Benito Mussolini's the Doctrine of Fascism Benito Mussolini, 2017-03-31 This is the original Doctrine of Fascism This doctrine worked as the basis of the Italian Fascist Party and influenced numerous fascist movements and individuals that followed *Mussolini and Fascist Italy* Martin Blinkhorn, 2006-09-27 In *Mussolini and Fascist Italy* Martin Blinkhorn explains the significance of the man the movement and the regime which dominated Italian life between 1922 and the closing stages of the Second World War He examines those aspects of post Risorgimento Italy which provided the longterm context vital to an understanding of Fascism the social and political convulsions wrought by economic change after 1890 and by Italy's intervention in the First World War the Fascist movement's rapid rise from obscurity to power and the subsequent establishment of Mussolini's dictatorship the history of the Fascist regime until its demise during the Second World War the ways in which Italian Fascism has been understood by contemporary analysts and by historians The third edition of this best selling Lancaster Pamphlet provides an expanded and fully updated analysis New features include additional material on Fascist totalitarianism and a completely revised consideration of the ways in which Fascism has been interpreted

s Russia What legacy has the experience of Fascism left behind in Italy and in Europe These and many more important questions are explored in Finaldi s introduction to one of the most important movements of the European 20th Century

Mussolini Richard J. B. Bosworth,2014-03-04 In 1945 disguised in German greatcoat and helmet Mussolini attempted to escape from the advancing Allied armies Unfortunately for him the convoy of which he was part was stopped by partisans and his features made so familiar by Fascist propaganda gave him away Within 24 hours he was executed by his captors joining those he sent early to their graves as an outcome of his tyranny at least one million people He was one of the tyrant killers who so scarred interwar Europe but we cannot properly understand him or his regime by any simple equation with Hitler or Stalin Like them his life began modestly in the provinces unlike them he maintained a traditional male family life including both wife and mistresses and sought in his way to be an intellectual He was cruel though not the cruellest his racism existed but never without the consistency and vigor that would have made him a good recruit for the SS He sought an empire but in the most part his was of the old fashioned costly nineteenth century variety not a racial or ideological imperium And self evidently Italian society was not German or Russian the particular patterns of that society shaped his dictatorship Bosworth s Mussolini allows us to come closer than ever before to an appreciation of the life and actions of the man and of the political world and society within which he operated With extraordinary skill and vividness drawing on a huge range of sources this biography paints a picture of brutality and failure yet one tempered with an understanding of Mussolini as a human being not so different from many of his contemporaries The definitive study of the Italian dictator Library Journal

Mussolini Peter Neville,2004 Was Mussolini really the power crazed cynic that many see him as Was he a true revolutionary Both ruthless and opportunistic Benito Mussolini was driven by ideology and a desire to make Italy great This survey is key to understanding one of the most fascinating 20th century European dictators **Mussolini and the Eclipse of Italian Fascism** R. J. B. Bosworth,2021-04-27 An incisive account of how Mussolini pioneered populism in reaction to Hitler s rise and thereby reinforced his role as a model for later authoritarian leaders On the tenth anniversary of his rise to power in 1932 Benito Mussolini 1883 1945 seemed to many the good dictator He was the first totalitarian and the first fascist in modern Europe But a year later Hitler s entrance onto the political stage signaled a German takeover of the fascist ideology In this definitive account eminent historian R J B Bosworth charts Mussolini s leadership in reaction to Hitler Bosworth shows how Italy s decline in ideological pre eminence as well as in military and diplomatic power led Mussolini to pursue a more populist approach angry and bellicose words at home violent aggression abroad and a more extreme emphasis on charisma In his embittered efforts to bolster an increasingly hollow and ruthless regime it was Mussolini rather than Hitler who offered the model for all subsequent authoritarians **Mussolini's Italy** Max Gallo,2019-10-10 Originally published in 1964 this book holds the story of Italian Fascism and its leader up to the light Gallo explains how Fascism triumphed in Italy what it did to and for that country and what its heritage is for present day Italy The character of Mussolini

is explored as it is interwoven with the history of the dictatorship he founded and Gallo demonstrates beyond doubt the enthusiasm with which Italian industry finance and business supported Mussolini's self-styled anti-capitalist movement

