The Reincarnation of Peter Proud [by] Max Ehrlich Max Ehrlich, 1974 **Body Trap** Lassiter, Pumphrey, 2015-08-14

Bernie awakens to darkness and thinks he's dead There's no other explanation He can't move or see he's surrounded by nothingness He's dead right Yet as he reflects on his life there's a rather gaping empty space where his death should be He can't remember the circumstances of his untimely demise which is when he realizes he's not dead at all He's in a state of coma but he can hear voices around him He's alive but he can't make contact with the living world Only then does he again begin to reflect on his life not life but lives His current existence his current body is one of many beginning in the Spanish Inquisition

when Bernie was executed for witchcraft The touch of magic has followed him throughout his remaining lives Loved ones are found and lost again over decades and then centuries Bernies consistent rebirth is due to his use of witchcraft to mess with preordained destiny Hes utterly defenseless in his current state but he must find a way to fight those who mean him harm Otherwise this will be his last incarnation and it will not end well The Woman Who Pretended to Be Who She Was Wendy Doniger,2005 Many cultures have myths about self imitation stories about people who pretend to be someone else pretending to be them in effect masquerading as themselves This great theme in literature and in life tells us that people put on masks to discover who they really are under the masks they usually wear so that the mask reveals rather than conceals the self beneath the self In this book noted scholar of Hinduism and mythology Wendy Doniger offers a cross cultural exploration of the theme of self impersonation whose widespread occurrence argues for both its literary power and its human value The stories she considers range from ancient Indian literature through medieval European courtly literature and Shakespeare to Hollywood and Bollywood They illuminate a basic human way of negotiating reality illusion identity and authenticity not to mention memory amnesia and the process of aging Many of them involve marriage and adultery for tales of sexual betrayal cut to the heart of the crisis of identity These stories are extreme examples of what we common folk do unconsciously every day Few of us actually put on masks that replicate our faces but it is not uncommon for us to become travesties of ourselves particularly as we age and change We often slip carelessly across the permeable boundary between the un self conscious self indulgence of our most idiosyncratic mannerisms and the conscious attempt to give the people who know us personally or publicly the version of ourselves that they expect Myths of self imitation open up for us the possibility of multiple selves and the infinite regress of self discovery Drawing on a dizzying array of tales some fact some fiction The Woman Who Pretended to Be Who She Was is a fascinating and learned trip through centuries of culture guided by a scholar of incomparable wit and erudition *Horror Films of the 1970s* John Kenneth Muir,2012-11-22 The seventies were a decade of groundbreaking horror films *The Exorcist* *Carrie* and *Halloween* were three This detailed filmography covers these and 225 more Section One provides an introduction and a brief history of the decade Beginning with 1970 and proceeding chronologically by year of its release in the United States Section Two offers an entry for each film Each entry includes several categories of information Critical Reception sampling both 70s and later reviews Cast and Credits P O V quoting a person pertinent to that film s production Synopsis summarizing the film s story Commentary analyzing the film from Muir s perspective Legacy noting the rank of especially worthy 70s films in the horror pantheon of decades following Section Three contains a conclusion and these five appendices horror film cliches of the 1970s frequently appearing performers memorable movie ads recommended films that illustrate how 1970s horror films continue to impact the industry and the 15 best genre films of the decade as chosen by Muir **Cinema of the Occult** Carrol Lee Fry,2008 Provides useful information on the occult religions and applies this discussion to selected films Readers will find excellent background on these paths as well as perceptive
