The Sociology of Emotions Jonathan H. Turner, Jan E. Stets, 2005-03-14 All social relations involve emotional responses from the simplest face to face encounter through the mobilization of social movements to the commitments that individuals develop for culture and society The social world is thus dependent upon the arousal of emotions and equally significant conflict and change in societies is ultimately driven by emotional arousal Thus it is important to understand how human emotions influence and are influenced by the social world This understanding takes us into the sociology of emotions that has emerged as a distinct area of inquiry over the last thirty years

Emotion and Social Theory Simon Williams, 2001-02-27 The emotions have traditionally been marginalized in mainstream social theory This book demonstrates the problems that this has caused and charts the resurgence of emotions in social theory today Drawing on a wide variety of sources both classical and contemporary Simon Williams treats the emotions as a universal feature of human life and our embodied relationship to the world He reflects and comments upon the turn towards the body and intimacy in social theory and explains what is important in current thinking about emotions In his doing so readers are provided with a critical assessment of various positions within the field including the strengths and weaknesses of

poststructuralism and postmodernism for examining Symbolic Interaction Larry T. Reynolds, Nancy J. Herman, 1994-01-01 This reader shows the rich history and wide contemporary application of symbolic interaction theory *Emotions and Social Movements* Helena Flam, Debra King, 2007-04-11 Most research on social movements has ignored the significance of emotions This edited volume seeks to redress this oversight and introduces new research themes and tools to the field of emotions and social movements Sociologists and political activists around the world will find this volume to be of great interest due to its wide ranging approach and its unique emphasis on the role of emotion in protest dissent and social movements Emotions, Ethics, and Authenticity Mikko Salmela, Verena Mayer, 2009-11-30 The relationship of emotions ethics and authenticity constitutes a nexus of philosophical and psychological problems with wide interdisciplinary relevance What is the proper role of emotions in moral behavior and theory are emotions reliable guides to our authentic personal values and finally what does it mean to be authentic in one's emotions assuming that there is such thing as emotional authenticity in the first place The various contributions of this book seek to answer these vexing but rarely discussed questions offering a broad intellectual tour that ranges from philosophy to psychology sociology and gender studies *Emotions in Social Life* Gillian Bendelow, Simon J Williams, 2002-09-11 The development of a sociology of emotions is crucial to our understanding of social life as they hold the key to our understanding of social processes and sociological investigation First published in 1997 *Emotions in Social Life* consolidates the sociology of emotions as a legitimate and viable field of enquiry It provides a comprehensive assessment of the sociology of emotions using work from scholars of international stature as well as newer writers in the field It presents new empirical research in conjunction with innovative and challenging theoretical material and will be essential reading for students of sociology health psychology anthropology and gender studies **Gender And Work In Today's World** Nancy Sacks, 2018-05-04 Promoting gender equality through balanced analysis of both sexes *Gender and work in Today's World A Reader* explores the experiences of both men and women in the work force focussing especially on gender non traditional jobs i.e. men as nurses and women in the police force and non traditional work structures i.e. Part time temporary and odd hour work over the life course and sexual harassment *Emotions through Literature* Mariano Longo, 2019-07-23 Engaging with the wide sociological literature on emotions this book explores the social representation of emotions their management and their effects by making reference to creative sources With a specific focus on literary narrative including the works of figures such as Dante Austen Manzoni Tolstoy and Kundera the author draws out the capacity of literary works to describe and represent both the external aspects of social relations and the inner motivations of the involved actors An interdisciplinary study that combines sociology narratology philosophy historical analysis and literary criticism *Emotions through Literature* invites us to re think the role of emotions in sociological analysis employing literary narratives to give plausible intellectual responses to the double nature of emotions their being both individual and social Why the Magic Matters Alexis Franzese, Jill Peterfeso, 2025-09-04 As

education entertainment or edutainment as Walt called it Disney offers its consumers and guests with a wealth of opportunities for learning In *Why the Magic Matters* top Disney scholars and teachers unpack what why and how Disney maintains its overwhelming cultural significance in the global entertainment industry Broken into four parts Magic and Strategy Authenticity and Simulation Nostalgia and Innovation and Leisure and Labor the book offers a framework that juxtaposes ideas found in Disney products properties and experiences From art film and television history to Indigenous disability and religious studies each chapter contextualizes Disney within a greater cultural landscape Students teachers and fans will gain insights on what Disney can teach us about pop culture and fresh perspectives on why the magic really does matter

