7 Ways to Beat the Pension Crisis Anthony Vice, 2004. This up to date relevant guide to dealing with the pension crisis explains new rules to come into force in 2005 and outlines seven effective ways to secure a more prosperous retirement. Advice is aimed at the 40 plus age group so don't think it's ever too late to take steps that will really make a difference. The book explains how to build up tax free ISAs then switch them under the planned new rules into pension assets bringing you safe yields of up to 15 percent, go into property, raise money from your home, buy a second home, set up a holiday let and become a landlord, build an investment portfolio balancing cash, fixed interest and shares to spread risk and exploit growth prospects, use unit trusts to gain professional skills and how to keep down the buying costs, arrange stakeholder pensions where each basic plan brings you a government subsidy of 16 a week and buy into a roll up fund if you plan to retire abroad or if you expect your tax rate to fall when you stop working.

Olympus and Beyond Allan Lawrence, 2014-08-28. *Olympus and Beyond* by Allan Lawrence is the story of sport running told against the backdrop of the bigger human story of atmosphere, emotions and relationships from the beginning where a young Australian boy watched a newsreel and saw an American Naval Ensign become the first human in history to exceed 15 in the pole vault in Madison Square Garden. He vowed that one day he would compete in Madison Square Garden and break a world record. True to his word, seventeen years later, almost to the day, he succeeds although in a different event. This is the fascinating tale of a young boy's rise in the athletic field and his coming to the United States where he won several NCAA titles both individual and team and won All American selection ten times while winning AAU titles in cross country, indoor and track running. He struggled along the way with citizenship and health issues but his determination and persistence allowed him to overcome these obstacles. Allan Lawrence is a true competitor.
