Rumania Political Problems Of An Agrarian State:

Rumania: Political Problems of an Agrarian State Henry L. Roberts, 1969 The Civic Foundations of Fascism in Europe Dylan Riley, 2019-01-15 Drawing on a Gramscian theoretical perspective and developing a systematic comparative approach *The Civic Foundations of Fascism in Europe* challenges the received Tocquevillian consensus on authoritarianism by arguing that fascist regimes just like mass democracies depended on well organised rather than weak and atomised civil societies In making this argument the book focuses on three crucial cases of interwar authoritarianism Italy Spain and Romania selected because they are all counterintuitive from the perspective of established explanations while usefully demonstrating the range of fascist outcomes in interwar Europe Civic Foundations argues that in all three cases fascism emerged because of the rapid development of voluntary associations combined with weakly developed political parties among the dominant class thus creating a crisis of hegemony Riley then traces the specific form that this crisis took depending on the form of civil society developed autonomous as in Italy elite dominated as in Spain or state dominated as in Romania in the nineteenth century

Department of State. External Research Division, *Romania In The 1980s* Daniel N. Nelson, 2019-06-04 Among communist states Romania is in several respects a unique case Romania has been the only Warsaw Pact member to deviate consistently from Soviet foreign policy norms and alone within Eastern Europe to avoid oil imports from the USSR The leadership of Nicolae Ceausescu since 1965 has meanwhile governed through a studious commitment to socio economic centralization and control

often reminiscent of Stalinist orthodoxy Intellectual freedom artistic liberty and workers rights have changed little relative to Poland Hungary or the transient Prague Spring Such international and domestic policy distinctions as well as a record of impressive industrial growth necessitate an effort to understand the dynamics of Romania s socio economic and political life This volume is meant to delineate trends in political social and economic life which will constitute dynamic elements for the Romanian system during the 1980s and beyond Contributors all scholars with lengthy research experience in Romania the Balkans and communist states generally have sought to identify factors likely to be influential during this and ensuing decades In that sense this is a predictive volume containing not crystal ball gazing but the careful identification and assessment of trends influencing Romanian foreign and domestic policies economic and political performance and societal transformations By suggesting elements crucial to socio economic and political change in Romania we hope to make observing this intriguing communist state somewhat less haphazard and more systematic

Irina Livezeanu,2018-08-06 Since the fall of the Ceausescu regime Romanian politics have been haunted by unresolved issues of the past Irina Livezeanu examines a critical chapter in Eastern European history the trajectory of the aggressive nationalism that dominated Romania between the world wars From Peoples Into Nations John Connelly,2022-01-25 This book is a history of East Central Europe since the late eighteenth century the region of Europe between German central Europe and Russia in the East Connelly argues the region for which it is frequently hard to define exact boundaries and which is sometimes treated country by country in a way seemingly separate from the broader trends of European history was one of shared experience despite most of the peoples being divided by linguistic geographic and political barriers Beginning in the 1780s an unwitting Habsburg monarch Joseph II decreed that his subjects would use only German as he hoped to mold a common nationality using German over the disparate subjects Instead he unleashed the energies and struggle for the emergence of new nations that pitted small peoples armed with an idea against empires The author argues that the underlying national self assertion which emerged under imperial rule in the eighteen and nineteenth centuries shows deep connections to subsequent histories to the creation of nation states of the regions after World War I the failure of democratic rule in these states during the interwar years the submersion of the region under Nazi then Soviet rule after 1939 and to the reinvention of sovereign states and then the break up of two of them after 1989 The book interconnects major themes and country histories for first time chronicling this diverse region over many generations from the time of Joseph through democratic and socialist revolutions genocide and Stalinism through civil society movements struggling for liberal democracy into our own day when illiberal politicians come to power by exploiting very old fears **Modern Romania** Tom

Gallagher,2008-03 Since the 1989 fall of Communism in Eastern Europe Romania arguably the most regimented of states in the Soviet bloc has struggled with the transition from totalitarian state to democratic nation In this insightful examination of modern Romania Tom Gallagher provides an overview of Romania s unique political and social history focusing on both its national identity as well as the legacy of Soviet rule Gallagher provides an in depth look at Romania since 1989 focusing on the government s attempts at economic reform engagement with democracy problems with corruption among the ruling elite as well as the weakness of civil society and the resilience of implacable expressions of nationalism Ultimately Gallagher argues that thus far democracy has essentially failed in Romania In fact he warns that Romania is on its way to becoming one of the most unequal states in Europe and quite possibly a future trouble spot unless efforts to resume much needed reforms are undertaken **Bulletin** United States. Office of Education,1964 *The Remote Borderland* Laszlo Kurti,2001-07-19 Explores how Transylvania figures in the Hungarian imagination and how this border region functions in the creation of national identity Romania Lucian Boia,2001 Romania occupies a unique position on the map of Eastern Europe It is a country that presents many paradoxes In this book the preeminent Romanian historian Lucian Boia examines his native land s development from the Middle Ages to modern times delineating its culture history language politics and ethnic identity Boia introduces us to the heroes and myths of Romanian history and provides an enlightening account of the history of Romanian Communism He shows how modernization and the influence of the West have divided the nation town versus country nationalists versus pro European factions the elite versus the masses and argues that Romania today is in chronic difficulty as it tries to fix its identity and envision a future for itself The book concludes with a tour of Bucharest whose houses streets and public monuments embody Romania s traditional values and contemporary contradictions **A History of the Balkans 1804-1945** Stevan K. Pavlowitch,2014-09-25 The Balkans have often been a flashpoint of conflict in European history The recent civil war has torn the country apart and the region faces an uncertain future This authoritative study provides an account of the history of the whole area from the first major nationalist rising against its Ottoman rulers in 1804 to the aftermath of World War II Covering the former Yugoslavia Albania Greece Bulgaria and Romania it provides a Balkan wide overview as well as histories of specific states and sets the context to the recent conflict
