A Creature Unlike Any Other Allison Lang Cook, 2024-08-26 It is 2001 in Vancouver Canada Guy Myles is a literary editor at a boutique publishing house Yearning to revamp his bland life he lands a job interview at a rival firm in New York buys a van and schedules a road trip Just before he leaves a manuscript about the late Carolyn Bessette Kennedy s life is dropped on his desk with a tight timeline He must review it while traveling His road trip quickly spirals into an adventure reminiscent of The Wizard of Oz Guy tangles with his neighbors members of a wicked motorcycle gang the Broomsticks Their mysterious dog Ruby sneaks into Guy s van during a storm and she becomes his first companion The Broomsticks demand Ruby s return and a cross country chase ensues While evading capture Guy meets a spacey waitress well versed in random facts the cynical sometimes cruel daughter of an aging Hollywood movie star a former supermodel assistant with a troubled past and an Australian animal communicator who reveals a surprise connection *A Creature Unlike Any Other* pays homage to Carolyn Bessette Kennedy her biography wrapped in a fictional road trip story based on the Wizard of Oz **Sham** Steve Salerno, 2005-06-21 Self help To millions of Americans it seems like a godsend To many others it seems like a joke But as investigative reporter Steve Salerno reveals in this groundbreaking book it s neither in fact it s much worse than a joke Going deep inside the Self Help and Actualization Movement fittingly the words form the acronym SHAM Salerno offers the first serious expos of this multibillion dollar industry and the real damage it is doing not just to its paying customers but to all of American society Based on the author s extensive reporting and the inside look at the industry he got while working at a leading lifestyle publisher SHAM shows how thinly credentialed experts now dispense advice on everything from mental health to relationships to diet to personal finance to business strategy Americans spend upward of 8 billion every year on self help programs and products And those staggering financial costs are actually the least of our worries SHAM demonstrates how the self help movement s core philosophies have infected virtually every aspect of American life the home the workplace the schools and more And Salerno exposes the downside of being uplifted showing how the empowering message that dominates self help today proves just as damaging as the blame shifting rhetoric of self help s Recovery movement SHAM

also reveals How self help gurus conduct extensive market research to reach the same customers over and over without ever helping them The inside story on the most notorious gurus from Dr Phil to Dr Laura from Tony Robbins to John Gray How your company might be wasting money on motivational speakers executive coaches and other quick fixes that often hurt quality productivity and morale How the Recovery movement has eradicated notions of personal responsibility by labeling just about anything from drug abuse to sex addiction to shoplifting a dysfunction or disease How Americans blindly accept that twelve step programs offer the only hope of treating addiction when in fact these programs can do more harm than good How the self help movement inspired the disastrous emphasis on self esteem in our schools How self help rhetoric has pushed people away from proven medical treatments by persuading them that they can cure themselves through sheer application of will As Salerno shows to describe self help as a waste of time and money vastly understates its collateral damage And with SHAM the self help industry has finally been called to account for the damage it has done Also available as an eBook

Rape Mithu Sanyal, 2019-05-14 A bold honest and unflinching look at the way we talk and think about rape Thanks to Title IX cases MeToo and Times Up the issue of rape seems to be constantly in the news But our thinking on the

subject has a long history one that cultural critic Mithu Sanyal elegantly reconstructs She narrates a history spanning from Lucretia whose legendary rape and suicide was said to be the downfall of the last Roman king to second wave feminism Tarzan and Roman Polanski Sanyal demonstrates that the way we understand rape is remarkably and alarmingly consistent across the ages even though the world has changed beyond recognition It is high time for a new and informed debate about sexual violence sexual boundaries and consent Mithu Sanyal shows that our comprehension of rape is closely connected to our understanding of sex sexuality and gender Why is it that we expect victims to be irreparably damaged When we think of rapists why do we think of strangers rather than uncles husbands priests or boyfriends And in the era of MeToo what should justice look like Rape From Lucretia to MeToo examines the role of race and the recurrent image of the black rapist the omission of male victims and what we mean when we talk about rape culture Sanyal takes on every received opinion we have about rape arguing with liberals conservatives and feminists alike

The Meaning of Wife Anne Kingston, 2006-03-21 One part The Beauty Myth and one part Backlash a provocative exploration of who and what a wife really is There is a wife crisis in North America a brewing storm of conflicting forces swirling around what it means to be a wife at the beginning of the 21st Century The word is so fraught with ambiguity that it has become a litmus test eliciting from women emotions ranging from longing to antipathy anxiety to derision This crisis is at the heart of Anne Kingston's The Meaning of Wife Delving into the complex troubling and sometimes humorous contradictions illusions and realities of contemporary wifehood Kingston takes the reader on a fascinating journey into the wedding industrial complex which elevates the bride to a potent consumer icon through the recent romanticization of domesticity and across the conflicted terrain of wifely sexuality She looks at wife backlash and the new wave of neo traditionalism that urges women to marry before their best before dates expire explores the apotheosis of abused wives and the strange celebration of wives who kill and muses on the fact that Oprah Winfrey and Martha Stewart two of the world's wealthiest and most influential women are both non wives whose success has hinged on their understanding of wives The result is an entertaining mix of social sexual historical and economic commentary that is bound to stir debate even as it reframes our view of both women and marriage
