**Mary Clifford, Terry Edwards**

## **Run For The Wall Remembering Vietnam On A Motorcycle Pilgrimage:**

*Run for the Wall* Raymond J. Michalowski, Jill Dubisch, 2001 *Run for the Wall* is a highly readable ethnographic account of this remarkable American ritual. The authors themselves motorcyclists as well as *Run* participants demonstrate that the event is a form of secular pilgrimage. Here key concepts in American culture—freedom and brotherhood, for example—are constructed and deployed in a variety of rituals and symbols to enable participants to come to terms with the consequences of the Vietnam war. While the focus is the journey itself, the book also explores other themes related to American culture and history, including the nature of community, the Vietnam war, and the creation of American secular ritual.

## **The Seductions of Pilgrimage**

Michael A. Di Giovine, David Picard, 2016-03-09 *The Seductions of Pilgrimage* explores the simultaneously attractive and repellent, beguiling and alluring forms of seduction in pilgrimage. It focuses on the varied discursive, imaginative, and practical mechanisms of seduction that draw individual pilgrims to a pilgrimage site, the objects, places, and paradigms that pilgrims leave behind as they embark on their hyper-meaningful travel experience, and the often unforeseen elements that lead pilgrims off their desired course. Presenting the first comprehensive study of the role of seduction on individual pilgrims in the study of pilgrimage and tourism, it will appeal to scholars of anthropology, cultural geography, tourism, heritage, and religious studies.

*Redefining Pilgrimage* Antón M. Pazos, 2016-04-22 Exploring what does and what does not constitute pilgrimage, *Redefining Pilgrimage* draws together a wide variety of disciplines, including politics, anthropology, history, religion, and sociology. Leading contributors offer a broad range of case studies from a wide geographical area, exploring new ways of approaching pilgrimage beyond the classical religious model. Re-thinking the global phenomenon of pilgrimages in the 21st century, this book offers new perspectives to redefine pilgrimage.

## **Pilgrimage and Healing**

Jill Dubisch, Michael Winkelman, 2022-08-09 Bikers converge at the Vietnam Veterans Memorial in Washington D.C. Thousands flock to a Nevada desert to burn a towering effigy. And the hopeless but hopeful journey to Lourdes as they have for centuries. Although pilgrimage may seem an antiquated religious ritual, it remains a vibrant activity in the modern world as pilgrims combine traditional motives such as seeking a cure for physical or spiritual problems with contemporary searches for identity or interpersonal connection. That pilgrimage continues to exercise such a strong attraction is testimony to the power it continues to hold for those who undertake these sacred journeys. This volume brings together anthropological and interdisciplinary perspectives on these persistent forms of popular religion to expand our understanding of the role of the traditional practice of pilgrimage in what many believe to be an increasingly secular world. Focusing on the healing dimensions of pilgrimage, the authors present case studies grounded in specific cultures and pilgrimage traditions to help readers understand the many therapeutic resources pilgrimage provides for people around the world. The chapters examine a variety of pilgrimage forms, both religious and non-religious, from Nepalese and Huichol shamanism, pilgrimage to Catholic journeys to shrines and feast days to Nevada's Burning Man festival. These diverse cases suggest a range of meanings.

embodied in the concept of healing itself from curing physical ailments and redefining the self to redressing social suffering and healing the wounds of the past Collectively and individually the chapters raise important questions about the nature of ritual in general and healing through pilgrimage in particular and seek to illuminate why so many participants find pilgrimage a compelling way to address the problem of suffering They also illustrate how pilgrimage exerts its social and political influence at the personal local and national levels as well as providing symbols and processes that link people across social and spiritual boundaries By examining the persistence of pilgrimage as a significant source of personal engagement with spirituality Pilgrimage and Healing shows that the power of pilgrimage lies in its broad transformative powers As our world increasingly adopts a secular and atheistic perspective in many domains of experience it reminds us that for many spiritual quest remains a potent force

**Criminologies of the Military** Ben Wadham, Andrew Goldsmith, 2018-06-28 This innovative collection offers one of the first analyses of criminologies of the military from an interdisciplinary perspective While some criminologists have examined the military in relation to the area of war crimes this collection considers a range of other important but less explored aspects such as private military actors insurgents paramilitary groups and the role of military forces in tackling transnational crime Drawing upon insights from criminology this book's editors also consider the ways the military institution harbours criminal activity within its ranks and deals with prisoners of war The contributions by leading experts in the field have a broad reach and take a truly global approach to the subject

