States. Department of Agriculture. Statistical Reporting Service,1936 The Revised ERS County Typology Peggy J. Cook,1978 **Wealth and Our Commonwealth** William H. Gates,2016-02-16 The Man Bites Dog story of over 1 000 high net worth individuals who rose up to protest the repeal of the estate tax made headlines everywhere last year Central to the organization of what Newsweek tagged the billionaire backlash were two visionaries Bill Gates Sr cochair of the Bill and Melinda Gates Foundation the largest foundation on earth and Chuck Collins cofounder of United for a Fair Economy and Responsible Wealth and the great grandson of meat packer Oscar Mayer who gave away his substantial inheritance at the age of twenty six Gates and Collins argue that individual wealth is a product not only of hard work and smart choices but of the society that provides the fertile soil for success They don t subscribe to the Great Man theory of wealth creation but contend that society s investments such as economic development education health care and property rights protection all contribute to any individual s good fortune With the repeal proposed by the Bush administration we might be facing the future that Teddy Roosevelt feared where huge fortunes amassed and untaxed would evolve into a dangerous and permanent aristocracy Repeal would drop federal revenues 294 billion in the first 10 years 27 some 750 billion would be lost in the second decade not to mention that the U S Treasury estimates that charitable contributions would drop by 6 billion a year But what about all those modest families that would lose the farm Gates and Collins expose the fallacy of this argument pointing out that this is largely a myth and that the very same lobbies and politicians who are crying cows have opposed other legislation that would actually have helped small farmers Weaving in personal narratives history and plenty of solid economic sense Gates and Collins make a sound and compelling case for tax reform not repeal
