For Her Dear Sake Mary Cecil Hay, 1878 **Story Genius** Lisa Cron, 2016-08-09 Following on the heels of Lisa Cron's breakout first book *Wired for Story* this writing guide reveals how to use cognitive storytelling strategies to build a scene by scene blueprint for a riveting story. It's every novelist's greatest fear: pouring their blood, sweat, and tears into writing hundreds of pages only to realize that their story has no sense of urgency, no internal logic, and so is a page one rewrite. The prevailing wisdom in the writing community is that there are just two ways around this problem: pantsing/winging it and plotting/focusing on the external plot. Story coach Lisa Cron has spent her career discovering why these methods don't work and coming up with a powerful alternative based on the science behind what our brains are wired to crave in every story we read, and it's not what you think. In *Story Genius*, Cron takes you step by step through the creation of a novel from the first glimmer of an idea to a complete multilayered blueprint including fully realized scenes that evolves into a first draft with the authority, richness, and command of a riveting sixth or seventh draft. **Reclaiming History** Vincent Bugliosi, 2007-05-17

For fifty years the truth about the assassination of President John F. Kennedy has been obscured. This book releases us from a crippling distortion of American history. At 1:00 p.m. on November 22, 1963, President John F. Kennedy was pronounced dead, the victim of a sniper attack during his motorcade through Dallas. That may be the only fact generally agreed upon in the vast literature spawned by the assassination. National polls reveal that an overwhelming majority of Americans (75%) believe that there was a high level conspiracy behind Lee Harvey Oswald. Many even believe that Oswald was entirely innocent. In this continuously absorbing, powerful ground-breaking book, Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history. The brilliant prosecutor of Charles Manson and the man who forged an iron-clad case of circumstantial guilt around O.J. Simpson in his best-selling *Outrage*, Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination. This is an achievement that has for years seemed beyond reach. No one imagined that such a book would ever be written, a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible. There have been hundreds of books about the assassination, but there has never been a book that covers the entire case, including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based. In this monumental work, the author has raised scholarship on the assassination to a new and final level, one that far surpasses all other books on the subject. It adds resonance, depth, and closure to the admirable work of the Warren Commission. *Reclaiming History* is a narrative compendium of fact, forensic evidence, reexamination of key witnesses, and common sense. Every detail and nuance is accounted for; every conspiracy theory revealed as a fraud on the American public. Bugliosi's irresistible logic, command of the evidence, and ability to draw startling inferences shed fresh light on this American nightmare. At last, it all makes sense. **Winning at Weight Loss** Nik Speakman, Eva Speakman, 2019-12-26 Praise for Nik and Eva Speakman: I've

The Dollmaker's Daughters Dilly Court,2011-03-31 A powerful saga set in turn of the twentieth century London from the Sunday Times bestselling author For Ruby and Rosetta Capretti life in the slums of the East End holds little promise Although very similar in looks they dream of very different futures Coquettish flamboyant Rosetta is desperate to leave the claustrophobic confines of the sewing sweatshop to follow in her wayward aunt s footsteps and work under the bright lights of the music hall Ruby quieter and more modest has always longed to train as a nurse a pipe dream for a girl from her humble background And then by the side of their father s grave they meet handsome Jonas Crowe But little do they know how much one man will affect both their lives for ever

No True Echo Gareth P. Jones,2015-01-01 Told with Gareth s signature wit humour and thoughtfulness this story examines the way stories shape our past present and future Eddie is pretty certain nowhere could be more small town more boring and more inconsequential than his home town of the Wellcome Valley Unfortunately he is about to be proved spectacularly wrong Eddie s problems start with the arrival of Scarlett a new girl in town who seems rather too confident and mysterious for your average schoolgirl She attracts trouble and Eddie like a magnet and she s apparently only interested in two very strange things protecting the town s local crackpot scientist and telling Eddie absolutely nothing about what on earth is going on And why is she so interested in Eddie s long dead mother Things quickly go from weird to worse for Eddie as he finds himself right in the middle of a dangerous mystery one with consequences not just for him and Scarlett but time itself