**WALNECK'S CLASSIC CYCLE TRADER, JUNE 2002** Causey Enterprises, LLC, **Revisiting Vietnam** Julia Bleakney, 2013-09-13 This book explores the memorializing practices of American veterans of the Vietnam War at several of the most significant contemporary sites of memory in the United States and Vietnam These sites include veterans memoirs museum exhibits replicas of the National Vietnam Veterans Memorial and tourism to Vietnam Because war memorializing has since the late 1960s shifted focus from national soul searching to personal identity and recovery I emphasize how contemporary narratives of the war shaped more by memory than by history often are detached from the specific history of the war and its political controversies Drawing on trauma and cultural memory scholarship as well as empirical data gathered during field research in the U S and Vietnam the author examines how veterans memorializing practices have become increasingly individualized commodified and conservative since the early 1980s

**Religious Diversity Today** Jean-Guy A. Goulet, Liam D. Murphy, Anastasia Panagakos, 2015-12-01 This insightful three volume set examines faith through the social and cultural perspective of anthropology sociology and religious studies shedding light on the role of religion in the human experience Why is human suffering and the existence of evil part of the human experience How does religious doctrine establish one's identity In what ways does religion interact with and shape the social order This thought provoking work ponders these questions and explores the concept of religion from various perspectives as a tool for self and community based spiritual awareness as a set of practices that translates faith into interaction with others and as a cornerstone of society for those who

seek to harness or hinder its influence Written in accessible and inviting language each volume focuses on a particular dimension of religion The first book examines religious experience in the modern world and explores suffering in religious faiths the second volume centers around ritual and pilgrimage and the last book analyzes the controversial relationship between religion and societies The content features such thought provoking topics as death and green burials sexuality and sex trade and how and why evil manifests in the human experience

**Fields of Combat** Erin P. Finley, 2011-04-07 For many of the 1 6 million U S service members who have served in Iraq and Afghanistan since 2001 the trip home is only the beginning of a longer journey Many undergo an awkward period of readjustment to civilian life after long deployments Some veterans may find themselves drinking too much unable to sleep or waking from unspeakable dreams lashing out at friends and loved ones Over time some will struggle so profoundly that they eventually are diagnosed with post traumatic stress Disorder PTSD Both heartbreaking and hopeful *Fields of Combat* tells the story of how American veterans and their families navigate the return home Following a group of veterans and their their personal stories of war trauma and recovery Erin P Finley illustrates the devastating impact PTSD can have on veterans and their families Finley sensitively explores issues of substance abuse failed relationships domestic violence and even suicide and also challenges popular ideas of PTSD as incurable and permanently debilitating Drawing on rich often searing ethnographic material Finley examines the cultural political and historical influences that shape individual experiences of PTSD and how its sufferers are perceived by the military medical personnel and society at large Despite widespread media coverage and public controversy over the military's response to wounded and traumatized service members debate continues over how best to provide treatment and compensation for service related disabilities Meanwhile new and highly effective treatments are revolutionizing how the Department of Veterans Affairs VA provides trauma care redefining the way PTSD itself is understood in the process Carefully and compassionately untangling each of these conflicts *Fields of Combat* reveals the very real implications they have for veterans living with PTSD and offers recommendations to improve how we care for this vulnerable but resilient population

**Contemporary Encounters in Gender and Religion** Lena Gemzöe, Marja-Liisa Keinänen, Avril Maddrell, 2016-11-16 The fields of gender and religious studies have often been criticized for neglecting to engage with one another and this volume responds to this dearth of interaction by placing the fields in an intimate dialogue Taking a multi disciplinary approach and drawing on feminist scholarship the book undertakes theoretical and empirical explorations of relational and co constitutive encounters of gender and religion Through varied perspectives the chapters address three interrelated themes religion as practice the relationship between religious practice and religion as prescribed by formal religious institutions and the feminization of religion in Europe

