Russia and Germany Walter Laqueur, 2018-04-24 Despite changes in the international constellation since Russia and Germany initially appeared in 1965 the relationship between these two nations remains the most important single issue in European politics and East West affairs This study of what Russians and Germans have thought of each other and the fateful consequences of their interacting ideas is of lasting significance The fact that Russia and Germany have embodied extreme manifestations of the totalitarian plague in the twentieth century After briefly exploring the historical origins of Russophobia in Germany and of anti Germanism in Russia Laqueur reviews in detail the confrontation of Nazism and Bolshevism that culminated in World War II He deals with the Russian origins of National Socialism and the ideology of the Russian far right from the days of the Black Hundred to its recent revival This edition includes a major new introduction by the author reviewing developments in the relationship between Russia and Germany in the last 25 years and speculating about its future Long out of print Russia and Germany will be again welcomed by political scientists students of international relations and all those with an interest in recent history and current events

Exploring the Weimar Russia Analogy Gary P.

Russell, 1999-12-01 The Weimar Russia analogy is based on a comparison between the failures of the Weimar Republic in Germany 1918-33 and the current problems of post Soviet Russia The premise of the analogy is that initial advances toward democracy and economic stabilization might fail and that an authoritarian leader might assume power rearm and destabilize the Eurasian continent The comparison has been the subject of academic conferences books journal articles news stories and miscellaneous comments This thesis examines the following elements of the comparison Defeat in War Revolution as the Internal Cause Loss of Territory and Resources Economic Turmoil Political Systems Governments and Leaders Decline of the Military The Diaspora and the Desire for an Ethnically based Nation State Revanchism and Irredentism and Fascism and Anti Semitism While some analysts question the validity of the comparison the Weimar Russia analogy commands attention from experts in Russian affairs and government officials concerned with the future of Russia

Weimar Germany Between Two Worlds R. Seth C. Knox, 2006 During the interwar period America and Russia provided German travel writers with opposing visions of Germany's future as well as blank screens for the projections of their hopes and anxieties The travel literature genre allowed authors and readers to approach Weimar Germany's social issues from a psychologically safe distance This is the first book to analyze the American and Russian travels of Kisch Toller Holitscher Goldschmidt and Rundt from a psycho-geographic and imagologic perspective It is a work of particular interest to researchers

and students of travel literature cultural studies the construction and perception of the other and literary psychology

Russia in the German Global Imaginary James E. Casteel, 2016-05-06 This book traces transformations in German views of Russia in the first half of the twentieth century leading up to the disastrous German invasion of the Soviet Union in 1941 Casteel shows how Russia figured in the imperial visions and utopian desires of a variety of Germans including scholars journalists travel writers government and military officials as well as nationalist activists He illuminates the ambiguous position that Russia occupied in Germans global imaginary as both an imperial rival and an object of German power During the interwar years in particular Russia now under Soviet rule became a site onto which Germans projected their imperial ambitions and expectations for the future as well as their worst anxieties about modernity Casteel shows how the Nazis drew on this cultural repertoire to construct their own devastating vision of racial imperialism [The U.S. and Russia: Russia in crisis](#) United States. Congress. House. Committee on International Relations, 1998 *The Russian Roots of Nazism* Michael Kellogg, 2005-05-12 This book analyses the contributions of White migr s anti Bolshevik Russian exiles to Nazism [The U.S. and Russia](#) United States. Congress. House. Committee on International Relations, 1998 [100 Years On: Revisiting the First Russian Art Exhibition of 1922](#) Isabel Wünsche, Miriam Leimer, 2022-12-12 The First Russian Art Exhibition Erste Russische Kunstaussstellung which opened at the Galerie van Diemen in Berlin on October 15 1922 and later travelled to Amsterdam introduced a broad Western audience to the most recent artistic developments in Russia The extensive show more than a thousand works including paintings graphic works sculptures stage designs architectural models and works of porcelain was remarkably inclusive in its scope which ranged from traditional figurative painting to the latest constructions of the Russian avant garde Coming on the heels of the Treaty of Rapallo the exhibition was a first cultural step towards bilateral relations between two young and yet internationally isolated new states the Weimar Republic and the Russian Soviet Republic Moving away from the narrow focus on the avant garde the volume presents new research that examines the exhibition s broader historical scope and cultural implications The reception of the exhibition within artistic circles in Germany Europe the United States and Japan in the 1920s is addressed as well as the disposition of many of the works exhibited The combination of longer thematic essays and short features along with reproductions of newly identified works and a selection of unpublished archival materials make this book valuable to both a scholarly and a general readership

Hitler's War Against the Partisans During Operation Barbarossa Antonio J Muñoz, 2025-04-28 From the start of the war on the Eastern Front Hitler s Ostheer his Eastern Army would wage a vernichtungskrieg or war of annihilation in the East Never before had such a wide reaching campaign been fought Preparations for Germany s invasion of the Soviet Union had included the drawing up of plans and allocation of resources to secure the newly conquered territories These plans included the premeditated murder of many innocent civilians Adolf Hitler said as much when in July 1941 shortly after Stalin ordered the formation of partisans he told his Army High Command This partisan war has some advantage for us it enables us to

