Silver Spitfire:

Silver Spitfire Matt Jones, Benjamin Uttley, Benjamin Uttley; Lachlan Munro; Steve Brooks, Lachlan Munro, 2022-10-31 The recovery and renovation of a Second World War Spitfire to museum standards is always a special event To then restore it to flying status is an even greater accomplishment If that was the whole story of The Silver Spitfire this would still be a worthy subject for a book but this Spitfire MJ271 or G IRTY as she is also known built more than 70 years ago as a short range interceptor fighter then went on to fly round the world MJ271 was sent to its first frontline unit 118 Squadron which was then based at RAF Detling in Kent as part of the 2nd Tactical Air Force on 18 February 1944 While at Detling MJ271 took part in a total of sixteen operations More sorties followed with other squadrons and with pilots from many Allied nationalities at the controls Though undertaking many offensive sorties in a reconfigured dive bomber role over occupied territory and suffering Category B damage MJ271 survived the war She was handed over to the Royal Netherlands Air Force eventually being sold to the War Museum at Delfzijl and then on to other organizations It was during this period that MJ271 acquired her silver finish Her last move was to Boulton Flight Academy now Spitfires com in 2016 It was there that the idea grew of attempting something which had never been achieved before to fly a Spitfire around the world On 5 August 2019 MJ271 set off from Goodwood aerodrome the former Battle of Britain fighter station then known as RAF Westhampnett on its record breaking flight This unique event saw the Silver Spitfire cover a staggering 43 000 kilometers in a total of 74 legs through twenty four countries flying across Greenland and the Atlantic to the United States via New York Las Vegas and California The Spitfire then flew north before heading westward into Russia and to Japan before making its way across the rest of Asia After a set of brief stopovers in the Middle East it flew across Europe to return to the UK Told through a panoply of astounding photographs each stage of the Silver Spitfire s remarkable history and unrivaled world tour is displayed in this beautiful tribute to this great icon of British engineering and pioneering spirit The Silver Spitfire Tom Neil, 2013-02-28 A brilliantly vivid Second World War memoir by one of the Few Spitfire fighter pilots Following the D Day landings Battle of Britain hero Tom Neil was assigned as an RAF liaison to an American fighter squadron As the Allies pushed east Neil commandeered an abandoned Spitfire as his own personal aeroplane Erasing any evidence of its provenance and stripping it down to bare metal it became the RAF s only silver Spitfire Alongside his US comrades he took the silver Spitfire into battle until with the war s end he was forced to make a difficult decision Faced with too many questions about the mysterious rogue fighter he contemplated increasingly desperate measures to offload it including bailing out mid Channel He eventually left the Spitfire at Worthy Down never to be seen again THE SILVER SPITFIRE is the first hand gripping story of Neil s heroic experience as an RAF fighter pilot and his reminiscences with his very own personal Spitfire **The Silver Spitfire** Roger Harvey, 1991 Dandelion Gavin Hoffen, 2010-04 Who do you run to when everyone is after you If youthful estate agent Edward Hamilton Hammy thought the most he had to worry about was turning up late for work with a raging hangover then

To the Spitfire John Shelton,2023-04-16 R J Mitchell at Supermarine is the definitive account of the life of Britain s best known aeronautical engineer Shelton calls upon unpublished letters extensive press accounts and updated material from his previous publications concentrating particularly on the harsh conditions of Mitchell s apprentice years the precarious state of the aircraft firm he joined and moments of good fortune of which he took advantage He was a chancer as well as a methodical developer of mainly slow flying seaplanes Mitchell s progress from draughtsman with no formal training in aeronautical design to internationally known chief designer is charted through a chronological study of his designs revealing a formidable work ethic with a complex personality that combined dreams and common sense It will also be shown how the success of his high speed Schneider Trophy designs propelled him reluctantly into public attention and how his anxiety for his pilots safety matched an equal concern that his designs should not let down an expectant nation Later expectations on him to produce a killer fighter were equally daunting and the outcome was often uncertain but details of colleagues accounts highlight the essential and unique contribution of R J s experience and drive to the eventual appearance of the iconic Spitfire

The River in the Sky Clive James, 2018-10-16 In this deracinated age appears a miraculous epic that pays homage to Dante and Camus Few people read Poetry any more but I still wish to write its seedlings down if only for the lull of gathering no less a harvest season for being the last time writes Clive James in his epic poem The River in the Sky What emerges from this lamentation is a soaring epic of exceptional depth and overwhelming feeling all the more extraordinary given its appearance in an age when the heroic poem seems to have disappeared from contemporary literature Among James's many talents is his uncanny ability to juxtapose references to early twentieth century poets with offbeat humor and flyaway cultural observations Dwight Garner New York Times or allusions to the adagio of Beethoven's Ninth Symphony contrasted with references to YouTube's vast cosmopolis Whether recalling his Australian childhood or his father's clean white headstone in a Hong Kong cemetery James's autobiographical epic ultimately helps us define the meaning of life

Flying, Fighting and Reflection Peter Jacobs, 2018-09-30 This is the thrilling account of the last remaining Battle of Britain ace fighter pilot Tom Ginger Neil Neil was one of an elite band nicknamed The Few by Winston Churchill he flew Hurricanes during 141 combat missions in that battle and went on to command the first Spitfire XII squadron during 1942-43 as the RAF went on the offensive in north west Europe In this the only full account of Neil's life to be published in collaboration with his family we learn how he became a poster boy for the war effort and how he credits his sixth sense for keeping him alive during the Second World War There was however one terrifyingly close brush with death when in 1940 he had a mid air collision with another Hurricane With the rear section of his aircraft gone the plane was out of control and hurtling to the ground yet somehow he managed to bail out and miraculously survived with only a minor leg injury As well as RAF service during the Siege of Malta Wing Commander Neil who is now in his late nineties also served with the Americans during the D Day landings During his career Neil was awarded two Distinguished Flying Crosses for the destruction of at least fourteen enemy aircraft and was a successful test pilot after the war before commanding a jet fighter reconnaissance squadron in Egypt's troubled Canal Zone during the 1950s for which he was awarded the Air Force Cross With contributions from the man himself this book also looks at his life after the RAF and his career as a successful author For military buffs and novices alike it is a must read account of a true war hero
