**Nursing Research** Janet Houser, Kenneth Oja, 2024-12-17 Nursing Research Reading Using and Creating Evidence

Sixth Edition is a foundational nursing textbook for teaching and learning the basics of creating and using evidence in nursing practice. Written in a conversational tone, the hallmark of this text is its readability and the author's skillfulness in simplifying otherwise complex topics such as evidence-based care, qualitative and quantitative studies, and translation of research to practice. Nurses need to demonstrate proficiency in reading research, determining its use in their practice, and participating in the research process. The Sixth Edition is intuitively organized around the three main competencies: reading, using, and creating evidence, all of which enable the student to translate research into evidence in a practical way. This nursing textbook is intended to teach and support the clinical practice of nursing students, professional nurses returning to school, and practicing nurses that must apply evidence to patient care.

*Nursing Research: Reading, Using and Creating Evidence* Janet Houser, 2016-12-14. Each new print copy includes Navigate 2 Advantage Access that unlocks a comprehensive and interactive eBook, student practice activities and assessments, a full suite of instructor resources, and learning analytics reporting tools.

*Nursing Research: Reading, Using and Creating Evidence* Fourth Edition is an essential text for nursing students to build the skills necessary for translating research into evidence. The Fourth Edition focuses on the Nursing Practice Guidelines and emphasizes evidence-based practice in the profession of nursing. To reinforce these concepts, the author cites a particular article that is appraised throughout the entire text. The Fourth Edition also focuses on the dissemination of information and research best practices as conferences and other such resources become more available to students and professionals.
