Lost Legion Mission 204 And The Reluctant Dragon:

Lost Legion William Noonan, 1987 **Paddy Mayne** Hamish Ross, 2011-08-26 The best biography I've read recently Colin Bateman Sunday Independent An excellent examination of Mayne Ross corrects many of the myths about him that have flourished over the years History of War magazine This welcome reassessment officially backed and well researched sets the record straight Soldier Magazine Paddy Mayne was one of the most outstanding special forces leaders of the Second World War Hamish Ross's authoritative study follows Mayne from solicitor and rugby international to troop commander in the Commandos and then the SAS whose leader he later became and whose annals he graced winning the DSO and three bars the Croix de Guerre and the Legion d'Honneur Mayne's achievements attracted attention and after his early death legends emerged based largely on anecdote and assertion Hamish Ross's closely researched biography challenges much of the received version using contemporary sources the official war diaries the chronicle of 1 SAS Mayne's papers and diaries and a number of extended interviews with key contemporaries Ross's analysis shows Mayne to be a dynamic yet principled and thoughtful man committed to the unit's original concepts He was far from flawless but his leadership and tactical brilliance in the field secured the reputation of the SAS proving he was every bit a rogue hero **In the Fight** Andrew Kilsby, Daryl Moran, 2024-10-30 Forgotten men and women from Australia in a forgotten war Burma 1942-1945 If you didn't know that Australians were involved in the longest campaign of WWII in Burma in what was called a forgotten war this book illuminates the lost stories of their service In the Fight tells the compelling stories behind the involvement of Australians in what became one of the great sagas of the war against the Japanese in Southeast Asia encompassing India Ceylon Burma China Thailand Indo China Malaya Singapore and Sumatra While Australian airmen attached to the Royal Air Force were heavily engaged many other Australians both uniformed and civilian were part of the monumental struggle to turn defeat into victory in Burma Australian war correspondents Red Cross nurses Royal Australian Navy sailors war artists commandos and saboteurs soldiers serving with the British Indian Army the Women's Auxiliary Service Burma well known sportsmen government officials dealing with the terrible Bengal famine Qantas crews and POWs in the Rangoon Jail are all covered in these detailed accounts Written by leading authorities and expertly edited by Andrew Kilsby and Daryl Moran In the Fight reveals the long hidden stories of the Australians and the war in Burma *Myanmar (Burma) since the 1988 Uprising* Andrew Selth, 2022-01-24 Updated by popular demand this is the fourth edition of this important bibliography It lists a wide selection of works on or about Myanmar published in English and in hard copy since the 1988 pro democracy uprising which marked the beginning of a new era in Myanmar's modern history There are now 2 727 titles listed They have been written edited translated or compiled by over 2 000 people from many different backgrounds These works have been organized into thirty five subject chapters containing ninety five discrete sections There are also four appendices including a comprehensive reading guide for those unfamiliar with Myanmar or who may be seeking guidance on particular topics This book is an

Misfire Brian P. Farrell, 2025-11-04 In December 1941 the issue in the East during World War II was whether or not the Japanese could drive the Western Allies out of Southeast Asia before the Allies could reinforce strongly enough to prevent it Consequently the British Army organized trained and specifically equipped special forces combat units to operate independently for long periods of time if necessary physically separated from the main forces in the field British Army special forces units were usually directed to carry out two broad but often closely related missions provide direct assistance to main force operations and harass enemy movements lines of supply and communications Special forces were also frequently used to destroy specific targets sometimes in completely independent operations with no main force in the field and especially to act as the eyes and ears of the main force gathering intelligence on enemy movements and or screening those of friendly forces In *Misfire* Brian Farrell analyzes how and why the British Army developed special forces in the early years of World War II what uses it made of them and the role that special and irregular forces played in defending Malaya and Singapore against Japanese invasion from prewar preparations to capitulation in February 1942 Farrell's examination of the use of special and irregular forces helps us understand both the Malayan Campaign and wider efforts to defend Southeast Asia as well as what that campaign tells us about the evolution of such forces in the British and Empire armies

Australia's China Lachlan Strahan, 1996 First published in 1996 *Australia's China* explores the multifaceted and dynamic Australian encounter with China from the beginning of the Sino Japanese War in 1937 through the Cold War to the Australian recognition of the PRC in 1972 Going beyond conventional policy studies it traces the patterns in Australian reactions to China from the grass roots to official circles highlighting the centrality of images concerning the exotic disease sexuality the frontier and China as a paradise anti paradise In responding to China Australians revealed something of themselves and this book maps the formation of Australian conceptions of identity in the context of a cross cultural encounter which was variously cooperative enriching baffling and antagonistic But there was no single Australian conception of China Rather competing perceptions jostled in a shifting dialogue

Australian Soldiers in Asia-Pacific in World War II Lachlan Grant, 2014-11-01 Half a million Australians encountered a new world when they entered Asia and the Pacific during World War II different peoples cultures languages and religions chafing under the grip of colonial rule Moving beyond the battlefield this book tells the story of how mid century experiences of troops in Asia Pacific shaped how we feel about our nation's place in the region and the world Spanning the vast region from New Guinea to Southeast Asia and India Lachlan Grant uncovers affecting tales of friendship grief spiritual awakening rebellion incarceration sex and souvenir hunting Focusing on the day to day interactions between soldiers on the ground and the people and cultures they encountered this book paints a picture not only of individual lives
