David Goldsworthy

Losing The Blanket Australia And The End Of Britains Empire

Ingo Trauschweizer

Losing The Blanket Australia And The End Of Britains Empire:

Losing The Blanket David Goldsworthy, 1998-09-01 When Britain's sprawling empire wound down with unexpected speed in the 1960s Australia lost a comforting security blanket. We had to struggle to re-establish and protect ourselves in a volatile and threatening world. Australia's interests in empire had taken many forms: strategic, economic, cultural, and psychological. Indeed, Australia had used British experience as a template for its own mini-imperialism in Papua and New Guinea, for example. The most important connections between Britain's imperial interests and Australia's regional ones were in Southeast Asia, but they extended to the Indian and Pacific oceans and even to Africa. The effects of the end of empire upon Australia's external relations have tended to be eclipsed by historians' emphasis on Cold War imperatives and Australia's consequent alignment with the United States. *Losing the Blanket* rights the balance by showing how Australia's foreign policy during the 1950s and 1960s was affected by the end of empire. Under the thirty-year rule, vital primary sources in both Britain and Australia are now accessible. They reveal the effects of post-imperialism upon Australian policies in key areas such as defence planning in Southeast Asia, the politics of the Commonwealth, European Union, Australia's own colonial policy, and relations with Britain itself. David Goldsworthy's account is both clear and thorough. As first Menzies and then Holt looked to protect Australia's interests, the groundwork was laid for our involvement in Vietnam and for the pattern of Australia's foreign relations today.

Losing the Blanket David Goldsworthy, 2002 An account of British decolonization and its aftermath. It discusses its implications for Australian policies in the key areas of defence in Southeast Asia, the politics of the Commonwealth, the European Union, Australia's own colonial policy, and the bilateral relationship with Britain itself.

The Cambridge Companion to Postcolonial Travel Writing Robert Clarke, 2018-01-11 The Cambridge Companion to Postcolonial Travel Writing offers readers an insight into the scope and range of perspectives that one encounters in this field of writing. Encompassing a diverse range of texts and styles, performances and forms, postcolonial travel writing recounts journeys undertaken through places, cultures and communities that are simultaneously living within, through and after colonialism in its various guises. The Companion is organized into three parts. Part I, Departures, addresses key theoretical issues, topics and themes. Part II, Performances, examines a range of conventional and emerging travel performances and styles in postcolonial travel writing. Part III, Peripheries, continues to shift the analysis of travel writing from the traditional focus on Eurocentric contexts. This Companion provides a comprehensive overview of developments in the field, appealing to students and teachers of travel writing and postcolonial studies.

Temple of Peace Ingo Tauschweizer, 2021-03-19 This collection raises timely questions about peace and stability as it interrogates the past and present status of international relations. The post-World War II liberal international order, upheld by organizations such as the United Nations, the North Atlantic Treaty Organization, and similar alliances, aspired to ensure decades of collective security, economic stability, and the rule of law. All of this was a negotiated process that required compromise, and yet it did not make for a peaceful world. When

Winston Churchill referred to the UN framework as the temple of peace in his famous 1946 Iron Curtain speech he maintained that international alliances could help provide necessary stability so free people could prosper both economically and politically Though the pillars of international order remain in place today in a world defined as much by populism as protest leaders in the United States no longer seem inclined to serve as the indispensable power in an alliance framework that is built on shared values human rights and an admixture of hard and soft power In this book nine scholars and practitioners of diplomacy explore both the successes and the flaws of international cooperation over the past seventy years Collectively the authors seek to address questions about how the liberal international order was built and what challenges it has faced as well as to offer perspectives on what could be lost in a post American world **Helpem Fren** Michael Wesley,2023-03-07 In 2003 Australia conceived financed and led a Pacific wide intervention into Solomon Islands to prevent the collapse of that state The Regional Assistance Mission to Solomon Islands RAMSI was to remain there for fourteen years costing over 2 billion and involving thousands of soldiers police and public servants from Australia and across the Pacific It was remarkably successful in an age of disastrous interventions And yet by the time it was withdrawn RAMSI had largely vanished from the Australian public s mind Helpem Fren is the first comprehensive history of Australia and the RAMSI intervention Drawing on still classified official documents and over thirty interviews it records the preconditions motivations and dynamics of RAMSI between 2003 and 2017 Providing an intimate look at the challenges of interventions and development assistance generally Helpem Fren is also a portrait of the personalities involved and the complex interactions between two systems that couldn t be more different in culture wealth size and capacity As Australia confronts the most challenging environment in the Pacific for seventy years Helpem Fren offers readers a deeper understanding of the recent history of Australia s involvement with Solomon Islands and the Pacific Fire and the Full Moon David Webster,2010-01-01 The history of Canada s postwar foreign policy is dominated by Cold War narratives the Gouzenko Affair UN peacekeeping missions and the Cuban Missile Crisis By contrast the story of Canada s response to decolonization in the Global South is less well known Fire and the Full Moon explores Canadian Indonesian relations to determine whether Canada s postwar foreign policy was guided by an overarching set of principles Canada a loyal member of the Western alliance wanted developing countries to follow a non revolutionary model of decolonization and paid little attention to violations of human rights Webster s reassessment of Canada s foreign policy objectives in Indonesia and of its own national image will appeal to students of diplomatic history interested in Asia and the developing world *Oceans* Andrew Dwyer,2009 One of the most satisfying culinary pursuits is to catch prepare and eat absolutely fresh seafood The recipes and stories in this book are a celebration of Australia our maritime history our oceans and the wonderful seafood they provide **Australia's Pursuit of an Independent Foreign Policy under the Whitlam Labor Government** Changwei Chen,2023-08-11 Examining a series of episodes in Australia s foreign relations under Whitlam the author pays attention to a broad range of hitherto insufficiently

