Indies in the seventeenth century to the reversion of Hong Kong to China at the end of the twentieth British imperialism was a catalyst for far reaching change The Oxford History of the British Empire as a comprehensive study helps us to understand the end of Empire in relation to its beginning the meaning of British imperialism for the ruled as well as for the rulers and the significance of the British Empire as a theme in world history This fifth and final volume shows how opinions have changed dramatically over the generations about the nature role and value of imperialism generally and the British Empire more specifically The distinguished team of contributors discuss the many and diverse elements which have influenced writings on the Empire the pressure of current events access to primary sources the creation of relevant university chairs the rise of nationalism in former colonies decolonization and the Cold War They demonstrate how the study of empire has evolved from a narrow focus on constitutional issues to a wide ranging enquiry about international relations the uses of power and impacts and counterimpacts between settler groups and native peoples The result is a thought provoking cultural and intellectual inquiry into how we understand the past and whether this understanding might affect the way we behave in the future

Texts and Contexts Doug Munro, Brij V. Lal, 2005-11-30 Texts and Contexts is concerned with the development of Pacific Islands history as a specialization in its own right Specifically this volume examines the foundational texts that pioneered and consolidated the new subdiscipline and served as the building blocks and stepping stone for further developments in the field Thirty five texts all of which represent defining points in the development of Pacific Islands historiography are examined Much more than retrospective appraisals of the foundational texts the individual chapters consider a text or complimentary texts within the context of the time of writing and gauge what ongoing influence they exerted In some cases they suggest how a particular text has been superseded by subsequent work that breaks new conceptual ground in the ongoing process of revisionism Contributors Chris Ballard on Gavin Souter Ivan Brady on Greg Denning I C Campbell on Norma McArthur Bronwen Douglas and Doug Munro on H E Maude and Dorothy Shineberg Michael Goldsmith on Marshall Sahlins David Hanlon on Francis X Hezel K R Howe on Andrew Sharp and David Lewis Brij V Lal on K L Gillion and Peter Corris Hugh Laracy on Niel Gunson and Ta unga Lamont Lindstrom on Peter Worsley and Peter Lawrence Doug Munro on Douglas L Oliver R P Gilson J W Davidson and K R Howe Vincent O Malley on Keith Sinclair and Alan Ward Jon Osorio on Ralph Kuykendall and Gavan Daws Tom Ryan on Bernard Smith Jane Samson on W P Morrell and Deryck Scarr Francis West on Francis West and Gavan Daws Glyndwr Williams on O H K Spate

Specters of Violence in a Colonial Context Adrian Muckle, 2012-04-30 During 1917 1918 war ravaged the hill country north of New Caledonia s main island the Grande terre Occurring sixty four years after France s 1853 annexation of New Caledonia and in the midst of the Great War of 1914 1918 the conflict was known by the mid twentieth century as the last of the Kanak revolts It represented to many until the events of the 1980s the final pacification of Kanak the indigenous people of New Caledonia Specters of Violence in a Colonial Context is the first comprehensive history of the 1917 1918 war which involved the French army European settlers and Kanak In three parts it addresses the events leading to the outbreak of war how those involved explained their role in the fighting and how the war has since been represented It explores the dynamics of fear violence and warfare in a colonial setting that was both European and Melanesian in character In the face of a colonial historiography and memory that has downplayed consistently the war s significance this history ultimately reevaluates the causes and scale of the war while explaining the local contexts in which decisions were taken by the various protagonists The author draws on a rich and largely unexploited colonial archive that includes administrative dossiers detailing the repression the correspondence of missionaries and indigenous Protestant teachers living in the region the records of the judicial investigation that followed the war and the reports on the post war trial of seventy eight rebels Specters of Violence in a Colonial Context will be warmly received by researchers and students of Pacific history and anthropology Its broader audience will include those interested in the reverberations of World War I in the colonies and the nature of colonial colonized interaction

