Lost Hunger Part I Of The Hunger Trilogy:

China's Intellectuals and the State Merle Goldman, Timothy Cheek, Carol Lee Hamrin, 2020-10-26 Today's intellectuals in China inherit a mixed tradition in terms of their relationship to the state. Some follow the Confucian literati watchdog role of criticizing abuses of political power. Marxist intellectuals judge the state's practices on the basis of Communist ideals. Others prefer the May Fourth spirit dedicated to the principles of free scholarly and artistic expression. The Chinese government for its part has undulated in its treatment of intellectuals, applying restraints when free expression threatened to get out of control, relaxing controls when state policies required the cooperation, good will, and expertise of intellectuals. In this stimulating work, twelve Chinese scholars examine that troubled and changing relationship. They focus primarily on the post-Mao years when bitter memories of the Cultural Revolution and China's renewed quest for modernization have at times allowed intellectuals increased leeway in expression and more influence in policy making. Specialists examine the situation with respect to economists, lawyers, scientists, and technocrats; writers and humanist scholars in the climate of Deng Xiaoping's policies; and speculate about future developments. This book will be a valuable source of information for anyone interested in the changing scene in contemporary China and in its relations with the outside world. **Promotional Screen**

Industries Paul Grainge, Catherine Johnson, 2015-03-27 From the trailers and promos that surround film and television to the ads and brand videos that are sought out and shared, promotional media have become a central part of contemporary screen life. *Promotional Screen Industries* is the first book to explore the sector responsible for this thriving area of media production. In a wide-ranging analysis, Paul Grainge and Catherine Johnson explore the intermediaries, advertising agencies, television promotion specialists, movie trailer houses, digital design companies that compete and collaborate in the fluid, fast-moving world of promotional screen work. Through interview-based fieldwork with companies and practitioners based in the UK, US, and China, *Promotional Screen Industries* encourages us to see promotion as a professional and creative discipline with its own opportunities and challenges. Outlining how shifts in the digital media environment have unsettled the boundaries of promotion and content, the authors provide new insight into the sector's work strategies and imaginaries of contemporary screen promotion. With case studies on mobile communication, television, film, and live events, this timely book offers a compelling examination of the industrial configurations and media forms such as ads, apps, promos, trailers, digital shorts, branded entertainment, and experiential media that define promotional screen culture at the beginning of the twenty-first century. **Female Rebellion in Young Adult Dystopian Fiction** Sara K. Day, Miranda A. Green-Barteet, Amy L.

Montz, 2016-04-15 Responding to the increasingly powerful presence of dystopian literature for young adults, this volume focuses on novels featuring a female protagonist who contends with societal and governmental threats at the same time that she is navigating the treacherous waters of young adulthood. The contributors relate the liminal nature of the female protagonist to liminality as a unifying feature of dystopian literature for and about young women and cultural

expectations of adolescent womanhood Divided into three sections the collection investigates cultural assumptions and expectations of adolescent women considers the various means of resistance and rebellion made available to and explored by female protagonists and examines how the adolescent female protagonist is situated with respect to the groups and environments that surround her In a series of thought provoking essays on a wide range of writers that includes Libba Bray Scott Westerfeld Tahereh Mafi Veronica Roth Marissa Meyer Ally Condie and Suzanne Collins the collection makes a convincing case for how this rebellious figure interrogates the competing constructions of adolescent womanhood in late twentieth and early twenty first century culture

Worlds Gone Awry John J. Han,C. Clark Triplett,Ashley G. Anthony,2018-08-22 Dystopian fiction captivates us by depicting future worlds at once eerily similar and shockingly foreign to our own This collection of new essays presents some of the most recent scholarship on a genre whose popularity has surged dramatically since the 1990s Contributors explore such novels as The Lord of the Flies The Heart Goes Last The Giver and The Strain Trilogy as social critique revealing how they appeal to the same impulse as utopian fiction the desire for an idealized yet illusory society in which evil is purged and justice prevails *The Politics of Panem* Sean P. Connors,2014-09-24 The Hunger Games trilogy is a popular culture success Embraced by adults as well as adolescents Suzanne Collins s bestselling books have inspired an equally popular film franchise But what if anything can reading the Hunger Games tell us about what it means to be human in the world today What complex social and political issues does the trilogy invite readers to explore Does it merely entertain or does it also instruct Bringing together scholars in literacy education and the humanities The Politics of Panem Challenging Genres examines how the Hunger Games books and films when approached from the standpoint of theory can challenge readers and viewers intellectually At the same time by subjecting Collins s trilogy to literary criticism this collection of essays challenges its complexity as an example of dystopian literature for adolescents How can applying philosophic frameworks such as those attributable to Socrates and Foucault to the Hunger Games trilogy deepen our appreciation for the issues it raises What if anything can we learn from considering fan responses to the Hunger Games How might adapting the trilogy for film complicate its ability to engage in sharp edged social criticism By exploring these and other questions The Politics of Panem Challenging Genres invites teachers students and fans of the Hunger Games to consider how Collins s trilogy as a representative of young adult dystopian fiction functions as a complex narrative In doing so it highlights questions and issues

An Epic Trilogy ... Lyman Whitney Allen, 1929 *The Politics of Fandom* Hannah Mueller, 2022-02-03 Fandom has been celebrated both as a harmonious tolerant space and as apolitical and detached from reality Yet fandom is neither harmonious nor apolitical Throughout the past century fandom has been shaped by recurring controversies and sparked by the emergence of new circles platforms and discourses Since the earliest days of science fiction fandom fans have conceived of their communities as quasi political bodies and of themselves as public actors in discursive spaces They are concerned with the organizational structures norms and borders of fandom as well as their own position within it all This latter concern has moved to the forefront as fan practices and platforms have been coopted by the entertainment industry and by political actors forcing fans to situate their fannish and political identities in relation to both sprawling transmedia franchises and right wing groups exploiting fannish formations for political ends Through case studies of Glee and The Hunger Games fandoms as well as events such as Gamergate RaceFail 09 and the Hugo Awards controversies this book explores the complexities of political fandom *The New York Times Book Review*, 1992 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback [The Louis Bromfield Trilogy](#) Louis Bromfield, 1926
