volume also trace s a more abstract sinuosity in the movement of these things through time and place as they coil through different regimes of value The eight chapters trace winding paths across the contemporary Pacific from the Trobriands in Milne Bay to Maisin Wanigela and Korafe in Oro Province Papua New Guinea through the islands of Tonga to diasporic Tongan and Cook Islander communities in New Zealand This comparative perspective elucidates how women s wealth is defined valued and contested in current exchanges bride price debates church settings development projects and the challenges of living in diaspora Importantly this reveals how women themselves preserve the different values and meanings in gift giving and exchanges despite processes of commodification that have resulted in the decline or replacement of women s wealth
