Fearing the Immigrant Parastou Saberi, 2022-08-23 A fascinating deep dive into one city s urban policy and the anxiety over immigrants that informs it The city of Toronto is often held up as a leader in diversity and inclusion In Fearing the Immigrant however Parastou Saberi argues that Toronto s urban policies are influenced by a territorialized and racialized security agenda one that parallels the War on Terror Focusing on the figure of the immigrant and so called immigrant neighborhoods as the targets of urban policy Saberi offers an innovative multidisciplinary approach to the politics of racialization and the governing of alterity through space in contemporary cities A comprehensive study of urban policymaking in Canada s largest city from the 1990s to the late 2010s Fearing the Immigrant uses Toronto as a jumping off point to understand how the nexus of development racialization and security works at the urban and international levels Saberi situates urban policymaking in Toronto in relation to the dominant policies of international development and public health counterinsurgency and humanitarian intervention Engaging with the genealogies and contemporary developments of major policy techniques involving mapping and policy concepts such as poverty security policing development empowerment as well as social determinants of health equity and prevention she scrutinizes the parallel ways these techniques and concepts operate in urban policy and international relations Fearing the Immigrant ultimately asserts that the geopolitical fear of the immigrant is central to the formation of urban policy in Toronto Rather than addressing the root causes of poverty urban policy as it has been practiced aims to pacify the specter of urban unrest and to secure the production of a neocolonial urban order As such this book is an urgent call to reimagine urban policy in the name of equality and social justice

The Feeling of Effort William James, 1880

My Youth Bryan De Vouge, 2010-03-29 Th is book describes the authors childhood growing up on a farm living with four generations of family including his sister parents grandparents and great grandparents The author describes many varied experiences from helping his 90 year old great grandmother churn butter the old fashioned way to helping his grandfather feed the pigs and other animals on the farm He writes about his interactions with many of the other people who lived in the same community and some of the naughty things he and his friends did such as raiding apple

orchards This book gives the reader a clear idea of how life was on a farm in rural Quebec in the 1950s *American Photo*,1997-11 **Confidential to America** David Gudelunas,2017-09-08

In modern day America newspaper advice columns have become public forums for the discussion of human sexuality Although questions posed to newspaper advice columnists ranges from matters of etiquette to intimacy as they have for decades increasingly most of the limited space in these newspaper features address issues that fall under a broader heading of sexuality Questions about marital fidelity dating and relationships sexual practices gender roles and sexual taboos have all become hot button topics within the morally conservative mainstream press In Confidential to America David Gudelunas shows how since the 1950s advice columns have been one of the few consistent mainstream and widely available public forums for the discussion of topics severely restricted in other places Newspaper advice columns serve as sites of discussion about sexuality within a larger culture that is severely divided on questions of how when and to what extent one may formally speak about sexuality Even now at the turn of the twenty first century high schools remain hesitant to devote more than a semester or two to formal discussions of sexuality When they do under current governmental policy and pressure these discussions are often restricted to abstinence only programs or what might be described as non discussions of sexuality Community based sexual education programs are similarly restricted in their reach funding and more often than not effectiveness In America in the twenty first century talking about sex in educational contexts is perceived to be almost as risky as having sex Gudelunas demonstrates that while formal discussions of sexuality are strictly regulated and often thwarted the informal curriculum of sexuality particularly in the American mass media has become ever more vocal on the topic of sex From depictions conveyed through fictional and reality based popular culture to discussions taking place in the cafeteria if not the classroom and in Internet chat rooms sexuality dominates our collective conscience

Beauty and the Blood Ian R Bell,2021-01-27 No wonder American anthropologist Samantha Russell is nervous on her PhD research visit to London She s flat sharing with a glamorous lesbian vampire called

When both women find themselves in possession of a mysterious ancient artifact they soon become the objects of unwanted attention notably from the London police authorities and a secret society deep within the heart of the British Establishment and from this point onward things start to turn decidedly dangerous and deadly. Can the girls return the ancient artifact a neck torc back to where it truly belongs in the mythical underworld realm of the Dead via a cavern on the outskirts of Naples? Or will their arch nemesis Jimmy Silver and the local Camorra hitmen get them and the magical torc first? Remember only silver bullets can despatch Sterling for good. Ian Bell's *The Beauty and the Blood* spins a powerful web of terror, politics and the supernatural while moments of real beauty make the story glow and the sadness of a society at bay lends poignancy to a tale that at once repels and fascinates. Watch out for the appearance of the Hell Hound and above all watch your neck. **The Year Ahead 2005** Susan Miller, 2004.
