Montreal Dany Fougères, Roderick MacLeod, 2018-04-06 Surrounded by water and located at the heart of a fertile plain the Island of Montreal has been a crossroads for Indigenous peoples European settlers and today's citizens and an inland port city for the movement of people and goods into and out of North America Commemorating the city's 375th anniversary Montreal The History of a North American City is the definitive two volume account of this fascinating metropolis and its storied hinterland This comprehensive collection of essays filled with hundreds of illustrations photographs and maps draws on human geography and environmental history to show that while certain distinctive features remain unchanged Mount Royal the Lachine Rapids of the Saint Lawrence River human intervention and urban evolution mean that over time Montrealers have had drastically different experiences and historical understandings Significant issues such as religion government social conditions the economy labour transportation culture and entertainment and scientific and technological innovation are treated thematically in innovative and diverse chapters to illuminate how people's lives changed along with the transformation of Montreal This history of a city in motion presents an entire picture of the changes that have marked the region as it spread from the old city of Ville Marie into parishes autonomous towns boroughs and suburbs on and off the island The first volume encompasses the city up to 1930 vividly depicting the lives of First Nations prior to the arrival of Europeans colonization by the French and the beginning of British Rule The crucial roles of waterways portaging paths and trails as the primary means of travelling and trade are first examined before delving into the construction of canals railways and the first major roads Nineteenth century industrialization created a period of near total change in Montreal as it became

Canada's leading city and witnessed staggering population growth from less than 20 000 people in 1800 to over one million by 1930 The second volume treats the history of Montreal since 1930 the year that the Jacques Cartier Bridge was opened and allowed for the outward expansion of a region which before had been confined to the island From the Great Depression and Montreal's role as a munitions manufacturing centre during the Second World War to major cultural events like Expo 67 the twentieth century saw Montreal grow into one of the continent's largest cities requiring stringent management of infrastructure public utilities and transportation This volume also extensively studies the kinds of political debate with which the region and country still grapple regarding language nationalism federalism and self determination Contributors include Philippe Apparicio INRS Guy Bellavance INRS Laurence Bherer University of Montreal Stéphane Castonguay UQTR the late Jean Pierre Collin INRS Magda Fahrni UQAM the late Jean Marie Fecteau UQAM Dany Fougères UQAM Robert Gagnon UQAM Danielle Gauvreau Concordia Annick Germain INRS Janice Harvey Dawson College Annie Claude Labrecque independent scholar Yvan Lamonde McGill Daniel Latouche INRS Roderick MacLeod independent scholar Paula Negrón Poblete University of Montreal Normand Perron INRS Martin Petitclerc UQAM Christian Poirier INRS Claire Poitras INRS Mario Polèse INRS Myriam Richard unaffiliated Damaris Rose INRS Anne Marie Sguin INRS Gilles Sénécal INRS Valérie Shaffer independent scholar Richard Shearmur McGill Sylvie Taschereau UQTR Michel Trpanier INRS Laurent Turcotte UQTR Nathalie Vachon INRS and Roland Viau University of Montreal

Photogenic Montreal Martha Langford, Johanne Sloan, 2021-12-15 The agency of photographs is a recurrent concern within the context of the city Whether found in architectural records social documentary photojournalism or artistic practice photographic objects are embedded in urban contestation aesthetically charged by artists reinserted into social histories and mobilized to imagine a future city Photogenic Montreal takes a question initially posed by heritage debates what does photography preserve and creates a rich conversation about the agency of the human actors before and behind the camera and of the medium itself The interplay of archives and activism structures the book Photographs that appear to be sealed off in newspapers storage rooms or archives accrue new meaning when they cross the threshold back into social spaces and circulate anew It is through the reactivation of archival photographs that submerged traces of urban experience are discovered and alternate histories of Montreal can be recounted Multiple forms of activism and artistic expression complement this archival work Beginning in the 1960s community minded and heritage groups responded to the tensions arising from urban reconstruction gentrification and the erasure of neighbourhoods this activism also left its photographic traces Attentive to the still changing face of the city's architecture neighbourhoods and street life Photogenic Montreal participates in debates about who the city belongs to who speaks on its behalf and how to picture its past and present

Church of Notre Dame in Montreal Franklin Toker, 1991-05-01 The construction of the Church of Notre Dame was one of the boldest building projects of the nineteenth century The first major example of Gothic Revival architecture in Canada it was at the time of its completion the largest

building in North America Franklin Toker treats the church not only as a work of art but also as a historical document that reflected the social and nationalist aspirations of the community and marked a high point in the fascinating career of its architect James O Donnell Montreal, City of Spires Clarence Epstein,2012-03-19T00:00:00-04:00 Of the fifty religious buildings discussed in this book only a precious few remain standing despite the fact that Montreal boasts one of the largest and most eclectic groupings of Georgian and Victorian structures of any city in North America Following the British conquest of New France in 1759 a remarkable series of transformations took place in the small Catholic trading town of Montreal Given the diversity of settlers forced to live side by side the new church buildings that were to rise became strategic public spaces meeting places as well as power bases It was no wonder that by the time Mark Twain toured Canada s first metropolis in the 1880s he found that one could not throw a brick in the place without breaking a church window By addressing the social religious and architectural issues surrounding these colonial era structures it will become apparent that Montreal was at once a shining jewel in England s imperial crown a chief outpost of Catholicism in the New World as well as the British North American headquarters for more than a dozen independent congregations *List of Shipping* ,1907 *Canada and Its Provinces* Adam Shortt,Sir Arthur George Doughty,1917 **Statistical Report...** New York Produce Exchange,1884
