The Changing Face of Rugby Greg Ryan,2009-01-14 In 1995 rugby union became the last significant international sport to sanction professionalism To some this represented an undesirable challenge to the traditions of the game To others the change was inevitable and overdue an acknowledgment of both the reality of modern sport and the extent to which money had already permeated the game While there are some commonalities in the response to professional rugby the contributions to this book representing almost all of the significant rugby playing countries reveal much more that was shaped by particular local contexts both within rugby and in terms of its place within the economic political class and social structures of the surrounding society The authors assess the contrasting ways in which rugby administrators at local regional and national level grappled with the changes that were required and the demands of the corporate backers who funded the transition to professionalism But the more contentious relationships considered are those involving the many amateur rugby players and committed fans who found that significant community and historical reference points were subtly altered or simply obliterated in the face of new commercial imperatives and especially new competitions that separated elite players from the grassroots of the game Some have adapted to the replacement product with relish others have not Some have genuine and well articulated grievances against the processes of changes Others have fallen victim to a nostalgia which appropriates very selective memories of the amateur past to highlight apparent problems with the professional present Above all these contributions provide a range of perspectives that enable the reader to take stock at a particular point in what is still a rapidly evolving game Read in ten or twenty years this book may confirm that many of the right paths have been taken or it may provide pointers to crisis as yet unimagined

*George Young - Teacher, Performer, War Hero and Friend* Alan Sharp,2019-08 I wrote this book because like many others I found George Young an inspiration It seemed it would be valuable to share his story using his own words wherever possible He was a man of many and varied talents An exceptionally gifted teacher at Colchester Royal Grammar School the book s appendix consists of 36 individuals memories of his impact on them They became his friends for as many as 60 years after leaving school and helped raise funds for a fine building as a memorial to him Yet his influence and contribution extended far beyond the school He had a distinguished career as an officer with the Green Howards during the Second World War and was awarded the Military Cross Even after his retirement from teaching he continued to perform on the theatre and Music Hall stages until after his 90th birthday receiving a national award at the age of 91 as the oldest regular amateur performer in the country His huge contribution to the theatrical life of Colchester as an actor and director with local drama groups included raising funds to assist with the establishment of the Mercury Theatre Open any page in this book for a fascinating insight into George s character and wisdom his wit and his accomplishments It feels right to have a remarkable life such as his recorded for posterity **Midgetism** Erin Pritchard,2023-04-14 There exist problematic attitudes and beliefs about dwarfism that have rarely been challenged but continue to construct people with dwarfism as an inferior group within society This book introduces the critical term midgetism which the author has coined to demonstrate that the socio cultural discrimination people with dwarfism experience is influenced by both heightism and disablism As a result it unpacks and challenges the problematic social assumptions that reinforce midgetism within society including the acceptability of midget entertainment and non normate space to demonstrate how particular spaces can either aid in reinforcing or challenge

midgetism Drawing on the tripartite model of disability this book demonstrates how midget entertainment is framed as a non normative positivism which makes it an acceptable form of employment Using autocritical discourse analysis the book exposes examines and responds to excuses that are used to reinforce midgetism thus critiquing the numerous beliefs influenced by cultural representations of dwarfism such as people with dwarfism being acceptable figures of entertainment It will be of interest to all scholars and students of disability studies social history sociology and cultural geography [Time to Say Hello](#) Katherine Jenkins,2012-11-15 The UK s biggest selling classical artist reveals how her angelic voice has shot her to superstardom Katherine Jenkins is an international singing superstar who has redefined a music genre she has brought classical music to the masses and inspired young and old with her incredible voice her glamorous looks and above all her love for music her country and her fans Born in Neath South Wales Katherine won national acclaim as the BBC Welsh Choirgirl of the year and soon after a place at the Royal Academy of Music Auditioning for a terrifying panel of industry experts at Universal Music she came away with the largest recording deal in classical music history And so began Katherine s meteoric rise to stardom TIME TO SAY HELLO is Katherine s incredible story Packed with laughter adventure heartbreak and music it is the tale of a dream coming true and one that will keep you gripped to the last note [Jim Telfer](#) David Ferguson,Jim Telfer,2012-09-14 Jim Telfer is one of the greats of international rugby with a career spanning more than five decades Looking Back For Once reveals how a shepherd s son from the Borders became the major driving force in the most successful days of Scottish rugby and steered the game into the professional era The former captain and coach of Scotland and coach of the British and Irish Lions now sets the record straight on the controversies that raged during his career What made him lambast New Zealand rugby in its Canterbury heartland Why did he not select his best ever Scottish forward for a Lions tour And in his opinion what was the best Scotland team Telfer has intriguing views on the current state of the game but this is more than a rugby book He expresses his sadness at the prospect of life without children and his subsequent delight in adopting and reveals how his teaching career was blighted by tragedy in Glasgow but invigorated by a long haired eccentric With personal contributions from Martin Johnson Colin Meads Andy Irvine and Gregor Townsend among many others Telfer clearly remains one of the most widely respected men in world rugby This is his story [South Africa's Rugby Legends](#) Chris Schoeman,2015-08-01 South Africa s Rugby Legends celebrates those players who have become truly immortal in the eyes of their fans the greatest South African rugby players of the amateur years This beautifully illustrated book covers the immense achievements of those players who ran out against the mighty All Blacks the cunning Aussies and the fiery Welsh among others and played their way into rugby folklore These are the best of the best the players who make you say Those were the days From Fairy Heatlie who played for South Africa against the British in 1891 to the genius Danie Craven in the 1930s the inspirational Hennie Muller of the 1940s and 50s and the charismatic Morn du Plessis of the 1980s the author explores in fascinating detail what made these men the unforgettable names they are today With historical photographs from

**Queering Tourism** Lynda Johnston, 2007-05-07

Gay Pride parades are annual arenas of queer public culture where embodied notions of subjectivity are sold enacted transgressed and debated From Sydney to Rome *Queering Tourism* analyses the paradoxes of gay pride parades as tourist events exploring how the public display of queer bodies the way they look what they do who watches them and under what regulations is profoundly important in constructing sexualized subjectivities of bodies and cities Drawing on extensive collections of interviews visuals and written media accounts photographs advertisements and her own participation in these parades Lynda Johnston gives a vibrant account of queer tourism in New Zealand Australia Scotland and Italy For each place she looks at how the relationship between the viewer and the viewed produces paradoxical concepts of bodily difference and considers how the queered spaces of gay pride parades may prompt new understandings of power and tourism Examining the intersection of sexuality space and tourism and using empirical data gathered at Gay pride parades such as the Sydney Mardi Gras New Zealand HERO Parade and World Pride Roma 2000 this important work produces a deconstructive account of tourism and presents new ways of thinking through the powerful processes of subjectivity formation
