Lost Boys Of Natinga A School For Sudans Young Refugees:

The Lost Boys of Natinga Judy Walgren, 1998 Describes daily life at Natinga a refugee camp and school established in 1993 in southern Sudan for boys forced from their homes by that country's Civil War **Not Just Child's Play** Felicia R. McMahon, 2009-10-20 Winner of the 2008 Chicago Folklore Prize Felicia R McMahon breaks new ground in the presentation and analysis of emerging traditions of the Lost Boys a group of parentless youths who fled Sudan under tragic circumstances in the 1990s With compelling insight McMahon analyzes the oral traditions of the DiDinga Lost Boys about whom very little is known Her vibrant ethnography provides intriguing details about the performances and conversations of the young DiDinga in Syracuse New York It also offers important insights to scholars and others who work with refugee groups The author argues that the playful traditions she describes constitute a strategy by which these young men proudly position themselves as preservers of DiDinga culture and as harbingers of social change rather than as victims of war Drawing ideas from folklore linguistics drama and play theory the author documents the danced songs of this unique group Her inclusion of original song lyrics translated by the singers and descriptions of conversations convey the voices of the young men Well researched and carefully developed this book makes an original contribution to our understanding of refugee populations and tells a compelling story at the same time **Promoting a Global Community Through Multicultural Children's Literature**

Stan Steiner, 2001-03-15 You will find this book invaluable for teaching students the beauties of diversity and for building understanding of cultures from around the world This book features more than 800 titles both single volume and series selected for their multicultural content and compelling reflections of the social issues of diverse cultures The more than 100 interdisciplinary application strategies for titles range from reading aloud with follow up discussions to social activism Fully indexed by author and title this guide includes Web sites for literature integration contact information a discussion of the benefits of multicultural literature and suggestions for further reading The perfect guide for introducing students to other cultures and customs **Aid, Insurgencies and Conflict Transformation** Rob Kevlihan, 2013-02-11 This book examines the circumstances under which aid can contribute to the management and transformation of intra state conflicts How and when do insurgents govern How does the presence of aid and social services influence how insurgents govern Under what circumstances can aid contribute to the management and transformation of civil wars The established literature in this area argues that aid exacerbates civil wars where resources are scarce as greedy rebels steal resources for themselves This book however argues that under certain conditions such greed can be good Drawing on primary research from three very different conflicts Northern Ireland 1969 1998 southern Sudan 1983 2005 and Tajikistan 1992 1997 and more than 10 years experience working in and researching humanitarian crises this study breaks new ground through its wide ranging comparison of conflicts The book argues that insurgent efforts to reap rewards from aid and social services have in turn facilitated organizational changes and that these changes while they may have had conflict enhancing effects in the short

term have also contributed to conflict transformation over the long term This book will be of much interest to students of insurgencies civil wars comparative politics conflict management humanitarian emergencies public health and IR Security Studies in general **Refugee and Immigrant Health** Charles Kemp,Lance A. Rasbridge,2004-09-16 We live in an age of constantly shifting populations as immigrants and refugees seek a safe haven from war famine and poverty The healthcare of these dispossessed people is now a stark challenge not only in zones of conflict but in those wealthier countries that have offered sanctuary The book is based on the authors combined forty plus years of work as clinicians and teachers in refugee and immigrant health It is written with clinicians and students in mind and is thus practical yet theory based so it can be used in the field and as a teaching text It bridges physical health highlighting infectious disease risks mental health and spiritual issues and encompasses population specific information on history of immigration culture and social relations communications religions pregnancy and childbirth end of life issues and health screening It also details health beliefs and practices of 30 cultures from more than 40 countries **Turning on Learning** Carl A.
