Rules Of Engagement The Serrano Legacy 5:

Rules of Engagement Elizabeth Moon, 2016-12-02 The New York Times bestselling and Hugo Award winning author of Once a Hero continues her epic saga of war power and loyalty in the cold reaches of space After proving herself in battle Esmay Suiza is continuing her RSS Fleet training alongside her erstwhile love Barin when she meets Brun the ebullient daughter of Lord Thornbuckle who idolizes her as a reluctant hero But Esmay cannot abide Brun s highborn airs And when their shared affection for Barin ignites a rivalry between them Esmay is exiled to remote duty Crushed by the rebuke of her friendship Brun leaves the facility and enters a nightmare For the enemies of civilization are on the move The savage New Texas Militia driven to spread their fanatical dogma has been stealing the Familias government s own weaponry to use against them When Brun accidentally witnesses their depredations her life is all but forfeit Taken by the Militia she is subjected to inhuman torment as Esmay is blamed for the disastrous situation and the galaxy prepares for inevitable conflict With the life of Brun and the dominance of the Familias Regnant both in peril Esmay must go into action once again against a brutal deranged enemy who would rather die than face defeat

Rules Of Engagement Elizabeth Moon, 2010-12-02 Esmay Suiza one of Fleet s most gifted young officers and Brun Meager daughter of the Speaker of the Grand Council have a lot in common they re both bright brave likeable and adventurous But far from becoming the best of friends a string of misunderstandings leads to a very public argument and their enmity is soon the talk of Copper Mountain training base When Brun falls into the hands of a fanatical religious militia movement Esmay finds herself in disgrace suspected of conniving in Brun s abduction Far from hating her however Esmay understands Brun better than anyone else and knows that she has the best chance of coming up with a plan to save her But will anyone in Fleet listen long enough to give her a second chance **RULES OF ENGAGEMENT** is the fifth volume of The Serrano Legacy an action packed science fiction series from this highly acclaimed author More information on this book and others can be found on the Orbit website at www.orbitbooks.co.uk

Women in Nuclear Engineering Research Anne Campbell, Tonya Vitova, Charlotte Becquart ,Marta Serrano Garcia, 2024-12-24 Gender inequality represents one of the major problems that affect the academic world and scientific progress At present less than 30% of researchers worldwide are women Long standing biases and gender stereotypes discourage women away from science related fields especially engineering Engineering as a whole is a historically and currently male dominated research field and ensuring that female voices and research receive equal and indeed greater visibility attention and respect is of vital importance Scientific progress is only possible and greatly accelerated if we have gender equality More women involved in a scientific field results in an expansion of the general knowledge in that field Today while a gender equal society might be seen as both beneficial and desirable it is becoming extremely important to show especially to younger generations the growing impact of female researchers in science
