The Balkars of Southern Russia and Their Deportation (1944-57) Karen Baker, 2013-08-30 Indelible events are often stamped into the consciousness of a nation These events shape individuals and often entire societies in the way they view social cultural political ethical and especially spiritual realities The deportation of entire ethnic groups of the North Caucasus region of southern Russia was an immense operation of the Soviet government during World War II The Balkarians or Balkars were forcibly taken from their native homelands and deported to distant lands within the Soviet Union They remained in exile for thirteen years The third generation of Balkars since that horrible experience continues to live in the shadow of the atrocities committed against their

people This book applies comprehensive research to the facts of the deportation More importantly it examines lingering resentments and current sentiments of the Balkarians through extensive personal interviews with those who experienced the deportation In Karen s many interviews woven throughout the book we learn of several Balkarians who come to faith because of the Deportation such as Ibrahim Gelastanov Ibrahim recounts his memories about the deportation years He cried as he recalled the details of his mother s death within twenty four hours of arriving in a special settlement where she died of starvation Ibrahim tells of the horrors of his capture the fifteen day train ride the forty eight hour boat ride the twenty four hour walk to an unknown destination and the starvation and indignities that he suffered But Ibrahim always attributes his deportation as the means to his salvation into God s family He was the first Balkarian Christian and he remained the lone Balkar Christian for thirty six years The tiny region of Balkaria is tucked into the largest mountain range of Europe the Caucasus Mountains in southern Russia The Balkarians live in the shadow of unthinkable cruelty by the Stalin regime the deportation of their entire people group The deportation was concealed until the late twentieth century due to the secrecy of communism It was also hidden behind the terrors that occurred in Europe during World War II The Balkars have suffered greatly in the last century and they desperately need the peace of God in their hearts This book will bring awareness to the Caucasus peoples and bring more involvement in promoting the work of the Gospel in this unstable area to the unreached peoples

Europe and the Collapse of Yugoslavia Branislav Radeljic,2016-05-11 In 1992 Yugoslavia finally succumbed to civil war collapsing under the pressure of its inherent ethnic tensions Existing accounts of Yugoslavia s dissolution however pay little regard to the troubled relationship between the Yugoslav Federation and the European Community EC prior to the crisis in the early 1990s and the instability this created Here Branislav Radeljic offers an empirical analysis of the EC s relations with Yugoslavia from the late sixties when Yugoslavia was under the presidency of Josep Broz Tito through to the collapse of the Yugoslav federation in 1992 after the rise of Slobodan Milo evi and the beginning of the Yugoslav Wars Radeljic explores the economic political and social elements of these discords and also places emphasis on the role of Slovenes Croats and other diasporas focusing on their capacity to affect policy making at a Europe wide level Radeljic argues convincingly that a lack of direction and inadequate political mechanisms within the EC enabled these non state actors to take centre stage and shows how EC paralysis precipitated a bloody conflict in the Balkan region

The Invisible Wall of China Dr Mohit Nayal,2012-08-22 The disintegration of Soviet Union in 1991 led to five new countries gaining independence in Central Asia The Muslims a predominant majority in the region had faced religious suppression under the rule of the communist Thus began an era where Islam was practiced with larger freedom However the governance of most of these states was with the autocratic leaders who had grown under the influence of communism Therefore it was but natural for them to soon impose religious restrictions This close tussle in almost all these newly raised states led to emergence of some radical groups Over the years the influence of such groups has spread to the extent of posing a threat to the stability of

country like China A foothold for radical groups in China is a possibility as its western province of Xinjiang has historical links with Central Asia and was part of Turkistan Today Xinjiang due to its ethnic violence between the Uyghur Muslims and the Han Chinese is acknowledged to be quite volatile The link of Uyghur s with Central Asia has further compounded China problem Apart from the extremists China is also concerned regarding the growing American presence within the region of Central Asia To negate the American influence and restrain any turbulence on its western province supported by the extremist of Central Asia there is a need for China to review its external and internal policies which will steer it towards a more politically and economically stable nation Failing to addresses such simmering issues the nation will be trapped within the folds of THE INVISIBLE WALL OF CHINA **Citizenship, Territoriality, and Post-Soviet Nationhood** Maxim

Murphy,Won Kidane,Thomas R. Snider,2013-03-27 Litigating War offers an in

depth examination of the Claims Commission of the Eritrea Ethiopia War which was tasked with deciding through binding arbitration claims for losses damages and injuries resulting from the war After providing an overview of the war the authors describe how the Commission was established the extent of its jurisdiction and the applicable law on which it relied They explain the types of evidentiary issues that the Commission faced and the types of relief that it ultimately offered war victims The book includes a description of each side s treatment of both enemy aliens and prisoners of war and concludes with a discussion of the lessons that can be learned from the Claims Commission s process and performance **Borderlands**

Orientalism or How the Savage Lost his Nobility Dominik Gutmeyr,2017 In Russia s cultural memory the Caucasus is a potent point of reference to which many emotions images and stereotypes are attached The book gives a new reading of the development of Russia s perception of its borderlands and presents a complex picture of the encounter between the Russians and the indigenous population of the Caucasus The study outlines the history of a region standing in between Russian reveries and Russian imperialism Series Studies on South East Europe Vol 19 Subject History Russian Studies Ethnology
