*Infant Research and Adult Treatment* Beatrice Beebe, Frank M. Lachmann, 2013-04-15 *Infant Research and Adult Treatment* is the first synoptic rendering of Beatrice Beebe s and Frank Lachmann s impressive body of work Therapists unfamiliar with current research findings will find here a comprehensive and

up to date overview of infant competencies These competencies give rise to presymbolic representations that are best understood from the standpoint of a systems view of interaction It is through this conceptual window that the underpinnings of the psychoanalytic situation especially the ways in which both patient and therapist find and use strategies for preserving and transforming self organization in a dialogic context emerge with new clarity They not only show how their understanding of treatment has evolved but illustrate this process through detailed descriptions of clinical work with long term patients Throughout they demonstrate how participation in the dyadic interaction reorganizes intrapsychic and relational processes in analyst and patient alike and in ways both consonant with and different from what is observed in adult infant interactions Of special note is their creative formulation of the principles of ongoing regulation disruption and repair and heightened affective moments These principles which describe crucial facets of the basic patterning of self organization and its transformation in early life provide clinical leverage for initiating and sustaining a therapeutic process with difficult to reach patients This book provides a bridge from the phenomenology of self psychological relational and intersubjective approaches to a systems theoretical understanding that is consistent with recent developments in psychoanalytic therapy and amenable to further clinical investigation Both as reference work and teaching tool as research grounded theorizing and clinically relevant synthesis *Infant Research and Adult Treatment* is destined to be a permanent addition to every thoughtful clinician's bookshelf
