Runaways on the Inside Passage Joe Upton, 2002-09-01 Young readers will thrill to this breathless story of courage and determination set in the Alaska wilderness Abandoned by their mother in Seattle thirteen year old twins Annie and David Ross enlist the help of Lars Hansen an elderly commercial fisherman to find their father in Alaska In late November when most fishing vessels are decommissioned for the winter the trio sets out from Puget Sound in a forty foot salmon troller for an eight hundred mile journey along the Inside Passage Pursued by the authorities as runaways and with Lars s health failing the three experience one adventure after another as they inch their way North through terrifying winter storms and frightening encounters with strangers In the process Annie and David also make new lasting friendships and kindle personal reserves of strength that they didn t know existed

Heaton, 2015-05-01 Massacres mayhem and mischief fill the pages of Outlaw Tales of Alaska Pan for gold with dry gulchers and claim jumpers Duck the bullets of murderers plot strategies with con artists hiss at lawmen turned outlaws A refreshing new perspective on some of the most infamous reprobates of the Last Frontier From Unimak Island to Fairbanks and beyond the Last Frontier was populated by characters as tough and as dangerous as any in the lower forty eight Take the legendary Blue Parka Bandit whose generosity earned him Robin Hood status among some and whose flair for escapes kept folks on edge even after his arrest Or Fred Hardy who in 1902 achieved the dubious distinction

of being the first convicted murderer hung by the feds in the Territory of Alaska That s not to mention Kultuk whose murderous exploits spread fear through the hearts of trappers in his rugged domain American Book Publishing Record ,2003 *Catalog of Copyright Entries* Library of Congress. Copyright Office,1968 **Adventure** ,1912 Portsmouth Virginia Cassandra Newby-Alexander,Mae Breckenridge-Haywood,2003 African Americans in Portsmouth built a strong insulated community because they were cognizant of the need to look inward Whether assisting the pre Civil War escapes through the Underground Railroad forming banks publishing a newspaper or providing recreational facilities Portsmouth s African Americans created one of the most stable middle class black communities in America Early 20th century leaders such as Dr William Reid Nancy T Wheeler and the Reverend Harvey N Johnson Sr were civic models and guiding forces for a community emerging from the ravages of slavery and enduring the hardships of segregation Black America Portsmouth Virginia captures the world of an ever changing community and a people who persevered no matter the odds *The South Vs. The South* William W. Freehling,2002-11-14 Why did the Confederacy lose the Civil War Most historians point to the larger number of Union troops for example or the North s greater industrial might Now in *The South Vs the South* one of America s leading authorities on the Civil War era offers an entirely new answer to this question William Freehling argues that anti Confederate Southerners specifically border state whites and southern blacks helped cost the Confederacy the war White men in such border states as Missouri Kentucky and Maryland Freehling points out were divided in their loyalties but far more joined the Union army or simply stayed home than marched off in Confederate gray If they had enlisted as rebel troops in the same proportion as white men did farther south their numbers would have offset all the Confederate casualties during four years of war In addition when those states stayed loyal the vast majority of the South s urban population and industrial capacity remained in Union hands And many forget Freehling writes that the slaves own decisions led to a series of white decisions culminating in the Emancipation Proclamation that turned federal forces into an army of liberation depriving the South of labor and adding essential troops to the blue ranks Whether revising our conception of slavery or of Abraham Lincoln or establishing the antecedents of Martin Luther King or analyzing Union military strategy or uncovering new meanings in what is arguably America s greatest piece of sculpture Augustus St Gaudens Shaw Memorial Freehling writes with piercing insight and rhetorical verve Concise and provocative *The South Vs the South* will forever change the way we view the Civil War **Transatlantic Women's Literature** Heidi Slettedahl Macpherson,2008-11-03 *Transatlantic Women s Literature* is a valuable contribution to the evolving debate surrounding Transatlantic Studies and transatlantic literature Its originality and importance lie in its focus on 20th century women s narratives of travel and adventure and its deliberate expansion of the Transatlantic concept beyond the familiar US UK axis to include Canada South America the Caribbean and Eastern Europe The crisscrossing of the Atlantic is contested and problematised throughout The book explores culturally resonant literature that imagines e views from both sidese and examines the imaginary e in betweene space of the Atlantic It

offers a considered exploration of the way in which the space of the Atlantic and women's space work together in the construction of meaning in transatlantic texts. Focusing on contemporary literature, this book engages with a range of genres from novellas and novels to essays, memoirs and travel literature. Nella Larsen's *Quicksand* is read alongside Bharati Mukherjee's *Jasmine* in relation to constructions of the exotic. Eva Hoffman's *Lost in Translation* is explored in relation to memoirs of travel such as Jenny Diski's *Skating to Antarctica* and *Stranger on a Train* and Anne Tyler's transatlantic novel *The Accidental Tourist* is read alongside her latest transpacific novel *Digging to America* as well as Isabel Allende's *Daughter of Fortune*. Readers will gain an appreciation of the complexity of the transatlantic narrative and the ways in which these narratives are defined by and infused with gender considerations.

The Frontier Within Kōbō Abe, 2013-06-25 Abe Kobo (1924-1993) was one of Japan's greatest postwar writers, widely recognized for his imaginative science fiction and plays of the absurd. However, he also wrote theoretical criticism for which he is lesser known, merging literary, historical and philosophical perspectives into keen reflections on the nature of creativity, the evolution of the human species and an impressive range of other subjects. Abe Kobo tackled contemporary social issues and literary theory with the depth and facility of a visionary thinker. Featuring twelve essays from his prolific career, including *Poetry and Poets*, *Consciousness and the Unconscious* (written in 1944) and *The Frontier Within* (Part II written in 1969), this anthology introduces English-speaking readers to Abe Kobo as critic and intellectual for the first time. Demonstrating the importance of his theoretical work to a broader understanding of his fiction and a richer portrait of Japan's postwar imagination, Richard F. Calichman provides an incisive introduction to Abe Kobo's achievements and situates his essays historically and intellectually.
