Lost colony Paul Green,1954 **The Lost Colony ; a Symphonie Drama of American History** Paul Green,1954

The Lost Colony Roanoke Island Historical Association,1966 The Federal Theatre Project in the American South

Cecelia Moore,2017-09-26 The Federal Theatre Project in the American South introduces the people and projects that shaped the regional identity of the Federal Theatre Project When college theatre director Hallie Flanagan became head of this New Deal era jobs program in 1935 she envisioned a national theatre comprised of a network of theatres across the country A regional approach was more than organizational it was a conceptual model for a national art Flanagan was part of the little theatre movement that had already developed a new American drama drawn from the distinctive heritage of each region and which they believed would collectively illustrate a national identity The Federal Theatre plan relied on a successful regional model the folk drama program at the University of North Carolina led by Frederick Koch and Paul Green Through a unique partnership of public university private philanthropy and community participation Koch had developed a successful playwriting program and extension service that built community theatres throughout the state North Carolina along with the rest of the Southern region seemed an unpromising place for government theatre Racial segregation and conservative politics limited the Federal Theatre s ability to experiment with new ideas in the region Yet in North Carolina the Project thrived Amateur drama units became vibrant community theatres where whites and African Americans worked together Project personnel launched The Lost Colony one of the first so called outdoor historical dramas that would become its own movement The Federal Theatre sent unemployed dramatists including future novelist Betty Smith to the university to work with Koch and Green They joined other playwrights including African American writer Zora Neale Hurston who came to North Carolina because of their own interest in folk drama Their experience told in this book is a backdrop for each successive generation s debates over government cultural expression art and identity in the American nation **A Lost Colony Hoax** Brandon Fullam,2021-11-04 On November 8 1937 a tourist from California named L E Hammond walked onto the campus of Emory University in Atlanta Georgia carrying a 21 pound rock he had accidentally stumbled upon in North Carolina The barely legible inscription on the rock appeared to be a lengthy message from Eleanor Dare mother of Virginia Dare and it was dated 1591 The inscription told of the trials and tribulations endured by the English colonists after their departure from Roanoke Island in 1587 The authenticity of that stone commonly referred to as the Chowan River Dare Stone has remained an open question since its appearance in 1937 Carefully researched and documented this book finally provides conclusive evidence that the Chowan River Dare Stone is a clever 20th century fraud In doing so the book also tells the fascinating story of the Dare Stone and exposes the orchestration of the hoax and its shadowy perpetrators **Theatre Symposium, Vol. 17** Jay Malarcher,2009-09-27 Outdoor drama takes many forms ancient Greek theatre open air performances of Shakespeare at summer festivals and re enactments of landmark historical events The essays gathered in

Outdoor Performance Volume 17 of the annual journal Theatre Symposium address outdoor theatre's many manifestations including the historical and non traditional. Among other subjects these essays explore the rise of airdomes as performance spaces in the American Midwest in the first half of the 20th century the civic religious pageants staged by certain Mormon congregations Wheels A Rolling and other railroad themed pageants first hand accounts of the innovative Hunter Hills theatre program in Tennessee the role of traditional outdoor historical drama particularly the long running performances of Paul Green's The Lost Colony and the rise of the part dance part sport part performance phenomenon parkour the improvised traversal of obstacles found in both urban and rural landscapes

Lost Colony Murder on the Outer Banks, The: Seeking Justice for Brenda Joyce Holland John Railey, 2021 In the summer of 1967 nineteen year old Brenda Joyce Holland disappeared She was a mountain girl who had come to Manteo to work in the outdoor drama The Lost Colony Her body was found five days later floating in the sound This riveting narrative built on unique access to the state investigative file and multiple interviews with insiders searches for the truth of her unsolved murder This island odyssey of discovery includes a suicide and a supposed shallow grave Journalist John Railey cuts through the myths and mistakes to finally arrive at the long hidden truth of what happened to Brenda Holland that summer on Roanoke Island

Kurt Weill's America Naomi Graber, 2021-03-27 When German Jewish composer Kurt Weill arrived in the United States in 1935 he found a nation nothing like he imagined This book tells the full story of Weill as outsider turned insider showing how he was keenly attuned to the difficult relationship America had with her immigrants but was slower to grasp the subtleties of race relations

Twentieth Century Drama Simon Trussler, 1983-04-01 A compendium of information on all the main events individuals political groupings and issues of the 20th century It provides a guide to current thinking on important historical topics and personalities within the period and offers a guide to further reading

Staging Indigeneity Katrina Phillips, 2021-01-29 As tourists increasingly moved across the United States in the late nineteenth and early twentieth centuries a surprising number of communities looked to capitalize on the histories of Native American people to create tourist attractions From the Happy Canyon Indian Pageant and Wild West Show in Pendleton Oregon to outdoor dramas like Tecumseh in Chillicothe Ohio and Unto These Hills in Cherokee North Carolina locals staged performances that claimed to honor an Indigenous past while depicting that past on white settlers terms Linking the origins of these performances to their present day incarnations this incisive book reveals how they constituted what Katrina Phillips calls salvage tourism a set of practices paralleling so called salvage ethnography which documented the histories languages and cultures of Indigenous people while reinforcing a belief that Native American societies were inevitably disappearing Across time Phillips argues tourism nostalgia and authenticity converge in the creation of salvage tourism which blends tourism and history contestations over citizenship identity belonging and the continued use of Indians and Indianness as a means of escape entertainment and economic development
