The Mexican Filmography, 1916 through 2001 David E. Wilt, 2024-10-17 Mexican cinema has largely been overlooked by international film scholars because of a lack of English language information and the fact that Spanish language information was difficult to find and often out of date This comprehensive filmography helps fill the need Arranged by year of release and then by title the filmography contains entries that include basic information film and translated title production company genre director cast a plot summary and additional information about the film Inclusion criteria a film must be a Mexican production or co production feature length one hour or more silent films excepted fictional documentaries and compilation films are not included unless the topic relates to Mexican cinema some docudramas and films with recreated or staged scenes are included and theatrically released or intended for theatrical release *The Logic of Fetishism* James J. Pancrazio, 2004 Cuban author Alejo Carpentier 1904 1980 was a key figure in the foundation of contemporary Latin American fiction By taking a critical position vis a vis the restitutionary current in Latin American studies James Pancrazio provides a highly innovative re reading of Carpentier s work *Track of the Bengal* Charles Ryan, 2011-11 EYE OF THE TIGER The Bengal set sail from a teeming Singapore harbor but its precious cargo comes from the heart of the war torn Middle East The freighter is traveling under the flag of Cameroon headed for an unknown destination Deep in its hull the ship carries one of the deadliest devices ever invented which silently waits for the perfect moment to detonate EYE OF THE STORM The intelligence forces of the world discover that a red bomb an anti personnel mercury based nuclear device is on board the missing freighter But one man a veteran of the international killing game is prying loose the information tracking clues in the twisting alleys of Cairo and across the blood stained streets of Northern Ireland that will expose the conspirators Meanwhile a former Special Forces officer is on board the hellbound vessel itself Now analysts and soldiers spies and strategists scramble in Washington the Middle East and even Castro s crumbling Cuba in a frantic search to find the Bengal But only the terrorists themselves know where they are going to strike and how their weapon will launch the next war **Bilingual**

Language Acquisition Carmen Silva-Corvalán, 2014-02-06 How do children develop bilingual competence Do bilingual children develop language in the same way as monolinguals Set in the context of findings on language development this book examines the acquisition of English and Spanish by two brothers in the first six years of their lives Based on in depth and meticulous analyses of naturalistic data it explores how the systems of both languages affect each other as the children develop and how different levels of exposure to each language influence the nature of acquisition The author demonstrates that the children s grammars and lexicons follow a developmental path similar to that of monolinguals but that cross linguistic interactions affecting lexical semantic and discourse pragmatic aspects arise in Spanish when exposure to it diminishes around the age of four The first of its kind this original study is a must read for students and researchers in bilingualism child development language acquisition and language contact **Queer Ricans** Lawrence La