researched domestic and international issues in Australian s foreign relations of the early 1970s The election of the Whitlam led Labor Government in December 1972 ushered in fresh ideas and audacious initiatives in Australia s foreign policy Whitlam s approach was shaped by a vision of taking Australia forward to its rightful and independent place in the future of the Asia Pacific region They range from immigration policy and the abolition of appeals from Australian Courts to the Privy Council to such major international issues as the Anglo American base in Diego Garcia French nuclear testing in the Pacific and the Five Power Agreement with respect to Malaysia and Singapore He demonstrates how the pursuit of foreign policy independence repeatedly placed the Whitlam Government in a position wedged in between Australia s traditional allies and the Third World and how it navigated Australia s national interests on a series of dilemma situations involving conflicting strategic interests between Australia and its traditional allies and those between major powers and the non aligned countries The analysis presented in this book contributes to not only historical literature on the subject but also the understanding of how a middle power like Australia can navigate intensifying great power rivalry Essential reading for scholars of Australian foreign policy as well as being an invaluable case study of middle power diplomacy in the Asia Pacific region Power Of Speech James Curran,2014-07-18 The subjects of this book are five fascinating prime ministers Gough Whitlam Malcolm Fraser Bob Hawke Paul Keating and John Howard and how they view Australia Until the 1960s our nation believed itself to be British Then during a decade of momentous change this concept of our national identity collapsed It was buried by the forces of cultural and political renewal by disturbing and exciting developments in Asia and by a dawning recognition that the global era of colonial power was over The result was a crisis of national meaning reflected in public debates about multiculturalism Australia s relationships with its Asian neighbours the dispossession of indigenous Australians and the nation s involvement in war In recent years our political leaders have played a conspicuous role in the controversy In The Power of Speech James Curran explores the end of the idea of British Australia and how successive prime ministers have attempted to assert personal and often competing visions of Australian nationalism in its place This highly original study of prime ministerial rhetoric exposes the sources of our most powerful leaders beliefs about Australia Australia and Africa Nikola Pijović,2019-01-28 This book offers analysis of Australia s engagement with Africa as well as the country s rather unique status as a new actor and emerging country in Africa With its empirical originality and comparative contribution the book fills a gap in both the study of Africa s global engagement with emerging countries and in connection with Australia s largely unknown engagement with African states Australia has presented itself as Africa s friend from the south without any colonial baggage and is interested in a long term partnership for trade and development In this context Australia is only one of many new players seeking more intensive engagement with Africa since the end of the Cold War At its core the book argues that because of its largely unacknowledged flawed historical engagement with Africa as well as the political partisanship driving its fickle and volatile contemporary engagement with the continent Australia suffers from an inability to

assess its strategic and long term interests i.e. it doesn't know what it wants in or from Africa. This makes Australia a rather unique emerging player in Africa while other new actors' engagement with Africa is generally strategic and driven to a large extent by a desire to secure resources and counter the influence of geopolitical rivals. Australia's efforts with regard to Africa are more episodic and not about acquiring resources or countering its rivals. Hence while immigration, globalization, trade, terrorism and climate change continue to bring Africa and Australia closer together, Australia's failure to understand its own interests continues to hamper its engagement with Africa.

Ignite the flame of optimism with Crafted by is motivational masterpiece, **Losing The Blanket Australia And The End Of Britains Empire** . In a downloadable PDF format (*), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.
