Dumping e antidumping Paolo Farah, Roberto Soprano, 2013-03-29T00:00:00+01:00

Un saggio positivo e pragmatico Il dumping una strategia commerciale con la quale un bene viene esportato a prezzi inferiori rispetto al suo valore normale ossia il prezzo praticato dal produttore all'interno del Paese d'origine Dumping e antidumping come tutte le pratiche commerciali e doganali producono effetti differenti a seconda degli operatori di mercato Dal punto di vista di un importatore o distributore europeo il dumping può essere un'importazione a un prezzo più basso e quindi vantaggiosa per penetrare sul mercato I produttori europei di un prodotto simile a quello importato e oggetto di dumping subiranno invece un danno economico Cosa si può fare Il libro spiega che cosa il dumping illustra la normativa comunitaria e offre linee guida agli imprenditori

Fisheries Law. Evolving Trends and New Challenges SIMONE VEZZANI, 2020-07-24 Through the ages international fisheries law has been characterized by a dialectic between flag States and coastal States The institution of the Exclusive Economic Zone marked a milestone in the seaward extension of coastal States powers However it has not brought the expected results and coastal States have to a great extent failed to act as trustees of global fisheries An emerging role in the fight against Illegal Unreported and Unregulated fishing has been played by States in their quality as States of active nationality port States and market States Multiple jurisdictional claims raise a number of complexities relating inter alia to double criminality or respect for legality and ne bis in idem principles in the case of prosecution of fisheries crimes This book investigates the extent and nature of State jurisdiction prescriptive adjudicative and enforcement in fisheries matters and related problems of coordination It also discusses the role of Regional Fisheries Management Organizations in regulating fishing activities in different marine areas and in delimiting the States respective spheres of power The entire investigation is functional to critically assessing to what extent the emergence of a new jurisdictional balance pursues the interests of States acting uti singuli or the general interests of the international community as a whole **Las organizaciones**

internacionales en el siglo XXI Huici Sancho, Laura, Badia Martí, Ana M., Sánchez Cobaleda, Ana, 2021-04-01 En un mundo cada vez más dinámico y convulso el multilateralismo y las organizaciones internacionales son una necesidad intrínseca a la escena internacional Las contribuciones a esta obra resultado de la Jornada celebrada con ocasión del XXX Aniversario del Master en Estudios internacionales de la Universidad de Barcelona analizan el derecho y la práctica de las organizaciones internacionales en el ámbito universal y también desde una perspectiva regional En sus páginas se ponen de manifiesto las tensiones que afloran entre el racionalismo que comporta la definición de bases jurídicas y procedimientos comunes y los unilateralismos que buscan salvaguardar intereses particulares En este escenario se impone una suerte de catarsis de las organizaciones internacionales que les permita cumplir su papel al servicio de la humanidad en el siglo XXI en el convencimiento de su carácter esencial para una gestión sostenible resiliente y transparente de los crecientes retos globales que enfrentamos