*Researching Corporations and Global Health Governance* Kelley Lee, Benjamin Hawkins, 2016-12-12 The profound changes to the world economy since the late twentieth century have been characterised by a growth in the number and size of transnational corporations In this context there is now increasing

evidence of unprecedented reversals in health indicators among populations around the world Research in this area has focused on documenting the global health impacts arising from the economic activity of corporations The challenge for public health researchers is to understand the ways in which corporations are regulated by and participate in global health governance and implications for health and well being across the globe This book is an introductory guide to conducting research on the role of corporations in global health governance from a range of disciplinary perspectives and gives an overview of different approaches methodologies and data sources Also for case studies providing interdisciplinary empirical analysis of the impact of corporations on global health and global health governance see the partner volume <http://www.rowmaninternational.com/books/case-studies-on-corporations-and-global-health-governance> *Environmental Crime* Mary Clifford, Terry Edwards, 2011-09 Updates on state and local issues *Violence, Conflict, and World Order* Gregg Barak, 2007 *Violence Conflict and World Order Critical Conversations on State Sanctioned Justice* examines the interpersonal institutional and structural relations of injustice and violence both domestically and globally through a series of dynamic conversations that are rich with p *Critical Voices in Criminology* David Christopher Powell, 2009-08-28 Readers of criminological literature are presented with little more than thumbnail sketches as to the social characteristics or motivations of the authors One learns their status institutional location and supposed credentials Rarely are we presented with more detailed impressions of the authors as a combination of positivist assumptions and notions of professional competence seemingly render such information unimportant However increasing numbers of critical scholars are becoming aware of authorship as an issue it matters who is addressing us By taking these authors out of their methodological framework *Critical Voices in Criminology* provides an opportunity for figures in and around critical criminology to discuss their own intellectual journeys into and within the discipline The book offers the opportunity for contributors to reflect on their work and consider what they did not say It also affords them the opportunity to describe their own channeling processes by indicating how the pursuance of some themes topics seemed appropriate sensible or realistic while others appeared less so whether they internalized these particular themes or attempted to contest and or replace them **State Crime and Resistance** Elizabeth Stanley, Jude McCulloch, 2012-11-27 Within criminology the state is often ignored as an active participant or represented as a neutral force While state crime studies have proliferated criminologists have not paid attention to the history and impact of resistance to state crime This book recognises that crimes of the state are far more serious and harmful than crimes committed by individuals and considers how such crimes may be contested prevented challenged or stopped Gathering together key scholars from the UK USA Asia Australia and New Zealand this book offers a deepened understanding of state crime through the practical and analytical lens of resistance This book focuses on crimes ranging from gross violations of human rights such as genocide war crimes mass killings summary executions torture harsh detention and rape during war to entrenched discrimination unjust social policies border controls corruption fraud resource plunder and the failure to provide the

regulatory environment and principled leadership necessary to deal with global warming As the first to focus on state crime and resistance this collection inspires new questions as it maps the contours of previously unexplored territory It is aimed at students and academics researching state crimes resistance human rights and social movements It is also essential reading for all those interested in joining the struggles to champion ways of living that value humanity and justice over power

**Teaching Ritual** Catherine Bell, 2007-05-11 There is a great deal of interest in bringing a better appreciation of ritual into religious studies classes but many teachers are uncertain how to go about doing this Religious studies faculty know how to teach texts but they are often unprepared to teach something for which the meaning lies in the doing How much doing should a class do How does the teacher talk about religious concepts that exist in practical relationships not textual descriptions These practical issues also give rise to theoretical questions Giving more attention to ritual effectively suggests a reinterpretation of religion itself focused on what people have thought and written and more focused on how they order their universe Much of the useful analysis of ritual derives from anthropological and sociological premises which are often foreign to religious studies faculty and are seen by some as theologically problematic This is the first resource to address the issues specific to teaching this subject A stellar cast of contributors who teach ritual in a wide variety of courses and settings explain what has worked for them in the classroom what hasn't and what they've learned from experience Their voices range from personal to formal and their topics from Japanese theatre to using field trips The result is a thoughtful guide for teachers who are new to the subject as well as experienced ones looking for fresh angles and approaches

**Beyond the Good Death** James W. Green, 2012-03-15 In November 1998 millions of television viewers watched as Thomas Youk died Suffering from the late stages of Lou Gehrig's disease Youk had called upon infamous Michigan pathologist Dr Jack Kevorkian to help end his life on his own terms After delivering the videotape to 60 Minutes Kevorkian was arrested and convicted of manslaughter despite the fact that Youk's family firmly believed that the ending of his life qualified as a good death Death is political as the controversies surrounding Jack Kevorkian and more recently Terri Schiavo have shown While death is a natural event modern end of life experiences are shaped by new medical demographic and cultural trends People who are dying are kept alive sometimes against their will or the will of their family with powerful medications machines and heroic measures Current research on end of life issues is substantial involving many fields Beyond the Good Death takes an anthropological approach examining the changes in our concept of death over the last several decades As author James W Green determines the attitudes of today's baby boomers differ greatly from those of their parents and grandparents who spoke politely and in hushed voices of those who had passed away Dr Elisabeth Kubler-Ross in the 1960s gave the public a new language for speaking openly about death with her five steps of dying If we talked more about death she emphasized it would become less fearful for everyone The term good death reentered the public consciousness as narratives of AIDS cancer and other chronic diseases were featured on talk shows and in popular books such as the best selling Tuesdays with Morrie

