Czech It Out Miloslav Rechcigl Jr., 2015-07-23 Czech it Out Czech American Biography Sourcebook provides a wealth of information on a variety of sources relating to biographical information on notable Americans with Czech roots Besides the national figures also included are information sources on significant individuals at the state regional and local levels Beyond that we saw it fit to also incorporate ethnic information sources which frequently contain a wealth of information on pioneer settlers and individuals active at the community level Having in mind the interests of genealogists in individual families and their descendents a listing has also been provided on family histories and genealogies Even though Czechs have been living in the US practically since colonial times no composite biographical dictionary exists about the accomplished Czech Americans Biographical information about them is scattered in a plethora of sources which are difficult to find and some are not readily accessible The present author who literally devoted several decades of his life to the study of Czech American history has canvassed hundreds of sources at national and local levels to identify not only notable individuals but also pioneer settlers who played a significant role in the growth and development of the US This publication should fill a great void in literature until a comprehensive biographical compendium about Czech Americans has been written *Czech American Bibliography* Miloslav Rechcigl, 2011-10-20 This is a comprehensive bibliography of publications relating to Czechs in America from the earliest time since the discovery of the New World to date covering their settlement community life and their contributions to their host country Although emphasis is on English titles including books as well as articles the relevant titles in Czech language have also been included particularly in those areas where there is a paucity of English titles English translations of the Czech titles were normally placed in parentheses To assure maximum utility the bibliography has been organized and classified into specific sectors by subject Under most major headings general surveys are listed first followed by more specific categories which have in turn been subdivided into subcategories Individual entries in all sections are arranged chronologically Under most subject areas separate biographical sections were added comprising individuals of note in the respective fields Apart from providing information on just about every aspect of human endeavor it is hoped that it will induce serious students and scholars to do more work in areas that have not been adequately researched **The SP Century** Scott-Martin Kosofsky, 2006 This beautifully produced volume celebrates the centennial of Boston's Society of Printers the oldest honorary society of its kind in America Founded in 1905 by such luminaries as Daniel Berkeley Updike Bruce Rogers Henry Lewis Johnson Carl Purington Rollins and William Dana Orcutt the Society's dedicated membership has over the years included the likes of William A Dwiggins who in 1922 actually coined the term graphic design Rudolph Ruzicka John Howard Benson Ray Nash Roderick Stinehour Dorothy Abbe Hermann Zapf Philip Hofer Leonard Baskin and Matthew

Carter The book's ten original essays cover unusually broad ground for such a publication not only delving into the Society's history and Boston's but also into more philosophical terrain examining questions such as the definition of printing itself the political and sociological worlds of some of some prominent members and the grand scale game of musical chairs played by those who have called themselves printers over the past hundred years An essay on type and lettering design among the SP membership and its circle is especially rich comprising interviews with leading practitioners and including information on these crafts that cannot be found elsewhere A review of a century of meeting announcements is a microcosmic history of American graphic design and printing techniques in the 20th century Also examined are the habits of the great book collectors among the Society's members and the distinguished group who have continued in the realm of handmade books and fine letterpress printing The authors are all noted scholars and practitioners Lance Hidy Jean Evans Eleanor M Garvey James E Mooney Barry Moser Katherine McCanless Ruffin Darrell Hyder Al Gowan Victor Curran and Scott Martin Kosofsky The designer of the book is the renowned Roderick Stinehour who contributes a colophon that is a fine essay in its own right The editor of the volume is Scott Martin Kosofsky well known designer and author of Judaic works
