Research In Ethical Issues In Organizations:

Research in Ethical Issues in Organizations Michael Schwartz, Howard Harris, 2013-08-02 Research in Ethical Issues in Organizations **The Contribution of Fiction to Organizational Ethics** Howard Harris, Michael Schwartz, 2014-09-05 Stories are essential to any organization. They help organizations define who they are, what they do, and how they do it. In this issue, we consider how fiction has questioned the moral rules and examined such situations and, in doing so, how it has contributed to our understanding of organizational ethics. **The Ethical Contribution of Organizations to Society** Michael Schwartz, Debra Comer, Howard Harris, 2015-11-09 Papers in this volume of Research in Ethical Issues in Organizations discuss what an organization provides to society and explain the ethical aspects of that contribution. The volume also explores the ethics of the customer's response in society to what an organization provides, including product boycotts and social approval or condemnation. *Managing Social and Ethical Issues in Organizations* Stephen W. Gilliland, Dirk D. Steiner, Daniel P. Skarlicki, 2007-02-01 This volume provides up-to-date reviews of the research on a number of social and ethical issues of increasing concern confronting today's managers and organizations. The authors, who are recognized international experts on the topics they treat, provide new theories and innovative perspectives on these issues. Further, they use a research base to identify ways for managers and human resources professionals to address these issues in their organizations. Given its breadth of coverage, practitioners faced with these issues, as well as researchers and graduate students in management and organizational psychology, should find this volume of interest. This collection of ten chapters provides the cutting edge on a number of the most pressing challenges in management today. Readers of the volume will discover new models, innovative theoretical approaches, comprehensive reviews, theoretical and methodological critiques, and specific and insightful suggestions for research on these different social and ethical issues facing organizations. Perhaps more importantly, the practical suggestions that come from the research provide a useful bridge between what we know and what we can do to address these challenges and thus contribute, even in a small way, to workplaces that respect ethics and individuals in all their diversity. Business Research, Ethics and Values in Applied Social Research Allan J. Kimmel, 1988-05 With the primary objective of raising ethical sensibility, this volume details the ethical problems and dilemmas faced by applied social science researchers. Issues such as the use of deception, the participant's right to privacy, and informed consent, and the potential harm of public disclosure are confronted. The author discusses the need to review ethical problems and their implications in the context of current ethical standards in both society and the scientific community. Case studies illustrate unanticipated ethical dilemmas which might emerge during a research project. Issues are presented and interpreted clearly so that their complexity can be penetrated and potential solutions envisioned. The volume also includes specific methodolo Readings in Virtual Research Ethics Elizabeth A. Buchanan, 2004-01-01 Provides an in-depth look at the emerging field of online research and the corresponding ethical dilemmas. Issues covered include autonomy

justice and benevolence informed consent privacy ownership of data research with minors and respect for persons

Research Companion to Corruption in Organizations Ronald J. Burke, Cary L. Cooper, 2009-01-01 This is a very timely book The coverage it gives to the topic is superb The individual organisational and institutional causes of corruption are laid out along with analyses of the choices that we all have to make to deal with its consequences In these times of increased scouting of corporate behaviour there is something to learn here for policy makers corporate leaders and researchers alike Paul Sparrow Lancaster University UK Ronald Burke and Cary Cooper have assembled the most comprehensive volume of work available today on the topic of organizational corruption However the volume is far reaching in more than just its content In addition to attracting some of the most widely read scholars in the area Burke and Cooper have found space for a number of bright new voices and thus insights as well This makes for a volume that is as vibrant and exciting as it is complete Scholars not only should read it they will enjoy doing so Marshall Schminke University of Central Florida US Corruption in organizations is creating an increasing number of victims and causing huge costs This timely book brings together international researchers who address the causes and consequences of corruption in organizations and the action needed to reduce levels of corruption worldwide Corruption is a worldwide problem and is likely to increase as a result of the current economic meltdown Specific attention is devoted to causes of corruption such as individual levels of moral development moral disengagement greed the routinisation of corruption and organizational factors such as conflicts of interest reward systems and organizational cultural values The Companion suggests methods and examples to reduce levels of corruption that include education and training whistleblowing the increase of organizational controls through rules and structure and developing an ethical organizational culture Academics and postgraduate students interested in both crime and corruption in organizations will warmly welcome the Companion Policymakers in government those involved in professional services such as accountants and lawyers as well as managers of any organization interested in conducting ethical business will find the Companion invaluable

Research In Ethical Issues In Organizations Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Research In Ethical Issues In Organizations PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong

learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Research In Ethical Issues In Organizations PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Research In Ethical Issues In Organizations free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