Green looks at a number of contemporary secular American death practices that are still informed by an ancient religious ethos. Most important, *Beyond the Good Death* provides an interpretation of the ways in which Americans react when death is at hand for themselves or for those they care about. *Handbook of Transnational Crime and Justice* Philip Reichel, Jay Albanese, 2013-04-29 Transnational crime and justice will characterize the 21st century in the same way that traditional street crimes dominated the 20th century. In the *Handbook of Transnational Crime and Justice* Philip Reichel and Jay Albanese bring together top scholars from around the world to offer perspectives on the laws, crimes, and criminal justice responses to transnational crime. This concise reader-friendly handbook is organized logically around four major themes: the problem of transnational crime, analysis of specific transnational crimes, approaches to its control, and regional geographical analyses. Each comprehensive chapter is designed to be explored as a stand-alone topic, making this handbook an important textbook and reference tool for students and practitioners alike. *Discover Sociology: Core Concepts* Daina S. Eglitis, William J. Chambliss, 2017-11-30 *Discover Sociology: Core Concepts* explores sociology as a discipline of curious minds with the theoretical, conceptual, and empirical tools needed to understand, analyze, and even change the world, all in a more streamlined format. It is adapted from *Discover Sociology* Third Edition and offers in-depth coverage of 12 high-priority topics that are at the core of almost all introductory sociology courses. *Core Concepts* maintains its reader-friendly narrative and the hallmark themes of the parent book, including the unequal distribution of power in society, Inequality Matters, the sociological imagination, Private Lives, Public Issues, and career skills. *What Can I Do With a Sociology Degree?* A new feature, *Discover and Debate*, shows students how to take effective evidence-based positions on important social issues and how to argue in a respectful manner that recognizes the value of different perspectives. Also available as a digital option, courseware. Contact your rep to learn more about *Discover Sociology: Core Concepts* Vantage Digital Option. **State Crime in the Global Age** William Chambliss, Raymond Michalowski, Ronald Kramer, 2013-05-13 *State Crime in the Global Age* brings together original writings from leading scholars in the field to explore the many ways that the use and abuse of state power results in grave social harms that outweigh by far the consequences of ordinary street crime. The topics covered include the crimes of empire, illegal war, the bombing of civilians, state-sanctioned torture, state sacrifice of human lives, and judicial wrongdoing. The book breaks new ground through its examination of the ways globalization has intensified potentials for state crime, as well as bringing novel theoretical understandings of the state to the study of state crime and exploring strategies for confronting state crime. This book, while containing much that is of interest to scholars of state crime, is designed to be accessible to students and others who are concerned with the ways individuals, social groups, and whole nations are victimized by the misuse of state power.

### **Run For The Wall Remembering Vietnam On A Motorcycle Pilgrimage Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Run For The Wall Remembering Vietnam On A Motorcycle Pilgrimage has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Run For The Wall Remembering Vietnam On A Motorcycle Pilgrimage has opened up a world of possibilities. Downloading Run For The Wall Remembering Vietnam On A Motorcycle Pilgrimage provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Run For The Wall Remembering Vietnam On A Motorcycle Pilgrimage has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Run For The Wall Remembering Vietnam On A Motorcycle Pilgrimage. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Run For The Wall Remembering Vietnam On A Motorcycle Pilgrimage. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Run For The Wall Remembering Vietnam On A Motorcycle Pilgrimage, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Run For The Wall Remembering Vietnam On A Motorcycle Pilgrimage has transformed the way we access information. With the

convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Run For The Wall Remembering Vietnam On A Motorcycle Pilgrimage Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Run For The Wall Remembering Vietnam On A Motorcycle Pilgrimage is one of the best book in our library for free trial. We provide copy of Run For The Wall Remembering Vietnam On A Motorcycle Pilgrimage in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Run For The Wall Remembering Vietnam On A Motorcycle Pilgrimage. Where to download Run For The Wall Remembering Vietnam On A Motorcycle Pilgrimage online for free? Are you looking for Run For The Wall Remembering Vietnam On A Motorcycle Pilgrimage PDF? This is definitely going to save you time and cash in something you should think about.
