The Oxford Dictionary of American Political Slang Grant Barrett, 2006-06-08 Here is a wonderful Baedeker to down and dirty politics more than six hundred slang terms straight from the smoke filled rooms of American political speech Hatchet Jobs and Hardball The Oxford Dictionary of American Political Slang illuminates a rich and colorful segment of our language Readers will find informative entries on slang terms such as Beltway bandit and boondoggle angry white male and leg treasurer juice bill and Joe Citizen banana superpower and the Big Fix We find not only the meaning and history of familiar terms such as gerrymander but also of lesser known terms such as cracking splitting a bloc of like minded voters by redistricting and fair fight district which refers to areas redistricted to favor no political party Each entry includes the definition of the word its historical background and illuminating citations some going back more than 200 years We learn for instance that a term as seemingly current as political football actually dates back to before the Civil War Selected entries will have extended encyclopedic notes The book also features sidebar essays on topics such as political words in Blogistan a short history of big cheese all about chads and the 2000 election the suffix gate and all the related Watergate terms and the naming of legislation Political junkies policy wonks journalists and word lovers will find this book addictive reading as well as a reliable guide to one of the more colorful corners of American English *Safire's Political Dictionary* William

Safire, 2008-03-31 When it comes to the vagaries of language in American politics its uses and abuses its absurdities and ever shifting nuances its power to confound obscure and occasionally to inspire William Safire is the language maven we most readily turn to for clarity guidance and penetrating sometimes lacerating wit Safire's Political Dictionary is a stem to stern updating and expansion of the Language of Politics which was first published in 1968 and last revised in 1993 long before such terms as Hanging Chads 9 11 and the War on Terror became part of our everyday vocabulary Nearly every entry in that renowned work has been revised and updated and scores of completely new entries have been added to produce an indispensable guide to the political language being used and abused in America today Safire's definitions discursive historically aware and often anecdotal bring a savvy perspective to our colorful political lingo Indeed a Safire definition often reads like a mini essay in political history and readers will come away not only with a fuller understanding of particular words but also a richer knowledge of how politics works and fails to work in America From Axis of Evil Blame Game Bridge to Nowhere Triangulation and Compassionate Conservatism to Islamofascism Netroots Earmark Wingnuts and Moonbats Slam Dunk Doughnut Hole and many others this language maven explains the origin of each term how and by whom and for what purposes it has been used or twisted as well as its perceived and real significance For anyone who wants to cut through the verbal haze that surrounds so much of American political discourse Safire's Political Dictionary offers a work of scholarship wit insiderhood and resolute bipartisanship **Illinois Studies in the Social Sciences** University of Illinois

(Urbana-Champaign campus), 1946 **Defender in Chief** John Yoo, 2020-07-28 In Defender in Chief celebrated

constitutional scholar John Yoo makes a provocative case against Donald Trump's alleged disruption of constitutional rules and norms. Donald Trump isn't shredding the Constitution; he's its greatest defender. Ask any liberal and many moderate conservatives and they'll tell you that Donald Trump is a threat to the rule of law and the U.S. Constitution. Mainstream media outlets have reported fresh examples of alleged executive overreach or authoritarian White House decisions nearly every day of his presidency. In the 2020 primaries, the candidates have rushed to accuse Trump of destroying our democracy and jeopardizing our nation's very existence. Yoo argues that this charge has things exactly backwards. Far from considering Trump an inherent threat to our nation's founding principles, Yoo convincingly argues that Washington, Jefferson, Madison, and Hamilton would have seen Trump as returning to their vision of presidential power, even at his most controversial. It is instead liberal opponents who would overthrow existing constitutional understanding in order to unseat Trump, but in getting their man, would inflict permanent damage on the office of the presidency, the most important office in our constitutional system and the world. This provocative and engaging work is a compelling defense of an embattled president's ideas and actions.

This Was Hollywood Carla Valderrama, 2020-11-17. In this one-of-a-kind Hollywood history, the creator of Instagram's celebrated ThisWasHollywood reveals the forgotten past of the film world in a dazzling visual package modeled on the classic fan magazines of yesteryear. From former screen legends who have faded into obscurity to new revelations about the biggest movie stars, Valderrama unearths the most fascinating little-known tales from the birth of Hollywood through its Golden Age. The shocking fate of the world's first movie star, Clark Gable's secret love child. The film that nearly ended Paul Newman's career. A former child star who at ninety-three reveals her #MeToo story for the first time. Valderrama unfolds these stories and many more in a volume that is by turns riveting, maddening, hilarious, and shocking. Drawing on new interviews, archival research, and an exhaustive library of photographs, This Was Hollywood is a compelling and visually stunning catalogue of the lost history of the movies.

The POTUS Chronicles Robert Haught, 2008-03. The POTUS Chronicles is a merry romp through some of the most eventful times in the nation's political history. It's a sometimes bumpy roller coaster ride, prudently recreating with George H.W. Bush, wondering what's next for Bubba Bill Clinton and his co-president wife, and misunderestimating George Dubya Bush. Like pages from a reporter's notebook, satirical glimpses of three administrations are captured with the freshness of today's headlines. Besides presenting a breezy account of war and peace and partying at the dawn of a new century, the pages of The POTUS Chronicles contain answers to many questions that trouble the minds of conscientious citizens, such as: Which president had to prove his identity to a skeptical third grader? What advice did the Bush dog Millie give the Clinton cat Socks? Whose presidential inauguration involved an official road-kill patrol? Who is the former first lady who revealed she has conversations with Eleanor Roosevelt? How did the White House staff react when a president choked on a pretzel? What happened to Dick Cheney after a Republican senator switched parties? Relive a memorable era in the nation's capital as seen through the lens of a seasoned Washington observer, tongue-in-cheek. *Democratic Socialism*