Across the Great Divide Bronwen Douglas, 2013-12-19 Across the Great Divide tracks a Pacific historian s fruitful ambivalent engagements with History and Anthropology anticipating experiments in each discipline with the other s theories and praxis The revised and new essays comprising this collection provide systematic

critiques of aspects of received scholarly wisdom about Oceania and are linked by reflexive commentaries addressing recent postcolonial concerns A varied but coherent set of ethnographic and historical narratives about colonial encounters in Island Melanesia is informed by particular critical focus on the paradoxes and politics of knowing indigenous pasts through colonial texts

Disturbing History Robert Nicole, 2010-10-15 Disturbing History focuses on Fiji's people and their agency in responding to and engaging the multifarious forms of authority and power that were manifest in the colony from 1874 to 1914 By concentrating on the lives of ordinary Fijians the book presents alternate ways of reconstructing the island's past Couched in the traditions of social subaltern and people's histories the study is an excavation of a large mass of material that tells the often moving stories of lives that have largely been overlooked by historians These challenge conventional historical accounts that tend to celebrate the nation represent Fiji's colonial experience as ordered and peaceful or British tutelage as benevolent In its contribution to postcolonial theory Disturbing History reveals resistance as a constant but partial and untidy mix of other constituents such as collaboration consent appropriation and opportunism which together form the colonial landscape In turn colonialism in Fiji is shown as a force shaped in struggle fractured and often fragile with a presence and application in the daily lives of people that was often chaotic imperfect and susceptible to subversion The book divides the period of study into two broad categories organized resistance and everyday forms of resistance The first examines the Colo War 1876 the Tuka Movement 1878 1891 the Seaqqa War 1894 the Movement for Federation with New Zealand 1901 1903 the Viti Kabani Movement 1913 1917 and the various organized labor protests The second half of the book addresses resistance manifested in the villages and plantations including tax and land boycotts violence and retributive justice avoidance protest petitioning and women's resistance In their entirety these forms reveal a complex web of relationships between powerful and subordinate groups and among subordinate groups themselves The author concludes that resistance cannot be framed as a totality but as a multilayered and multidimensional reality In the wake of Fiji's present volatile climate this book will aid readers in understanding the continuities and disjunctures in Fiji's interethnic and intraethnic relations

Bearing Witness Doug Munro, Jack Corbett, 2017-07-13 Brij V Lal is a singular scholar His work has spanned disciplines from history to politics and genres from conventional monograph history to participant history political commentary encyclopaedia biography and fiction Brij is without doubt the most eminent scholar Fiji has ever produced He also remains the most significant public intellectual of his country despite having been banned from entering it in 2009 He is also one of the leading Pacific historians of his generation and an internationally recognised authority on the Indian diaspora This Festschrift volume celebrates reflects upon and extends the life and work of this colourful scholar The essays whose contributors are drawn from across the globe do more than review Brij's work they also probe his contribution to both scholarly and political life This book will therefore serve as an invaluable guide for readers from all walks of life seeking to better situate and understand the impact of Brij's scholarly activism on Fiji and beyond Clive Moore University of Queensland

It is a pleasure to commend this collection of very different essays that celebrate reflect upon and extend the life and work of a remarkable scholar Although I have had at times a close association with Brij Lal s life and work I have learned much from reading this book It provokes further thought about the course of democracy in Fiji and the very sorry state and future of Pacific history and the humanities in academia Here is a timely assertion of the significance and major contribution that courageous scholars such as Brij have made to the study and public awareness of these areas of concern Jacqueline Leckie University of Otago

Political Life Writing in the Pacific Jack Corbett,Brij V. Lal,2015-07-29 This book aims to reflect on the experiential side of writing political lives in the Pacific region The collection touches on aspects of the life writing art that are particularly pertinent to political figures public perception and ideology identifying important political successes and policy initiatives grappling with issues like corruption and age old political science questions about leadership and dirty hands These are general themes but they take on a particular significance in the Pacific context and so the contributions explore these themes in relation to patterns of colonisation and the memory of independence issues elliptically captured by terms like culture and tradition the nature of self presented in Pacific life writing and the tendency for many of these texts to be written by outsiders or at least the increasingly contested nature of what that term means