eradicate everyone who opposes us Anticipating resistance to Nazi occupation and rule Hitler instructed the Ostheer to act ruthlessly not only on the front lines but in the rear areas as well When in July 1941 Stalin ordered partisan forces to be created the stage was therefore set for the largest and most savage conflict ever waged between a modern military force and a guerrilla army The scale of the partisan and anti partisan war on the Eastern Front was as costly and bitterly fought as the struggle on the front lines themselves Employing thousands of primary source documents and scouring eight separate state archives in six countries over a twenty two year period Antonio J Muñoz has produced what can be described as a definitive account of this part of the war behind the front lines in the East during the invasion of the Soviet Union From the very beginning the Nazis fought this war ruthlessly by eliminating not only actual guerrillas but a good portion of the civilian population Employing dozens of wartime anti partisan operational instructions plus newly created detailed battle maps and full orders of battle Dr Muñoz brings this little known conflict behind the lines into focus for the very first time The war behind the lines is detailed by district This includes the Reichskommissariat Ostland region which comprised the Generalbezirk Estland Estonia Generalbezirk Lettland Latvia Generalbezirk Litauen Lithuania Generalbezirk Bialystok Northeastern Poland and Generalbezirk Wei ruthenien Belarus The book also covers the guerrilla and anti partisan war in the Reichskommissariat Ukraine Ukraine region as well as in north central and southern Russia For Russia proper anti partisan operations against the guerrillas are broken down by army group area Not only are the operations described but the reader will also learn about guerrilla attacks and how the entire partisan movement grew from year to year and region to region Hitler s War Against the Partisans During Operation Barbarossa documents the whole of the beginning of the savage partisan war between June 1941 and the spring of 1942 Never before has every major and some minor anti guerrilla operation been described in such detail

Hitler's War Against the Partisans During The Stalingrad Offensive Antonio J Muñoz, 2025-05-30 From the start of the war on the Eastern Front Hitler s Ostheer his Eastern Army and its associated forces would wage a vernichtungskrieg or war of annihilation in the East Never before had such a wide reaching campaign been fought The preparations for the war against the partisans began before the launches of Operation Barbarossa during which the Axis forces immediately put their plans into effect The effects upon the newly conquered territories were soon being felt The end of the initial phase of the German invasion of the Soviet Union was met by a Red Army winter offensive which began on 5 December 1941 As the author shows this had repercussions behind the German lines where the nascent Soviet partisan movement was attempting to grow and gain a foothold By the spring of 1942 those early Soviet partisan units were ready to expand The Germans aware of the military situation both on the frontlines and in the rear of their armies also prepared to counter the growing partisan threat The partisans undoubtedly made a significant contribution to Stalin s war effort by countering Axis plans to exploit occupied Soviet territories economically as well as providing valuable assistance to the Red Army by conducting systematic attacks against Hitler s rear communication network As the German military planned to

continue the Russian campaign into the summer of 1942 new security forces were gathered together and sent to the Soviet Union and a new headquarters specifically organized to fight the guerrilla menace was established In this follow up study author Antonio Mu oz picks up the partisan and anti partisan struggle in the East where Hitler s War Against the Partisans During Operation Barbarossa left off The struggle behind the frontlines in Russia proved to be as grand and epic as the fight along the front lines Dr Mu oz describes this war of attrition along the entire breath of the USSR In 1942 the Ostheer acting on Adolf Hitler s orders launched their 1942 summer offensive which was aimed at capturing the Caucasus Mountains and the Russian oil fields that lay there Dr Mu oz not only covers the war behind the lines in every region of the occupied USSR but also describes the German anti partisan effort behind the lines or Army Group South as its forces drove into the Caucasus Mountains the Volga River bend and Stalingrad No other work has included the guerrilla and anti partisan struggle specific to the Stalingrad campaign Mu oz manages to accomplish this but also to convey the story of the rest of the partisan and anti guerrilla war in the rest of the USSR from the spring of 1942 to the spring of 1943 *Putinism* Marcel Van

Herpen,2013-01-21 In this original analysis of contemporary Russia the author shows how Putin s regime is a completely new right wing political model that combines features of Mussolini s Italy with the 19th Century Bonapartism of Napoleon III and 21st Century Populism of Berlusconi An essential read The Burden of German History 1919-45 Michael

Laffan,2020-01-08 Originally published in 1988 The Burden of German History 1919 45 examines the vast literature surrounding Weimar years and the National Socialist tragedy daunting even for the specialist historian or political scientist The essays included in this volume provide an invaluable guide to research of the time and provides a stimulating review of a wide range of topics in modern German cultural political economic and military history The essays are based on a series of lectures given by German and Irish scholars to a conference on the theme Weimar Germany and National Socialism which was held in March 1986 in University College Dublin under the auspices of the Goethe Institute Dublin This book offers a significant commentary on a period of German history which included the exciting and ambivalent freedom of the Weimar society and the repressive murderous uniformity of National Socialism **Germany and Europe 1919-1939** John

Hidden,2014-09-25 This is the only short study in English to survey Germany s foreign policy from a German viewpoint across the entire inter war period The approach which sets Germany in her full European context is not narrowly diplomatic and it gives as much attention to the Weimar years of the 1920s as it gives to the more familiar story of Germany s international relations under the Third Reich John Hidden has now thoroughly revised his text to take account of new scholarship since the book first appeared in 1977 **Russian Nationalism Since 1856** Astrid S. Tuminez,2000 This thoughtful book describes

the range of nationalist ideas that have taken root in Russia since 1856 Drawing on a wide range of archival documents and unparalleled interview material from the post Soviet period Tuminez analyzes two cases_Russian panslavism in 1856 1878 and great power nationalism in 1905 1914_when aggressive nationalist ideas clearly influenced Russian foreign policy and

contributed to decisions to go to war Yet not all forms of nationalism have been malevolent and the author assesses competing nationalist ideologies in the post Soviet period to clarify the conditions under which a particularly belligerent nationalism could flourish and influence Russian international behavior **Russia Resurrected** Kathryn Stoner, 2021
Taking into account how Russian domestic politics under Vladimir Putin influence its foreign policy Stoner explains how Russia has battled its way back to international prominence
