Shadowing the White Man's Burden Gretchen Murphy,2010-05-03 During the height of 19th century imperialism Rudyard Kipling published his poem The white man s burden While some of his American readers argued that the poem served as justification for imperialist practices others saw Kipling s satirical talents at work and read it as condemnation The

author explores this tension embedded in the notion of the white man's burden to create a historical frame for understanding race and literature in America. She maintains that literature symptomized and channeled anxiety about the racial components of the U.S. world mission while also providing a potentially powerful medium for multiethnic authors interested in redrawing global color lines. She identifies a common theme in the writings of African, Asian, and Native American authors who exploited anxiety about race and national identity through narratives about a multiracial U.S. empire. Scribner's Magazine Edward Livermore Burlingame, Robert Bridges, Alfred Sheppard Dashiell, Harlan Logan, 1893 **Standard Catalog for High School Libraries**, 1928 The 1st ed accompanied by a list of Library of Congress card numbers for books except fiction pamphlets etc which are included in the 1st ed and its supplement 1926-29 **Handbook of the English Novel, 1830-1900** Martin Middeke, Monika Pietrzak-Franger, 2020-05-05 Part I of this authoritative handbook offers systematic essays which deal with major historical, social, philosophical, political, cultural, and aesthetic contexts of the English novel between 1830 and 1900. The essays offer a wide scope of aspects such as the Industrial Revolution, religion, and secularisation, science, technology, medicine, evolution, or the increasing mediatisation of the lifeworld. Part II then leads through the work of more than 25 eminent Victorian novelists. Each of these chapters provides both historical and biographical contextualisation, overview, close reading, and analysis. They also encourage further research as they look upon the work of the respective authors at issue from the perspectives of cultural and literary theory.
