Royal Dragoons:

Historical Record of the First, or the Royal Regiment of Dragoons Richard Cannon, 2019-12-18 In *Historical Record of the First or the Royal Regiment of Dragoons* Richard Cannon meticulously chronicles the storied past of one of Britain's most elite cavalry regiments. His narrative unfolds through a blend of extensive archival research and vivid storytelling, employing a chronological structure that illuminates the regiment's participation in key military engagements from its inception to the early 19th century. Cannon's literary style is both precise and engaging, reflecting the era's reverence for military history while ensuring the text remains accessible to modern readers. As a work steeped in the context of rising nationalism and imperial ambitions, it offers invaluable insights into the broader socio-political landscape of the time. Richard Cannon (1779-1865) was a distinguished military historian and an officer in the British Army whose deep affinity for military heritage undoubtedly inspired this comprehensive account. His extensive service combined with a role as the Adjutant of the Royal Horse Guards provided him unique access to military documents and firsthand accounts. This background intensified his commitment to preserving regiment histories at a time when such records were increasingly important for national identity. Cannon's *Historical Record of the First or the Royal Regiment of Dragoons* is a must-read for enthusiasts of military history, scholars researching British cavalry, or anyone interested in the intricate narratives behind national defense and warfare. Its combination of thorough documentation and readable prose makes it a significant contribution to military literature and an essential addition to any historical library.

Historical Record of the First Or the Royal Regiment of Dragoons De Ainslie (General), 1887 **Royal Dragoon Guards** Anthony Dawson, 2018-12-15 Anthony Dawson documents the fascinating history of the famous Royal Dragoon Guards, one of Britain's most successful cavalry regiments who have been involved in several iconic battles including Balaclava and Sevastopol, Ypres and the Somme, and the Normandy Landings. [The Royal Dragoon Guards](#) Peter Macfarlane, 2019-10-31 The Royal Dragoon Guards have a long and distinguished history dating from 1685. Originally raised as regiments of horse and dragoons, they were subsequently designated as the 4th, 5th, and 7th Dragoon Guards and the 6th Inniskilling Dragoons. They fought in all of Britain's major wars from the late 17th century onwards, charging at Blenheim with Marlborough's cavalry, at Waterloo with the Union Brigade, and at Balaclava with the Heavy Brigade. In the 19th century, they also saw service in India and Africa. All four regiments served in France and Flanders during the First World War, and one regiment fired the first British shot on the Western Front. They were then amalgamated into two regiments: the 4th/7th Royal Dragoon Guards and the 5th Royal Inniskilling Dragoon Guards. Both regiments were mechanised shortly before the Second World War, in which they played a leading role in the D-Day landings. In 1992, the two regiments amalgamated again to form the Royal Dragoon Guards. Recent conflicts have taken the regiment to Iraq and Afghanistan, continuing a record of operational service covering more than three centuries. This regimental history of the Dragoons tells their story as it played out across the centuries, exploring their role in both major and minor conflicts of the

last 300 years The title examines the development of the regiment up to the present day and highlights key figures across its history The text is supported throughout with photographs and illustrations
