look at the connections between the private drama of Marx's life and his revolutionary ideas Manuel pursues these connections from Marx's adolescence and education in Trier through his university studies marriage to a German baroness and early affiliation with French and German radical groups Here we see Marx in moments of youthful rapture in periods of despair in maneuvers of blatant hypocrisy in outbursts of self mockery We follow his involuted response to his status as a converted Jew observe the psychic toll of debilitating bouts of illness and witness the shattering effects of his aggressive often brutal conduct toward friend and foe alike Manuel analyzes in intricate detail the central role of Marx's enduring relationship with Friedrich Engels which appears to transcend the bounds of friendship and his changing behavior toward his wife Jenny the neurotic and tragic figure who shared his dismal London exile What becomes clear in this narrative is the link between Marx's personal life and his ideas about class struggle revolutionary strategy and utopia as well as the impact of his personal vision and political tactics on the movements that followed him down to our day     *In the Storms of Transformation* Ulf Brunnbauer, Philipp Ther, Piotr Filipkowski, Andrew Hodges, Stefano Petrungaro, Peter

Wegenschimmel, 2024-12-16 In the 1990s states in what would become the eastern edge of the European Union transformed their political systems and economies leaving state socialism behind for liberal democracies and free markets In the ensuing decades two shipyards that were once the pride of their cities in Gdynia Poland and Pula Croatia went bankrupt unable to withstand global competition Through an interdisciplinary study of these two shipyards *In the Storms of Transformation* brings together a team of researchers to re-evaluate the shift from state socialism to market capitalism and offer a new periodization With perspectives from social anthropology sociology and business history the book argues that this transformation began with the oil crisis of the early 1970s and ended with EU accession in 2004 in Poland and in 2013 in Croatia highlighting the EU competition laws and global competition that pushed the shipyards into bankruptcy and diminishing the role of the revolutions of 1989 *In the Storms of Transformation* bridges local labour history with global market forces going beyond prevalent narratives of loss and nostalgia or successful neoliberal change to offer a novel and nuanced reading of post-communist transformation and its contradictions     **Explaining the History of American**

Williams, 2013-08-16 Moving through the elegiac ruins of the Berlin Wall and the Yugoslav disintegration Writing Postcommunism explores literary evocations of the pervasive disappointment and mourning that have marked the postcommunist twilight      **After the Berlin Wall** K. Gerstenberger, J. Brazier, 2011-11-21 Twenty years after its fall the wall that divided Berlin and Germany presents a conceptual paradox on one hand Germans have sought to erase it completely on the other it haunts the imagination in complex and often surprising ways      *Committing the Future to Memory* Sarah Clift, 2013-09-01 Whereas historical determinacy conceives the past as a complex and unstable network of causalities this book asks how history can be related to a more radical future To pose that question it does not reject determinacy outright but rather seeks to explore how it works In examining what it means to be determined by history it also asks what kind of openings there might be in our encounters with history for interruptions re readings and re writings Engaging texts spanning multiple genres and several centuries from John Locke to Maurice Blanchot from Hegel to Benjamin Clift looks at experiences of time that exceed the historical narration of experiences said to have occurred in time She focuses on the co existence of multiple temporalities and opens up the quintessentially modern notion of historical succession to other possibilities The alternatives she draws out include the mediations of language and narration temporal leaps oscillations and blockages and the role played by contingency in representation She argues that such alternatives compel us to reassess the ways we understand history and identity in a traumatic or indeed in a post traumatic age      **Romania Confronts its Communist Past** Vladimir Tismaneanu, Marius Stan, 2018-05-17 Reckoning with mass crimes perpetrated by an ideologically driven regime entails engaging in a thorough going exploration of its utopian foundations In the case of Romania such an analysis requires an interpretation of the role of personality in the construction of a uniquely grotesque and unrepentant form of neo Stalinist despotism Of all the revolutions of 1989 the only violent one took place in Romania Confronting its communist past therefore involves addressing the abuses committed by the communist regime up to its very last day its failure to engage in Round Table type agreements with

democratic representatives and the repression during the first post communist years a direct legacy of the old regime This book shows how moral justice can contribute to a restoration of truth and a climate of trust in politics in the absence of which any democratic polity remains exposed to authoritarian attack     Mapping Postcommunist Cultures Vitaly

Chernetsky, 2007-01-08 In Mapping Postcommunist Cultures Chernetsky argues that Russia and Ukraine exemplify the principal paradigms of post Soviet cultural development In Russia this has manifested itself in the subversive dismantling of the totalitarian linguistic regime and the foregrounding of previously marginalized subject positions In Ukraine work in these areas shows how the traumas of centuries of colonial oppression are being overcome through the carnivalesque decrowning of ideological dogmas and an affirmation of a new type of community most recently demonstrated in the peaceful Orange Revolution of 2004 Mapping Postcommunist Cultures also critiques the neglect of the former communist world in current models of cultural globalization
