## COMMON QUESTIONS BY LAID OFF EMPLOYEES

### 1. WHY AM I BEING LAID OFF?

Employees often seek clarity on the reasons behind their layoff, be it due to economic downturns, company restructuring, or performance issues. Clear communication helps in maintaining transparency and reduces potential misunderstandings.

### 2. HOW WAS I SELECTED FOR THE LAYOFF?

This question addresses concerns about fairness and bias. Explaining the criteria used (such as tenure, performance, or departmental needs) reassures employees that the process was impartial.

### 3. WHAT DOES MY SEVERANCE PACKAGE INCLUDE?

Details about severance pay, benefits continuation, and any other compensations are critical. Employees need to understand what financial support they can expect.

**Rules for Becoming a Legend** Timothy S. Lane, 2014-03-13 A spirit stirring debut about basketball family and an unlikely underdog who overcomes adversity to become a legend Basketball prodigy Jimmy Kamikaze Kirkus is destined for the NBA But before he can sail off into a golden future Jimmy must reckon with a tragic past and with a curse that has haunted his family for generations His father had been a basketball great himself but his dreams of stardom were traded in for a hasty marriage and parenthood Born into a house haunted by wasted talent alcoholism and death will Jimmy fall victim to the Kirkus Curse or break it once and for all In the same vein as the wildly popular Friday Night Lights Rules for Becoming a Legend uses sports as a lens through which to understand family community catastrophe and hope This spirit igniting debut announces Lane as an extraordinary young writer to watch

The Philosophy of Customary Law James Bernard Murphy,2014-03-10 Although many modern philosophers of law describe custom as merely a minor source of law formal law is actually only one source of the legal customs that govern us Many laws grow out of custom and one measure of a law s success is by its creation of an enduring legal custom Yet custom and customary law have long been neglected topics in unsettled jurisprudential debate Smaller concerns such as whether customs can be legitimized by practice or by stipulation stipulated by an authority or by general consent or dictated by law or vice versa lead to broader questions of law and custom as alternative or mutually exclusive modes of social regulation and whether rational reflection in general ought to replace sub rational prejudice Can legal rules function without customary usage and does custom even matter in society The Philosophy of Customary Law brings greater theoretical clarity to the often murky topic of custom by showing that custom must be analyzed into two more logically basic concepts convention and habit James Bernard Murphy explores the nature and significance of custom and customary law and how conventions relate to habits in the four classic theories of Aristotle Francisco Suarez Jeremy Bentham and James C Carter He establishes that customs are conventional habits and habitual conventions and allows us to better grasp the many roles that custom plays in a legal system by offering a new foundation of understanding for these concepts

**Philosophy of Positive Law** James Bernard Murphy, 2008-10-01 In this first book length study of positive law James Bernard Murphy rewrites central chapters in the history of jurisprudence by uncovering a fundamental continuity among four great legal philosophers Plato Thomas Aquinas Thomas Hobbes and John Austin In their theories of positive law Murphy argues these thinkers represent successive chapters in a single fascinating story That story revolves around a fundamental ambiguity is law positive because it is deliberately imposed as opposed to customary law or because it lacks moral necessity as opposed to natural law These two senses of positive law are not coextensive yet the discourse of positive law oscillates unstably between them What then is the relation between being deliberately imposed and lacking moral necessity Murphy demonstrates how the discourse of positive law incorporates both normative and descriptive dimensions of law and he discusses the relation of positive law not only to jurisprudence but also to the philosophy of language ethics theories of social order and biblical law     *Labor-Federal Security Appropriation Bill for 1950* United States.
