**Kiwi Heroes** Bronwyn Sell,2010-10-06 Kiwi Heroes brings together the tales of 50 of New Zealand's bravest people Some of the people featured are household names some are barely known outside their own households Some have become heroes in a moment some over a lifetime Some are professionals who have gone beyond the call of duty others are ordinary people who have been plunged into terrifying circumstances and responded with astonishing bravery Many have forfeited their lives or their livelihoods for the sake of others All have great stories to tell

**Politics of Forgetting** Martyn Brown,2019-04-24 Greece was a poor country in turmoil and pain during the 1940s A military dictatorship was followed by invasion and terrifying occupation by Germany and its allies starvation civil war political unrest and mutiny in its free military armed forces New Zealand entered this arena and found a bond with a people that it still celebrates to this day Absent from the New Zealand national storytelling is the complex divisive and sometimes violent and surreal relationship between the two countries and the inescapable influence of Britain The New Zealand Greek story stretches from the mountains and open country of Greece and Crete to Middle East deserts autumn swept plains of Italy and the blood splattered streets of post liberated Athens New Zealand official state memory emphasizes some things and ignores the unpalatable It also conceals its assertiveness with Britain over the latter's Greek policies

**Law Breakers and Mischief Makers** Bronwyn Sell,2010-11-29 New Zealand was supposed to be a model society at the end of the world a utopia for men and women of good character who were willing to work hard for a better life And for most so it proved But this book is about the others the misfits the swindlers the fallen women the love rats the escaped convicts the hoaxers the charlatans the highwaymen the mass murderers from the earliest days of European settlement to the present day Law Breakers and Mischief Makers gives the scandalous details of those who've made a name for themselves in New Zealand for all the wrong reasons Take for example Charlotte Badger a pistol wielding English thief

who launched a mutiny on a Tasmanian convict ship in 1806 and sailed over to hide among the Maori of the Bay of Islands and Amy Bock a con woman who masqueraded as a wealthy man to marry the daughter of her landlady in 1909 Some of the people featured in this book are monsters some are merely rascals but all make fascinating reading A lot of the people featured in it have somewhat disappeared into the mists of time and readers will be surprised at the shady characters in this country's past

disseminate a self determined reality through the act of petitioning It discloses how through the petition First Peoples reject colonialism even whilst working within its confines In a reconfiguration of discourse they actively convey a political or moral meaning to re emerge in a self determined world Taking a socio legal and historical approach to petitioning the book questions the state domination of First Peoples and charts their political action against such control in the quest for self determination By uniquely focusing on the act of petitioning which places First Peoples aspirants centre stage O'Brien presents fresh and innovative perspectives concerning their political enterprise From early modern colonial occupation to contemporary society the hundreds of petitions that called for change are uncovered in *Petitioning for Land* shedding new light on the social and political dynamics that drove the petitions Fairness and Freedom David Hackett
