demonstrates how Borges's literary criticism, his Poe translations and his own fiction create a disparate Poe who serves as a precursor to Borges's own detective and fantastic stories and as an inspiration to the so-called Latin American Boom. Seen through this more expansive context, Borges's Poe shows that literary influence runs both ways since Poe's writings visibly affect Borges, the poet, story writer, essayist, and thinker, while Borges's analyses and translations of Poe's work and his responses to Poe's texts in his own fiction forever change how readers of Poe return to his literary corpus.

Perspectives on Contemporary Literature David Herschberg, 2014-07-15 In all parts of the world and in every age, many of the greatest works of literature have been shaped or inspired by the swirl of historical events. The wars, holocausts, and mushroom clouds of our own era haunt the pages of many twentieth-century writers; events of the past, even the remote past, also inspire many authors, though their work is contemporary in every way. And if we agree with the poet Czesław Miłosz that historicity may reveal itself in a detail of architecture in the shaping of a landscape, we come to recognize that our understanding of a given poem or novel can often be deepened by a reading from this point of view. The essayists in *Literature and the Historical Process* explore the ways in which history and literature are intertwined in the works of a number of twentieth-century writers. These probing critical readings from the historical point of view not only enlighten us about the works under consideration but especially when taken together enrich our understanding of the literary impulse itself. In *Nature, History, and Art*, Elizabeth Bishop's Brazil (January 1, 1952), for example, Barbara Page shows how Bishop used and rearranged knowledge derived from her study of Brazil's history. Page's somewhat feminist reading may surprise those who find Bishop's poetic persona hard to identify. Among the other authors considered are Jorge Luis Borges, Michel de Ghelderode, Elizabeth Bowen, Rose Macaulay, Anthony Burgess, Hugo von Hofmannsthal, Cesare Pavese, and Czesław Miłosz.

Decolonizing Modernism Jose Luis Venegas, 2017-07-05 James Joyce's *Ulysses* (1922) has been recognized as a central model for the Spanish American New Narrative. Joyce's linguistic and technical influence became the unequivocal sign that literature in Spanish America had definitively abandoned narrow regionalist concerns and entered a global literary canon. In this bold and wide-ranging study, Jose Luis Venegas rethinks this evolutionary conception of literary history by focusing on the connection between cultural specificity and literary innovation. He argues that the intertextual dialogue between James Joyce and prominent authors such as Argentines Jorge Luis Borges and Julio Cortázar, Cuban Guillermo Cabrera Infante, and Mexican Fernando del Paso reveals the anti-colonial value of modernist form. Venegas explores the historical similarities between Joyce's Ireland during the 1920s and Spanish America between the 1940s and 70s to challenge depoliticized interpretations of modernist aesthetics and propose unsuspected connections between formal experimentation and the cultural transformations demanded by decolonizing societies. Jose Luis Venegas is Visiting Assistant Professor of Spanish at the University of North Carolina at Greensboro.

Entiendes? Emilie L. Bergmann, 1995 *Entiendes* is literally translated as

Do you understand Do you get it But those who do get it will also hear within this question a subtler meaning Are you queer Are you one of us The issues of gay and lesbian identity represented by this question are explored for the first time in the context of Spanish and Hispanic literature in this groundbreaking anthology Combining intimate knowledge of Spanish speaking cultures with contemporary queer theory these essays address texts that share both a common language and a concern with lesbian gay and bisexual identities Using a variety of approaches the contributors tease the homoerotic messages out of a wide range of works from chronicles of colonization in the Caribbean to recent Puerto Rican writing from the work of Cervantes to that of the most outrageous contemporary Latina performance artists This volume offers a methodology for examining work by authors and artists whose sexuality is not so much open as an open secret respecting for example the biographical privacy of writers like Gabriela Mistral while responding to the voices that speak in their writing Contributing to an archeology of queer discourses *Entiendes* also includes important studies of terminology and encoded homosexuality in Argentine literature and Caribbean journalism of the late nineteenth century Whether considering homosexual panic in the stories of Borges performances by Latino AIDS activists in Los Angeles queer lives in turn of the century Havana and Buenos Aires or the mapping of homosexual geographies of 1930s New York in Lorca's Ode to Walt Whitman *Entiendes* is certain to stir interest at the crossroads of sexual and national identities while proving to be an invaluable resource
