Faulkner's Marginal Couple John N. Duvall,2014-07-03 Is William Faulkner s fiction built on a fundamental dichotomy of outcast individual versus the healthy agrarian community The New Critics of the 1930s advanced this view and it has shaped much Faulkner criticism However in Faulkner s Marginal Couple John Duvall posits the existence of another possibility alternative communities formed by deviant couples These couples who violate normal gender roles and behaviors challenge the either or view of Faulkner s world The study treats in detail the novels Light in August The Wild Palms Sanctuary Pylon and Absalom Absalom as well as several of Faulkner s short stories In discussing each work Duvall challenges the traditional view that Faulkner created active men who follow a code of honor and passive women who are close to nature Instead he charts the many instances of men who are nurturing and passive and women who are strong and sexually active These alternative couples undermine a common view of Faulkner as an upholder of Southern patriarchal values thus countering the argument that Faulkner s fiction is essentially misogynist This new approach drawing on semiotics feminism and Marxism makes Faulkner more accessible to readers interested in ideological analysis It also stresses the intertextual connections between Faulkner s Yoknapatawpha and non Yoknapatawpha fiction Perhaps most importantly it uncovers what the New Criticism concealed namely that Faulkner s fiction traces the full androgynous spectrum of the human condition
