Welborn, 2023-06-23 How did white Southerners in the nineteenth century reconcile a Christian faith that instructed them to turn the other cheek with a pervasive code of honor that instructed them to do just the opposite to demand satisfaction for perceived insults In Edgefield South Carolina in the 1830s white Southerners combined these seemingly antithetical ideals to forge a new compound a wrathful moral ethic of righteous honor *Dueling Cultures Damnable Legacies* investigates the formation and proliferation of this white supremacist ideology that merged masculine bellicosity with religious devotion In 1856 when Edgefield native Preston Smith Brooks viciously beat the abolitionist Charles Sumner on the Senate floor the ideology of righteous honor reached its apogee and took national center stage Welborn analyzes the birth of this peculiar moral ethic in Edgefield and traces its increasing dominance across the American South in the buildup to the Civil War as white Southerners sought to cloak a war fought in defense of slavery in the language of honor and Christian piety *Simons Challenge* Random House, 1998-02-01 **Body Language for Competent Teachers** Chris Caswell, Sean Neill, 2003-09-02

racial and national inequalities and a white labour movement which sought protection through racial segregation Communism rather than Social Democracy prevailed hence the reverberations of the splits in the Communist International were far more debilitating in South Africa than anywhere else In the years after World War II African nationalism became the dominant influence on the South African left chiefly through the relationship between the ANC and the Communist Party Discordant Comrades draws on a wide range of primary sources from inside and outside South Africa including the archives of the Communist International in Moscow The result is a scholarly and challenging analysis of the South African left
