Gabriel Method Jon Gabriel,2009-11-13 Jon Gabriel lost over 100 kilos without dieting or surgery and amazingly his body shows almost no sign of ever having been morbidly obese His totally unique and groundbreaking approach to losing weight is backed by solid cutting edge obesity research from over four years of full time investigation of the roles of biochemistry neurobiology quantum physics and human consciousness in weight loss The result is a method that defies common sense wisdom and yet achieves dramatic lasting benefits Celebrity obesity survivors like Muhammad Ali s daughter Khaliah and Robin Moran star of The Discovery Channel s show Super Obese are strong advocates of Jon s Weightloss approach which has also been featured on A Current Affairand Today Tonightin Australia as well as on numerous radio shows and newspaper articles internationally In addition to telling Jon s own story of his amazing transformation the book reveals why diets don t work and explains a truly unique and revolutionary diet free way to lose weight It s based on the fact that your body has an internal logic that determines how fat or thin you will be at any given time The way to lose weight is not to struggle or to force yourself to lose weight but to understand this internal logic and work with it so that your body wants to be thinner When your body wants to be thinner weightloss is inevitable and becomes automatic and effortless You simply crave less food you crave healthier foods your metabolism speeds up and you become very efficient at burning fat just like a naturally thin person And that s the real transformation to transform yourself into a naturally thin person so that you can eat whatever you want whenever you want and still be thin fit and vibrantly healthy

The Single Person's Cookbook Tony Wilkins,2007-02-16 A friend told me about a new person he d invited over for dinner later that night Since my friend is the world s worst cook and hates cookbooks too complicated and the recipes are never broken down for single serving meals the task fell to me to help My suggestions included everything from a roasted chicken to a stir fry I also told him he could a have me prepare the meal for him b do take out c starve d I could help him come up with a few simple recipes he could make himself in 30 minutes or less While putting together his menu he asked me a question Have you ever thought of writing a cookbook To which I replied if I did it would be specifically for single people And as they say necessity is the mother of invention The Single Person s Cookbook is written for anyone without a wife husband children or significant other to cook for Or for anyone needing to impress a date or serve a special someone a great meal because you care In short it is for anyone who wants a simple fast elegant low fat and yes romantic home cooked meal in minutes Each chapter will include approximately 5 10 recipes a piece and tips to help make the cooking

process easier and more enjoyable Although I have included measurements for these recipes as a frame of reference I d like to note that I rarely ever measure anything ever In creating a simple meal I find that using the six senses instinct being the sixth are far more important and reliable than a measuring cup As a single man myself over 40 I m often aware of the irony of life s little lessons The blind date that turns out to be your ex lover s ex lover This book will not only be informative from a culinary standpoint but also offers funny little observations about getting through life as a single person of a certain age Think Sex in the City meets 30 Minute Meals from a gay man s point of view The book also offers tips on fitness I went from 232 lbs to 165lbs in about a year as well as ways to save money on your food bill Upcoming books in The Single Person s Cookbook series include Cooking from your Garden and Southern Cooking
