Killer Images Joram ten Brink, Joshua Oppenheimer, 2013-01-08 Cinema has long shaped not only how mass violence is perceived but also how it is performed Today when media coverage is central to the execution of terror campaigns and news anchormen serve as embedded journalists a critical understanding of how the moving image is implicated in the imaginations and actions of perpetrators and survivors of violence is all the more urgent If the cinematic image and mass violence are among the defining features of modernity the former is significantly implicated in the latter and the nature of this implication is the book's central focus This book brings together a range of newly commissioned essays and interviews from the world's leading academics and documentary filmmakers including Ben Anderson Errol Morris Harun Farocki Rithy Phan Avi Mograbi Brian Winston and Michael Chanan Contributors explore such topics as the tension between remembrance and performance the function of moving images in the execution of political violence and nonfiction filmmaking methods that facilitate communities of survivors to respond to recover and redeem a history that sought to physically and symbolically annihilate them

Seventy Images of Grace in the Epistles . . . Norma Cook Everist, 2015-07-07 How can faith speak directly to people's real lives How can conversation around Scripture make all the difference in the arenas of one's daily world People who have heard the Bible many times or for the first time want to know in the terms and images of their life situation When my world seems to be shaking all around me why doesn't it help to hear You are forgiven And further What can I say to someone who feels totally alienated from God Seventy Images of Grace in the Epistles will help people make connections and empower them for their ministries in daily life The book presents an interplay of stories of people's actual lives and Epistle images of grace Readers will begin to recognize the depth of the human predicament and the power of the gospel thereby becoming equipped for Christian discipleship and vocation not from duty or guilt but from freedom Guides for Engagement will help readers turn the book into a learning event

Flood of Images Bernie Cook, 2015-04-01 Anyone who was not in New Orleans during Hurricane Katrina and the subsequent flooding of the city experienced the disaster as a media event a flood of images pouring across television and computer screens The twenty-four hour news cycle created a surplus of representation that overwhelmed viewers and complicated understandings of the storm the flood and the aftermath As time passed documentary and fictional filmmakers took up the challenge of explaining what had happened in New Orleans reaching beyond news reports to portray the lived experiences of survivors of Katrina But while these narratives presented alternative understandings and more opportunities for empathy than TV news Katrina remained a mediated experience In Flood of Images Bernie Cook offers the most in-depth wide-ranging and carefully argued analysis of the mediation and meanings of Katrina He engages in innovative close and comparative visual readings of news coverage on CNN Fox News and NBC documentaries including Spike Lee's When the Levees Broke and If God Is

Willing and Da Creek Don't Rise Tia Lessin and Carl Deal's *Trouble the Water* and Dawn Logsdon and Lolis Elie's *Faubourg Tremé* and the HBO drama *Treme* Cook examines the production practices that shaped Katrina as media event exploring how those choices structured the possible memories and meanings of Katrina and how the media's memory making has been contested In *Flood of Images* Cook intervenes in the ongoing process of remembering and understanding Katrina

"Striking Images, Iconoclasms Past and Present" Stacy Boldrick, 2017-07-05 All cultures make and break images *Striking Images Iconoclasms Past and Present* explores how and why people have made and modified images and other cultural material from pre history into the 21st century With its impressive chronological sweep and disciplinary breadth this is the first book about iconoclasm the breaking of images and the transformation of broader sets of signs that includes contributions from archaeologists curators and museum conservators as well as historians of art literature and religious studies The chapters examine themes critical to the study of iconoclasm violence punishment memory intentionality ruins and relics and their survival The conclusion shows how cross disciplinary debate amongst the contributors informed Tate Britain's *Art under Attack* exhibition 2013 and addresses the challenges iconoclasm presents to the modern museum By juxtaposing objects and places usually considered in isolation *Striking Images* raises provocative questions about our understandings of cross cultural differences and the value of representational objects from the broken swords of pre historical bog graves to the Bamiyan Buddhas and contemporary art Are any such objects ever finished or are they simply subject to constant transformation In dialogue with each other the essays consider this question and expand the field of iconoclasm and cultural studies

Images of Salvation in the New Testament Brenda B. Colijn, 2010-10-05 The New Testament does not develop a systematic doctrine of salvation writes Brenda Colijn Instead it presents us with a variety of pictures taken from different perspectives Students of the New Testament and of theology will both find their vision broadened and their understanding deepened by this rich informative study As the author seeks to understand their implications for people of faith she uncovers how New Testament images provide the building blocks of the master story of redemption

Judaism and the Visual Image Melissa Raphael, 2009-02-19 The widespread assumption that Jewish religious tradition is mediated through words not pictures has left Jewish art with no significant role to play in Jewish theology and ethics *Judaism and the Visual Image* argues for a Jewish theology of image that among other things helps us re read the creation story in Genesis 1 and to question why images of Jewish women as religious subjects appear to be doubly suppressed by the Second Commandment when images of observant male Jews have become legitimate even iconic representations of Jewish holiness Raphael further suggests that devout beholding of images of the Holocaust is a corrective to post Holocaust theologies of divine absence from suffering that are infused by a sub theological aesthetic of the sublime Raphael concludes by proposing that the relationship between God and Israel composes itself into a unitary dance or moving image by which each generation participates in a processive revelation that is itself the ultimate work of Jewish art

Theory of the Image Ann Kibbey, 2005 A refreshing critique that

offers a new paradigm for film studies *The Indelible Image: The Theological and Ethical Thought World of the New Testament* Ben Witherington III, 2009-08-24 Having completed commentaries on all of the New Testament books a remarkable feat in itself Witherington now offers a two volume set on the theological and ethical thought world of the New Testament The first volume looks at the individual witnesses while the second examines the collective witness *We Will Not be Stopped* Arthur Bonner, 1998 The power of the Bible to transform lives and societies has seldom been demonstrated more vividly than in Chiapas in southern Mexico Beginning in the early 1940s young men and women of the Summer Institute of Linguistics devised written scripts and then translated the Bible into the languages of the most neglected and most oppressed of indigenous peoples the Tzeltals Tzotzils Chols and Tojolabals A major part of this book is the narrations of indigenous people who experienced the Bible's power to heal bodies and create loving families They became apostles seeding new congregations They refused to accept what they saw as idols made by human hands and rejected the cults of village saints For this they were like the first Christians persecuted and driven from their lands and homes yet they never lost faith They staked their lives on the Bible's promises One pastor vowed We shall not be stopped As evidence of such faith and determination evangelical churches are growing stronger and more numerous Simultaneously the Catholic Church in Chiapas taught the option for the poor of the Theology of Liberation Marxist revolutionaries from northern Mexico took advantage of this structure leading to the Zapatista revolt of subcommander Marcos When the revolt failed what had been hailed as a Revolt of the Indians deteriorated into a deadly political struggle of Indians against Indians with defenseless villagers caught in the middle *Word for All God's Family* Leslie J. Francis, Diane Drayson, 1997-09 **Daniel Shires and the Multiverse** WC Brown, 2018-12-18 Ten year old Daniel stumbles upon a cosmic secret invisible lines weaving through us twisting with every turn Untangling them grants unimaginable power and lands him squarely in the sights of Fate a centuries old immortal wielding this knowledge Together they navigate fantastical worlds and battle Vogel a man whose severed lines unleash chaos Can Daniel master the invisible and rewrite destiny or will this hidden universe unravel them all
