Queer Friendship George E. Haggerty,2018-03-29 Friendship in the classical world was celebrated as among the highest human achievements nothing was more likely to lead to the divine than looking for it in the eyes of a friend In exploring the complexities of male male relations beyond the simple labels of sexuality Queer Friendship shows how love between men has a rich and varied history in English literature The friend could offer a reflection of one s own worth and a celebration of a kind of mutuality that was not connected to family or home These same sex friendships are memorable because they give shape to the novels of which they are a part and question the assumption that the love between friends is different from the love between lovers Queer Friendship explores English literary friendship in three ways the elegiac the erotic and the platonic by considering a myriad of works including Sterne s Tristram Shandy Tennyson s In Memoriam A H H and Dickens Great Expectations
