Run Silent:

Run Silent, Run Deep Edward L. Beach, 2016-10-15 Universally praised for its powerfully authentic depiction of submarine warfare *Run Silent Run Deep* was an immediate success when published in 1955 and shot to the top of best seller lists nationwide In 1958 Hollywood adapted the novel for the big screen starring Clark Gable and Burt Lancaster The New York Times said of the novel If ever a book had a ring of reality this is it combat passages rank with the most exciting written about any branch of the service The Saturday Review called the book a classic and many reviewers compared its author to such greats as C S Forester and Erich Remarque Today these accolades still ring true for Edward L Beach's gripping first novel of American submariners confronting a formidable Japanese navy in a vicious battle to control the Pacific Beach's taut and dramatic narrative told with the intimacy of a confession deals with two strong headed men Edward Richardson the commander of the USS Walrus and his executive officer Jim Bledsoe Bound together by wartime duty the two are divided by jealousy pride and love for a beautiful woman But long after the details of this famous novel fade from memory what remains with us is a startling realization of the way it really was in the silent service during World War II Unlike many war novels here is a story that deals with war from the perspective of command With fidelity Beach creates the anguish agony and triumphs of command decisions Commander Richardson embodies all that is fine and human in an excellent naval officer This is a monument not to the misfits and the mistakes but to those men who rose to greatness under the sometimes unbearable tensions of action

Zero Hour Clive Cussler, Graham Brown, 2014-06-03 It is called zero point energy and it really exists a state of energy contained in all matter everywhere and thus all but unlimited Nobody has ever found a way to tap into it however until one scientist discovers a way Or at least he thinks he has The problem is his machines also cause great earthquakes even fissures in tectonic plates One machine is buried deep underground the other is submerged in a vast ocean trench If Kurt Austin and Joe Zavala and the rest of the NUMA team aren t able to find and destroy them and soon the world will be on the threshold of a new era of earth tremors and unchecked volcanism

The Films of Robert Wise Richard C. Keenan, 2007-08-22 From his early days as a film editor at RKO studios where he helped Orson Welles shape Citizen Kane to his success as a director and producer of musical blockbusters of the 1960s Robert Wise had a long and illustrious film career Unlike contemporaries such as Alfred Hitchcock John Ford or Howard Hawks however Wise s films lack any clearly discernible characteristics to signify his work There are few striking camera angles or visual flourishes that might distract from the primary obligation to present the story And like Hawks Wise never specialized in one or two genres but brought his directing skills to all manner of films His work as a director resists auteur categorization and that is a chief reason why some critics have been unduly negative in their consideration of his work In The Films of Robert Wise Richard Keenan examines the nearly forty features that represent the director s career from Curse of the Cat People in 1944 to A Storm in Summer 2001 the only television production Wise ever directed Keenan offers

a reappraisal of Wise's films so that the true quality of his work can be better appreciated. Keenan argues that if there was a flaw in Robert Wise as a director it was that he lacked the ego and temperament of the artist which was not necessarily a flaw at all. Indeed, Wise was a conscientious craftsman who saw his work not primarily as a vehicle for his own ideas and visual style but as an opportunity to present narrative that quite simply engages, informs, and entertains. It was this perspective that helped produce a number of memorable films over the years, including the gritty noir *Born to Kill*, the one-two punch of *The Set Up* and *Somebody Up There Likes Me*, the sci-fi prophecy *The Day the Earth Stood Still*, and the gripping indictment of capital punishment *I Want to Live*. Classics all. Wise also won a pair of Oscars for two of the most memorable, not to mention successful, musicals of all time: *West Side Story* and *The Sound of Music*. Drawing on more than 30 hours of interviews with Wise as well as additional interviews with a number of his collaborators, Keenan offers a welcome reassessment of the director's work. In his analysis of each film, Keenan reveals both Wise the craftsman and the artist. In doing so, *The Films of Robert Wise* finally confers upon this underappreciated director the recognition he deserves.

Blueprint to Bluewater, the Indian Navy, 1951-65 Satyindra Singh, 1992 **The Dawn of the Sacred: The Mawoakin Conspiracy** Morrison Fuller, 2025-01-01 13 000 years ago, isolated on the Itabacan Archipelago, the Itabayiti civilization is thriving. With every resource imaginable at their fingertips, they have spent the past thousand years building massive pyramids to observe their ancestors in the night sky, enormous ceremonial courts for festivals and ball games, and towering walls to protect them from the Storm Spirit's wrath. They are a seafaring people with sturdy reed boats that can withstand the most powerful of waves, which they utilize to explore beyond their great wall. And they are a technologically and philosophically advanced people who are beginning to toe the line between spiritualism and empiricism. However, though life goes on and farmers continue to farm, fishermen fish, and unions are made and families combined, wicked forces long to return to their ancient and feared lost traditions. Conspire in secret to murder Itabacan's ruler and destabilize the established order. Unluckily for them, two young boys who constantly seem to be in the wrong place at the wrong time appear to thwart their devious plan. Or have they? Add to this a strange object spotted in the night sky, political unrest, and a mysterious figure who seems to confound both Itabayiti spirituality and reasoning. And *The Dawn of the Sacred: The Mawoakin Conspiracy* becomes more than a mythic genre entry. Matched with its strong emphasis on family, community, and the all-too-familiar growing pains that accompany a young boy's transition to manhood, Morrison Fuller's debut novel appeals far beyond the expected audience. **100 More Great Books** Bonnie A.