Regulated Agent-Based Social Systems Gabriela Lindemann, Daniel Moldt, 2004-02-10 This book presents selected extended and reviewed versions of the papers accepted for the First International Workshop on Regulated Agent Systems Theory and Applications RASTA 2002 held in Bologna Italy in July 2002 as part of AAMAS 2002 In addition several new papers on the workshop theme are included as well these were submitted and reviewed in response to a further call for contributions The construction of artificial agent societies deals with questions and problems that are already known from human societies The 16 papers in this book establish an interdisciplinary community of social scientists and computer scientists devoting their research interests to exploiting social theories for the construction and regulation of multi agent systems

The Work of Managers Stefan Tengblad, 2012-02-16 Managers are significant actors in contemporary organizations and yet there is very little deep level analysis of what managers do and how they understand their managerial selves and social situations Instead of evaluating management techniques according to their internal logic and systematic qualities this book advances the practice perspective using behaviour and activities of successful experienced and skilled managers as the primary data for theorizing good management In this book academics review classic literature on managerial work discuss methodological and theoretical approaches and present empirical studies on various kinds of managers at different levels of organizations in different roles and different sectors from construction site managers and CEOs of large companies to university vice chancellors and front line health care managers It makes the case for studies of managerial work that look beyond the rational and ordered world to the challenges presented by inter alia work and information overload complexity performance pressures unintended consequences and irreconcilable expectations

Feelings and Emotions Antony S. R. Manstead, Nico Frijda, Agneta Fischer, 2004-04-05 Emotions are central to human behavior and experience Yet scientific theory and research ignored emotions during most of the twentieth century This situation changed dramatically during the last 30 years of that century which witnessed an upsurge of interest in emotions in a number of disciplines This book arises from the 24 keynote papers presented at a symposium held in June 2001 that had the same title as this volume The aim of that meeting was to review the state of research on emotions from a multidisciplinary perspective Each chapter is authored by an acknowledged authority in the field Together they provide an overview of what is being studied and thought about emotions in disciplines ranging from neurophysiology and experimental psychology to sociology and philosophy

Power and Emotion Jonathan Heaney, Helena Flam, 2016-02-05 This collection is concerned with two fundamental concepts of social science power and emotion Power permeates all human relationships and is constitutive of social economic and political life It stands at the centre of social and political theorizing and its study has enriched scholarship within a wide range of disciplines including sociology political science philosophy and anthropology The conceptual cluster of emotion by contrast had a more troubled time within these same disciplines However since the 1970 s and the advent of the emotional turn there has been a widespread re evaluation of emotion in and for our shared social existence and today emotions research is at forefront of contemporary social science Yet although both concepts are now widely seen as fundamental research on these two phenomena has tended to run in parallel This collection featuring leading international scholars seeks to unite and deploy both concepts emotion and power in a variety of ways and on a diverse array of topics such as education organizations social movements politics old and new media rhetoric and in comparative intellectual history The results are at the bleeding edge of scholarship on these concepts and will make important reading for practitioners and students working in the sociology of emotions social and political power political sociology organization studies and for sociological and political theory more generally This book was published as a special issue of the Journal of Political Power

Functional Accounts of Emotion James J. Gross, Dacher Keltner, 1999 In recent years emotion researchers have paid increasing attention to the functions that emotions service This attention to function has been apparent in many disciplines and at many levels of analysis From the most basic physiological symptom to the most overarching social structure the effects of emotion both on the emotional person and on others are being recognized The knowledge that has accumulated is substantial but is scattered among a variety of fields and literatures This special issue summarizes the functional approach to emotion The six articles that have been selected concentrate on the work of psychologists but include many of the other fields that have contributed to what is truly a multidisciplinary approach The special issue opens with three foundational articles that discuss a the intrapersonal

functions of emotions b the social functions of emotions and c the developmental functions of emotions The next three articles focus on challenges to traditional functional accounts of emotions These articles consider d emotion regulation e emotions and psychopathology and e negative affect and health **Handbook of Sports Studies** Jay Coakley, Eric Dunning, 2000 An authoritative cast of international and inter disciplinary contributors present the best of current thinking in sports studies as the subject matures and develops academically