We Are the Ocean Epeli Hau'ofa,2008-01-29 We Are the Ocean is a collection of essays fiction and poetry by Epeli Hau ofa whose writing over the past three decades has consistently challenged prevailing notions about Oceania and prescriptions for its development He highlights major problems confronted by the region and suggests alternative perspectives and ways in which its people might reorganize to relate effectively to the changing world Hau ofa s essays criss cross Oceania creating a navigator s star chart of discussion and debate Spurning the arcana of the intellectual establishments where he was schooled Hau ofa has crafted a distinctive often lyrical at times angry voice that speaks directly to the people of the region and the general reader He conveys his thoughts from diverse standpoints university based analyst essayist satirist and humorist and practical catalyst for creativity According to Hau ofa only through creative originality in all fields of endeavor can the people of Oceania hope to strengthen their capacity to engage the forces of globalization Our Sea of Islands The Ocean in Us Past to Remember and Our Place Within all of which are included in this collection outline some of Hau ofa s ideas for the emergence of a stronger and freer Oceania Throughout he expresses his concern with the environment and suggests that the most important role that the people of the sea can assume is as custodians of the Pacific the vast area of the world s largest body of water

Serendipity Brij V. Lal,Doug Munro,2024-02-29 The second generation of Pacific historians who began their careers in the 1970s and 1980s is gradually fading from the academic scene They have made fundamental contributions to the field of Pacific history enduring in their impact and the identity of the discipline is now firmly established This volume is not so much about their individual research but rather their improbable journeys into Pacific history why and how they came to it in the first place Almost without exception they did not choose Pacific history but rather stumbled into the field through serendipity

They came from forays into African Indian East Asian French British imperial and other fields and were enticed into Pacific history through chance or the efforts of kindly mentors All this is evident in the values and understandings they bring to the subject The one commonality that binds them is a love of the islands that have been the center of their lifetime work Many distinguished Pacific historians of the last four to five decades are represented in this collection Serendipity presents fourteen autobiographical chapters in which the contributors trace their paths as Pacific historians They offer their sources of inspiration supporters and publications that shaped them as historians With a significant focus on the importance of teaching and mentoring that they both received and provided their writing not only illuminates their lives but the state of Pacific history as an academic field The experiences of the contributors are moving replete with sorrows and regrets as well as of achievements and satisfactions Part of these careers were spent working in areas other than scholarship such as high school teaching consultancies volunteering teaching English as a second language or doing menial jobs just to keep going Serendipity is a pathbreaking form of historiography and essential to the Pacific history field **British Imperial**

Strategies in the Pacific, 1750-1900 Jane Samson, 2021-02-28 The focus of this volume is Britain's trans Pacific empire This began with haphazard challenges to Spanish dominion but by the end of the 18th century the British had established a colony in Australia and had gone to the brink of war with Spain to establish trading rights in the north Pacific These rights led to formal colonies in Vancouver Island and British Columbia when Britain sought to maintain a north Pacific presence despite American expansionism In the later 19th century the international scramble for the Pacific resulted in new British colonies and protectorates in the Pacific islands The result was a complex imperial presence created from a variety of motives and circumstances The essays selected here take account of the wide range of economic political and cultural factors which prompted British expansion creating tension in Britain's imperial identity in the Pacific and leaving Pacific peoples with a complicated and challenging legacy Along with the important new introduction they provide a basis for the reassessment of British imperialism in the Pacific region **Chalo Jahaji** Brij V. Lal, 2012-12-01 It is a milestone in subaltern studies a biographical journey penned by a living relic of the indentured experience and a scholar whose thoroughly interdisciplinary approach is a good example for the anthropologist the sociologist or the economist who wish to see the proper integration of their disciplines in a major historical work Brinsley Samaroo University of the West Indies St Augustine Campus Trinidad
