Confederate Generals in the Trans-Mississippi, Vol 1 Lawrence L. Hewitt,Arthur W. Bergeron,Thomas E. Schott,2013-04-30 Until relatively recently conventional wisdom held that the Trans Mississippi Theater was a backwater of the American Civil War Scholarship in recent decades has corrected this oversight and a growing number of historians agree that the events west of the Mississippi River proved integral to the outcome of the war Nevertheless generals in the Trans Mississippi have received little attention compared to their eastern counterparts and many remain mere footnotes to Civil War history This welcome volume features cutting edge analyses of eight Southern generals in this most neglected theater Thomas Hindman Theophilus Holmes Edmund Kirby Smith Mosby Monroe Parsons John Marmaduke Thomas James Churchill Thomas Green and Joseph Orville Shelby providing an enlightening new perspective on the Confederate high command

Although the Trans Mississippi has long been considered a dumping ground for failed generals from other regions the essays presented here demolish that myth showing instead that with a few notable exceptions Confederate commanders west of the Mississippi were homegrown not imported and compared well with their more celebrated peers elsewhere With its virtually nonexistent infrastructure wildly unpredictable weather and few opportunities for scavenging the Trans Mississippi proved a challenge for commanders on both sides of the conflict As the contributors to this volume demonstrate only the most creative minds could operate successfully in such an unforgiving environment While some of these generals have been the subjects of larger studies others including Generals Holmes Parsons and Churchill receive their first serious scholarly attention in these pages Clearly demonstrating the independence of the Trans Mississippi and the nuances of the military struggle there while placing both the generals and the theater in the wider scope of the war these eight essays offer valuable new insight into Confederate military leadership and the ever vexing questions of how and why the South lost this most defining of American conflicts 1990 Census of Population and Housing ,1991 **Fishes of the Middle Savannah River Basin** Barton C.

Marcy,2005 The book also discusses the Savannah River tributary streams reservoirs and ponds from the 1950s to the present detailing ecological changes habitats and associated fish assemblages BOOK JACKET Vegetation, Water, Humans and the Climate Pavel Kabat,Martin Claussen,Paul A. Dirmeyer,John H.C. Gash,Lelys Bravo de Guenni,Michel Meybeck,Roger Pielke,Charles J. Vörösmarty,Ronald W.A. Hutjes,Sabine Lütkeemeier,2012-12-06 A state of the art overview of the influence of terrestrial vegetation and soils within the Earth system The text deals especially with interactions between the terrestrial biosphere and the atmosphere via the hydrological cycle and their interlinkage with anthropogenic activities Measurements gathered in integrated field experiments in the Sahel the Amazon North America and South east Asia confirm the importance of these interactions Observations are complemented by modelling studies including regional models that simulate flows and transport in river catchments coupled land cover and regional climate systems and Earth system and global circulation models Water nutrient and sediment fluxes in river basins are also discussed and are shown to be highly impacted and regulated by humans through land use pollution and river engineering Finally the book discusses environmental vulnerability and methodologies for assessing the risks associated with regional and global climatic and environmental variability and change The results reported in this book are based on the research work of many individual scientists and teams around the world associated with the objectives of the IGBP BAHC and WCRP GEWEX international research programmes **The Cavalries at Stones River** Dennis W. Belcher,2017-04-24 At the Battle of Stones River General David Stanley s Union cavalry repeatedly fought General Joseph Wheeler s Confederate cavalry The campaign saw some of the most desperately fought mounted engagements in the Civil War s Western Theater and marked the end of the Southern cavalry s dominance in Tennessee This history describes the events leading up to the battle and the key actions including the December 31 attack by Wheeler s cavalry the Union counterattack the repulse of General John Wharton by the 1st Michigan Engineers and Wheeler
