Painfully Rich John Pearson,1995 When J Paul Getty died in 1976 he left a fortune of four billion dollars to be divided among nineteen heirs and the author examines the sometimes disastrous effects of this money on its recipients Painfully Rich John Pearson,1995 This is a fascinating saga of an extraordinary dynasty The largest fortune in America has not brought happiness to the Getty family This tale of money and greed is also ultimately of hope as John Paul Getty Jr uses his inheritance more wisely *Growing Up Getty* James Reginato,2022-07-05 An enthralling and comprehensive look into the contemporary state of one of the wealthiest and most misunderstood family dynasties in the world perfect for fans of Succession and House of Gucci The Gettys are one of the wealthiest and most misunderstood family dynasties Oil magnate J Paul Getty once the richest man in the world is the patriarch of an extraordinary cast of sons grandchildren and great grandchildren While some have been brought low by mental illness drug addiction and one of the most sensational kidnapping cases of the 20th century many of Getty s heirs have achieved great success In addition to Mark Getty a cofounder of Getty Images and Anne G Earhart an award winning environmentalist others have made significant marks in a variety of fields from music and viticulture to politics and LGBTQ rights Now across four continents a new generation of lively unique and even outrageous Gettys is emerging and not coasting on the dynasty s still immense wealth August Getty designs extravagant gowns worn by Katy Perry Cher and other stars his sibling Nats a fellow LGBTQ rights activist who announced his gender transition following his wedding to transgender icon Gigi Gorgeous produces a line of exclusive streetwear Their fascinating cousins include Balthazar a multi hyphenate actor director DJ designer and Isabel a singer songwriter and MBA candidate A far flung yet surprisingly close knit group the ascendant Gettys are bringing this iconic family onto the global stage in the 21st century Through extensive research including access to J Paul Getty s diaries and love letters and fresh interviews with family members and friends *Growing Up Getty* offers an enthralling and revealing look into the benefits and burdens of being part of today s world of the ultra wealthy American Book Publishing Record ,1995

The Rich Don't Always Win Sam Pizzigati,2012-11-27 The Occupy Wall Street protests have captured America s political imagination Polls show that two thirds of the nation now believe that America s enormous wealth ought to be distributed more evenly However almost as many Americans well over half feel the protests will ultimately have little impact on inequality in America What explains this disconnect Most Americans have resigned themselves to believing that the rich simply always get their way Except they don t A century ago the United States hosted a super rich even more domineering than ours today Yet fifty years later that super rich had almost entirely disappeared Their majestic mansions and estates had become museums and college campuses and America had become a vibrant mass middle class nation the first and finest the world had ever seen Americans today ought to be taking no small inspiration from this stunning change After all if our forbears successfully beat back grand fortune why can t we But this transformation is inspiring virtually no one Why Because

the story behind it has remained almost totally unknown until now This lively popular history will speak directly to the political hopelessness so many Americans feel By tracing how average Americans took down plutocracy over the first half of the 20th Century and how plutocracy came back *The Rich Don't Always Win* will outfit Occupy Wall Street America with a deeper understanding of what we need to do to get the United States back on track to the American dream **Ransom Kidnapping in Italy** Alessandra Montalbano,2023-12-18 For over thirty years modern Italy was plagued by ransom kidnappings perpetrated by bandits and organized crime syndicates Nearly 700 men women and children were abducted from across the country between the late 1960s and the late 1990s held hostage by members of the Sardinian banditry Cosa Nostra and the Ndrangheta Subjected to harsh captivities and psychological abuse the victims spent months and even years in isolation while law enforcement and the state struggled to find them *Ransom Kidnapping in Italy* examines this Italian criminal phenomenon Alessandra Montalbano argues that abduction is a key vantage point from which to understand modern Italy it troubled the law terrified society ignited juridical and parliamentary debates and mobilized citizens Bringing together archival and media materials with the victims accounts and diverse forms of cultural response the book examines ransom kidnapping through the lenses of historiography law literary criticism trauma studies phenomenology and political philosophy *Ransom Kidnapping in Italy* traces how and at what price Italians became aware of living in a country that was being blackmailed by criminal organizations that arguably jeopardized the nation even more than terrorism *The Washington Post Index* ,1995 **Birth of the Financial Thriller** Mikkel Krause Frantzen,2025-03-31 Discover the untold story of the financial thriller a genre pioneered by Canadian banker turned author Paul Erdman from a Swiss prison cell Starting with the publication of *The Billion Dollar Sure Thing* in 1973 this book explores the genre's evolution as a popular and even vulgar genre of financialisation characterised by volatile plots centred on currency speculation where the central mystery is money not murder By contextualising the rise of financial thrillers within the dramatic events of the 1970s such as the abolition of the Bretton Woods system and the oil crises this book illustrates how a genre found the world of finance during a particular historical moment but also how the world of finance found its genre This compelling narrative connects the past to our present financial landscape making it essential for anyone interested in the intersection of economic literary and cultural history **TŁS, the Times Literary Supplement** ,1995 **Biography** ,1995 **The Publishers Weekly** ,1995 **Books In Print 2004-2005** Ed Bowker Staff,Staff Bowker, Ed,2004 **Forthcoming Books** Rose Arny,1996-06 **Wall Street Journal Index** ,1996 **100 Cara Menjadi Kaya** ,2023-10-01 Umumnya orang beranggapan bahwa Sejarah dibentuk oleh usaha para raja panglima dan cerdik pandai Akan tetapi peran para saudagar dalam mengolah kapital dan menggerakkan roda gigi perekonomian kerap terabaikan Berkat eksistensi mereka paradigma manusia pun bergeser dari pengagungan terhadap keningratan menjadi kultus terhadap kekayaan dimana modal kapital dianggap sebagai ukuran tunggal yang sah sebagai pangkal kedigdayaan dalam bingkai relasi kuasa Buku ini menceritakan kisah 100 orang pengusaha