Fascist Spectacle Simonetta Falasca-Zamponi, 2000-08-31 An excellent and timely book The idea of studying Italian fascism as a society of the spectacle that used symbols rituals and a cult of the leader to create itself as it unfolded is a brilliant stroke Walter L Adamson author of *Avant Garde Florence From Modernism to Fascism* [The Fascist Party and Popular Opinion in Mussolini's Italy](#) Paul Corner, 2012-07-19 Contradicts the current orthodoxy that there was a generalised popular consensus for the fascist regime and for Mussolini's rule at least until the disasters of the Second World War Demonstrates that there was widespread and mounting hostility to the regime among large sections of the population even in the 1930s **Mussolini's Italy** R. J. B. Bosworth, 2007-01-30 With Mussolini's Italy R J B Bosworth the foremost scholar on the subject writing in English vividly brings to life the period in which Italians participated in one of the twentieth century's most notorious political experiments Il Duce's Fascists were the original totalitarians espousing a cult of violence and obedience that inspired many other dictatorships Hitler's first among them But as Bosworth reveals many Italians resisted its ideology finding ways ingenious and varied to keep Fascism from taking hold as deeply as it did in Germany A sweeping chronicle of struggle in terrible times this is the definitive account of Italy's darkest hour **Mussolini and Fascism** Patricia Knight, 2003 The early twentieth century in Italy was a crucial period in its history Mussolini and Fascism surveys all the important issues and topics of the period including the origins and rise of Fascism Mussolini as Prime Minister and Dictator the Totalitarian state foreign policy and the Second World War It also examines how Italian Fascism compared to other inter-war dictatorships **The cult of the Duce** Stephen Gundle, Christopher Duggan, Giuliana Pieri, 2015-11-01 The cult of the Duce is the first book to explore systematically the personality cult of the Fascist dictator Benito Mussolini It examines the factors which informed the cult and looks in detail at its many manifestations in the visual arts architecture political spectacle and the media The conviction that Mussolini was an exceptional individual first became dogma among Fascists and then was communicated to the people at large Intellectuals and artists helped fashion the idea of him as a new Caesar while the modern media of press photography cinema and radio aggrandised his every public act The book considers the way in which Italians experienced the personality cult and analyses its controversial resonances in the postwar period Academics and students with interests in Italian and European history and politics will find the volume indispensable to an understanding of Fascism Italian society and culture and modern political leadership Among the contributions is an Afterword by Mussolini's leading biographer R J B Bosworth [Sawdust Caesar](#) George Seldes, 1937 [Mussolini and the Rise of Fascism \(Text Only Edition\)](#) Donald Sassoon, 2012-09-27 In this fascinating look at the unique conjuncture of factors surrounding Il Duce's seizure of power eminent historian Donald Sassoon traces the political circumstances that sent Italy on a collision course with the most destructive war of the century **Mussolini and Italian Fascism** Margaret Mulvihill, 1990

Describes the life of Benito Mussolini from his modest beginnings as son of a village blacksmith to his rise in the fascist movement and his leadership of Italy during World War II Mussolini's Nature Marco Armiero, Roberta Biasillo, Wilko Graf von Hardenberg, 2022-12-13 This exploration of the environmental practices of Benito Mussolini's fascist regime invites readers to consider the ecological connections of all political projects We might think we see a mountain while it was a war a forest can actually be an engine a monument to workers might reflect the violence of a colonial empire extracted from Mussolini's Nature In this first environmental history of Italian fascism Marco Armiero Roberta Biasillo and Wilko Graf von Hardenberg reveal that nature and fascist rhetoric are inextricable Mussolini's Nature explores fascist political ecologies or rather the practices and narratives through which the regime constructed imaginary and material ecologies functional to its political project The book does not pursue the ghost of a green Mussolini by counting how many national parks were created during the regime or how many trees planted Instead the reader is trained to recognize fascist political ecology in Mussolini's speeches reclaimed landscapes policies of economic self sufficiency propaganda documentaries reforested areas and in the environmental transformation of its colonial holdings The authors conclude with an examination of the role of fascist landscapes in the country's postwar reconstruction Mussolini's nature is still visible today through plaques monuments toponymy and the shapes of landscapes This original and surprisingly intimate environmental history is not merely a chronicle of conservation in fascist Italy but also an invitation to consider the socioecological connections of all political projects The Resistible Rise of Benito Mussolini Tom Behan, 2003 In 1920 Italy was on the verge of a socialist revolution Just two years later Benito Mussolini's fascists took power and ushered in an era of repression war and ultimately genocide In this enthralling book Tom Behan shows how a group of militant anti fascists came close to stopping Mussolini and changing the course of history Tragically their bravery was undermined by a combination of the left's sectarianism and naive faith in the impartiality of the police An important and detailed analysis of a period of Italian history which is often ignored WSF Italian Fascism, 1915-1945 Philip Morgan, 2017-03-14 It is now 80 years since Mussolini's Fascism came to power in Italy but the political heirs of the original Fascism are part of government in today's Italy The resurgence of neo fascist and neo Nazi extremism all over Europe are a reminder of the continuing place of fascism in contemporary European society despite its political and military defeat in 1945 This thoroughly revised updated and expanded edition provides a critical and comprehensive overview of the origins of Fascism and the movement's taking and consolidation of power Philip Morgan Explains how the experience of the First World War created Fascism Describes how the unsettled post war conditions in Italy enabled an initially small group of political adventurers around Mussolini to build a large movement and take power in 1922 Focuses on the workings of the first ever totalitarian system and its impacts on the lives and outlooks of ordinary Italians Considers the meshing of internal fascistisation and expansionism which emerged most clearly after 1936 as Italy became more closely aligned with Nazi Germany Examines the demise of Italian Fascism between 1943 and 1945 as Mussolini and

his party became the puppets of Nazism Provides an explanation and interpretation of Fascism locating it in contemporary history and taking account of recent debates on the nature of the phenomenon Clear and approachable this essential text is ideal for anyone interested in Italy's turbulent political history in the first half of the 20th century
